

**Justification for Nonmaterial/Nonsubstantive Change  
(0938-1016)**

We uploaded a revised version of CMS-10169B. There was a typographical error on page 5 of 6. The old version made a reference to 42 CFR 424.5. The correct reference is 42 CFR 424.57. Nothing else has changed with respect to burden or with respect to any of the other information on the forms for this collection.
