A. JUSTIFICATION

1. Need for the Information Collection

The collection of this information by AFRS IMT 1437, Personal Interview – USAF Health Professions Applicant, is required to determine initial qualifications for commissioning into the Air Force, and to record processing actions and results until entry on active duty. AFRS Instruction 36-2001, Recruiting Procedures for the Air Force, provides the recruiting procedures. Headquarters Air Force Recruiting Services recruits and processes all applicants for appointment into Health Professions from the civilian community. Field recruiters utilize the form to ascertain an applicant’s qualifications for appointment and desired duty assignments if selected for the Air Force. AETC Form 1402 is obsolete as of January 2006 and no longer required.

2. Use of Information

Headquarters Air Force Recruiting Service recruits and processes all applicants for appointment into Health Professions from the civilian community. Field recruiters utilize these forms to ascertain an applicant’s qualification for appointment in the Air Force and desired duty assignments.

3. Use of Technology

Currently no areas have been identified for the improvement of information technology in this forms area. However, this form is currently available to the public in an electronic version from the Air Force forms web site.

4. Non-duplication

The Air Force constantly monitors the forms used in its accession programs to avoid duplication of effort and to streamline its procedures. No other Air Force or Department of Defense office collects or maintains this data on applicants. Currently there are no similar information sources available that can be utilized to assimilate the required information.

5. Burden on Small Business

The collection of this information does not impact small businesses.

6. Less Frequent Collections

If this information were not collected, Air Force efforts to screen prospective applicant qualifications and determining future assignment would be severely hampered.

7. Paperwork Reduction Act Guidelines

There are no special circumstances. The collection of information will be conducted in a manner consistent with the guidelines in 5 CFR 1320.5(d)(2).

8. Consultation and Public Comments

Notice has been made in Volume 72, No. 23, page 5274, dated Monday, February 5, 2007, Federal Register (copy attached). No comments were received. In the past, the Air Force has had no complaints concerning the information collected.

9. Gifts or Payments

No payments or gifts will be made to respondents.

10. Confidentiality

The collection of information complies with the Privacy Act of 1974.

11. Sensitive Questions

There are no questions of a sensitive nature requested.

12. Respondent Burden and Costs

Burdens and Annualized Cost Information:

Approximately 3,600 respondents will complete the form which will take approximately 30 minutes. The form supports Health Professions Recruiting and is required for each applicant.

Estimated Respondents:	3600
Response Time:	30 minutes
Response Frequency:	Once per application
Burden Hours:	1800

Individual burden hour is based on past observation.

Estimated Total Annualized Cost to respondent in time:

1,800 hours x \$61.98 per hour average = \$111,564 per year.

13. Cost of Respondent Burden

There will be no additional cost burden to respondents. There are no capital or start-up costs associated with this information collection. Respondents will not need to purchase equipment or services to respond to this collection.

14. Annual Cost to the Government

Estimated annualized cost to the Government: Since the form is available off the internet and printing is on an as needed basis, cost is minimal for printing. Estimated personnel expenses are estimated at \$ 4,860.00.

AF Recruiter - \$20.25 per hour x .5 hours x 3,600 respondents = \$36,450.00.

15. Reasons for Change of Information

This request of OMB clearance is an extension of a currently approved collection of information. The reduction in burden is due to the burden decrease of 1800 hours because AETC Form 1402 is no longer used.

16. Collections of Information

Results of this collection of information will not be published.

17. Expiration Date

The Air Force is not seeking an exception to displaying the date.

18. Certification Statement

No exceptions to the certification statement are requested.

B. COLLECTIONS OF INFORMATION EMPLOYING STATISTICAL METHODS:

Collections of Information Employing Statistical Methods. The collection of this information does not employ statistical methods.
