Dear Governor (Full Name of Governor):

The U.S. Census Bureau invites your state to participate in the 2010 Decennial Census Local Update of Census Addresses (LUCA) Program. Every ten years, the Census Bureau conducts a census of the population and housing of the United States. Census data drive redistricting decisions and directly affect the distribution of more than \$200 billion in federal funds each year. We are requesting your help to ensure that the Census Bureau's address list is as accurate as possible for your state. Because the address list is the basis for enumeration, using your knowledge to improve it is the most important step you can take toward every person in your state being counted.

The LUCA Program, authorized by the Census Address List Improvement Act of 1994 (Public Law 103-430), provides state, local, and tribal governments the opportunity to review and update the Census Bureau's address list. The 2010 Census marks the first time that the Census Bureau is inviting state-level governments to participate in the LUCA Program. If you choose to participate in the LUCA Program, you will be able to:

- Review and update the Census Bureau's address list products for your entire state, or you may elect to focus your review on selected areas within your state; or
- Submit your state's address list to the Census Bureau in the Census Bureau specified computer-readable format; and/or
- Review and update the geographic features in the Census Bureau's geographic database.

The enclosed flyer, *Will Your Community Be Ready for the 2010 Decennial Census Local Update of Census Addresses (LUCA) Program?*, provides an overview of the LUCA Program. The flyer answers questions that may assist your state in deciding whether to participate in this program.

Also enclosed are the Registration Form, the Participation Option/Product Preference Form, the Confidentiality and Security Guidelines, the Confidentiality Agreement Form, the Self-Assessment checklist, and two computer-based training (CBT) CD-ROMs. One CBT CD-

ROM provides background and instructions on participating in the LUCA Program. The second CBT CD-ROM contains instructional information on the Census Bureau's MAF/TIGER Partnership Software (available free of charge to LUCA Program participants), a geographic information software application that allows your state to update both the Census Bureau's address list materials and map information.

If your state chooses to participate, please do the following:

- Choose a LUCA Program participation option and complete the Participation Option/Product Preference Form.
- Complete and sign the Registration Form.
- Designate a LUCA Program liaison and reviewers. (The liaison and all reviewers must sign the Confidentiality Agreement for Option 1 and Option 2).
- Ensure that the LUCA Program liaison completes and signs the Self-Assessment Checklist (required for participation in Option 1 and Option 2).

If your state has an active State Data Center, Federal/State Cooperative Program for Population Estimates, and/or Geographic Information System (GIS) coordinator, these established Census Bureau partners may be good candidates for involvement in your LUCA effort.

We will supply your LUCA materials as soon as possible after we receive your completed registration forms. You have 120 days from the date you receive your LUCA materials to complete your review and submit your address list changes. We will accept registrations up until **December 31, 2007**, but can guarantee the full 120-day review period only for governments registering by **November 19, 2007**.

Please return all forms to the Census Bureau as soon as possible in the enclosed postage-paid envelope. If you have any questions regarding the LUCA Program, please contact your Census Bureau Regional Office by telephone at (RO Phone Number) or via e-mail at (RO e-mail address).

We look forward to working with you.

Sincerely,

Charles Louis Kincannon  
Director
