17 A. DETAILED COST OF MATERIALS, PARTS, AND SUPPLIES

Report:

Delivered cost of individual items listed below. Delivered cost is the amount paid or payable after discounts and including freight and other direct charges incurred by the establishment in acquiring the materials. The figures reported should represent the total purchase cost of supplies, minerals received for preparation, machinery installed, etc., actually used or processed during 2007. Include purchases, interplant transfers, and withdrawals from inventories. If the data are not available from your records, reasonable estimates are acceptable.

Quantities in the unit of measure specified.

Estimated quantity and cost of coal received for processing on a custom or toll basis, as if purchased.

Coal mined and also processed at this establishment in **17B** only.

Include:

Coal received for processing which was used or processed in 2007.

Items listed below whether charged to current or capital accounts.

Cost of items for which less than \$25,000 worth was used in "All other supplies," line 17.

Supplies purchased by this establishment for use by companies performing contract work at this establishment.

Exclude:

Associated labor costs of the kind reported in **7** and **16**, line A5.

Payments made for contract services performed, including payments for supplies and equipment furnished by the contractor incidental to this work.
