## Grants.gov Submission Procedures and Tips for Applicants

**To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.**

1. **Register Early** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the registration steps are complete. For detailed information on the registration steps, go to [www.grants.gov/applicants/get\\_registered.jsp](http://www.grants.gov/applicants/get_registered.jsp). **Note:** Your organization will need to update its Central Contractor Registry (CCR) registration annually.
2. **Submit Early** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date and time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30 pm on the deadline date. **Note:** To submit successfully, you must provide the D-U-N-S number on your application that was used when your organization registered with the CCR.
3. **Verify Submission is OK** – You will want to verify that Grants.gov and the Department of Education received your Grants.gov submission timely and that it was validated successfully. To see the date and time your application was received, log in to Grants.gov and click on the Track My Application link. For a successful submission, the date and time received should be earlier than 4:30 p.m. (Washington, DC time) on the deadline date, and the application status should be Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date and time received is later than 4:30 p.m. (Washington, D.C. time) on the closing date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site ([www.grants.gov/help/submit\\_application\\_faqs.jsp#10](http://www.grants.gov/help/submit_application_faqs.jsp#10)). For more detailed information on why an application may be rejected, please review the Application Error Tips document ([www.grants.gov/section910/ApplicationErrorTips.pdf](http://www.grants.gov/section910/ApplicationErrorTips.pdf)). If you discover your application is late or has been rejected, please see the instructions below.

**Note:** You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

## **Submission Problems – What should you do?**

If you have problems submitting to Grants.gov before the deadline date, contact Grants.gov Customer Support at 800/518-4726 or use the customer support available on the Web site ([www.grants.gov/applicants/applicant\\_help.jsp](http://www.grants.gov/applicants/applicant_help.jsp)).

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30 p.m. (Washington, DC time), unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. See the Federal Register notice for detailed instructions.

## **Helpful Hints When Working with Grants.gov**

Please note that once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit the application. You must provide on your application the D-U-N-S number that was used when your organization registered with the CCR.

Please go to [www.grants.gov/applicants/applicant\\_help.jsp](http://www.grants.gov/applicants/applicant_help.jsp) for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on Grants.gov ([www.grants.gov/help/submit\\_application\\_faqs.jsp](http://www.grants.gov/help/submit_application_faqs.jsp)).

## **Dial-Up Internet Connections**

**When using a dial-up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection (e.g. cable modem/DSL/T1). While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial-up connection. If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application**

deadline date. See the Federal Register notice for detailed instructions.

## MAC Users

If you do not have a Windows operating system, you will need to use the Citrix solution discussed on Grants.gov or a Windows Emulation program to submit an application using Grants.gov. For additional information, review the FAQs for non-Windows users ([www.grants.gov/resources/download\\_software.jsp#non\\_window](http://www.grants.gov/resources/download_software.jsp#non_window)). To view the white paper for Macintosh users published by Pure Edge, go to [www.grants.gov/section678/PureEdgeSupportforMacintosh.pdf](http://www.grants.gov/section678/PureEdgeSupportforMacintosh.pdf) or contact Grants.gov Customer Support ([www.grants.gov/contactus/contactus.jsp](http://www.grants.gov/contactus/contactus.jsp)) for more information. If electronic submission is required and you are concerned about your ability to submit electronically as a non-Windows user, please follow the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. See the Federal Register notice for detailed instructions.
