

Justification
[Docket Number DEA-284, RIN 1117-AB11]

The change to this information collection reflects the additional burden associated with implementation of the DEA rule entitled "Elimination of Exemptions for Chemical Mixtures Containing Ephedrine and/or Pseudoephedrine" [Docket no. DEA-284, RIN 1117-AB11]. Although the sale of dietary supplements containing these List I chemicals has been banned by the Food and Drug Administration, there may be legitimate uses for these chemical mixtures. The change to this information collection reflects those potential impacts.
