Producers
1651-0086

A. Justification

1. The collection of information is required to implement the Continued Dumping and Subsidy Offset Act of 2000 (19 U.S.C. 1675c). This Act prescribes the administrative procedures, including the time and manner, under which antidumping and countervailing duties assessed on imported products would be distributed to affected domestic producers that petitioned for or supported the issuance of the order or finding under which the duties were assessed. The amount of any distribution afforded to these domestic producers is based upon certain qualifying expenditures that they incur after the issuance of the order or finding. This distribution is known as the continued dumping and subsidy offset and is found in the CBP regulations under 19 CFR 159.63.
