

The National Hunger Clearinghouse

Database Form

To be included in the National Hunger Clearinghouse, please complete the following database survey form.

PURPOSE

The National Hunger Clearinghouse is administered by World Hunger Year (WHY) under contract from the U.S. Department of Agriculture's Food and Nutrition Service. The purpose is to foster connections and information sharing among thousands of groups working on hunger, food, nutrition and other agricultural issues by compiling information in one central location. To accomplish this, the Clearinghouse is asking organizations and businesses to fill out this simple database form. Information from this form will be entered into the Clearinghouse's national database and will be available free of charge by phone, fax, or the Internet. Because of the diversity of organizations, all categories may not apply to your group.
