

Transition WORKS Voluntary Participation Consent

I understand that:

- I have been asked to be in a research study because I get benefits from Social Security. The study is called Transition WORKS.
- The purpose of the study is to learn how youth with disabilities can improve their educational and employment outcomes and become more independent adults.
- The information may help others in the future. The study may or may not make it easier for me to become independent. Up to 800 youth in Erie County will be in the study.
- Mathematica Policy Research, Inc. (MPR) is doing the study. The Social Security Administration (SSA) is paying for the study.
- There is no cost to me to be in the study.
- I answered questions on the telephone on [DATE]. If I agree to be in the study, the researchers may use my answers. If I do not want to be in the study, the researchers will destroy my answers. If I decide not to be in the study, nothing will happen to the benefits I get now.
- All the answers that I gave on [DATE] or give in the future will:
 - (1) be kept confidential. Confidential means that the data will be kept as private as possible. MPR, Transition WORKS, and Social Security will share the information they collect about me with each other to evaluate the program and to help me transition into adult life and be as self sufficient as I can be.
 - (2) be protected by the Privacy Act. Information about the Privacy Act is at the end of this form.
 - (3) be used for research purposes. I still have to report my earnings directly to SSA just as if I were not part of the study. This is so SSA can determine my benefits.
- If I agree to be in the study, these things will happen:
 - (1) I will have a chance to take part in Transition WORKS. This 24-month program includes:
 - Exploring career, educational, and social opportunities
 - Helping me find and keep a job that matches my abilities and goals in life
 - Helping me continue my education after high school
 - Benefits counseling for me and my parents
 - Organizational training for me and my parents

- (2) MPR will randomly select youth to see who gets to participate in Transition WORKS. Selecting randomly is like a lottery or tossing a coin. It is a fair way to make sure that everyone who wants to has a fair chance of participating.
 - (3) If I am selected and enroll in Transition WORKS, I will also be able to use special waiver rules. These rules are listed at the end of this form.
 - (4) MPR will ask me to answer questionnaires two more times—one year from now, and three years from now. Even if I agree to be in the study today, I do not have to answer questions in the future.
 - (5) MPR will send me a \$10 Target gift card to say “thank you” every time I answer their questions in the future. This money will not change the benefits I receive from Social Security.
 - (6) If I am selected to participate in Transition WORKS, from time to time staff will ask me or my parents questions about my experience or observe me or my parents to evaluate the program.
 - (7) The researchers will look at records they get from Social Security and other places such as my school, Unemployment Insurance, Food Stamps, and TANF. They may look at records through 2010.
- I do not have to take part in this project and there is no penalty for dropping out whenever I choose.
 - If I have any questions about this study, I can call Karen CyBulski at MPR. Her number is 609-936-2797 or 800-951-7357. If I am deaf or hard of hearing, I can call 877-542-6734 (TTY).
 - I can keep a blank copy of this form.

About the Privacy Act:

The Social Security Administration is allowed to collect the information asked for while you participate in the Youth Transition Demonstration Project under section 1110 of the Social Security Act. We use the information to decide what services would best help you. You do not have to give us this information. However, if you do not, we will be unable to offer you services.

There are certain situations authorized by Federal law in which Social Security may release the information you give us through this project. For example, we will release the information to a congressional office in response to an inquiry that office may make at your request or to an evaluation contractor hired by Social Security to evaluate the project.

Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security Offices. If you want to learn more about this, contact any Social Security Office.

YTDP Waivers from SSA:

- If I receive benefits from Social Security and a continuing disability review or age-18 medical redetermination finds that I am no longer entitled to benefits, Social Security will continue to pay benefits to me.
- If I receive benefits from Social Security or become eligible for such benefits while participating in the Youth Transition Demonstration Project, Social Security also will apply the following special rules in determining my eligibility and benefit amount:
 - In determining Supplemental Security Income (SSI) eligibility and payment amount, Social Security will apply the student earned income exclusion to earnings regardless of my age.
 - In determining SSI eligibility and payment amount, Social Security will disregard the first \$65 plus three-fourths (instead of one-half) of any earnings over \$65 if those earnings are not covered by the student earned income exclusion.
 - Social Security will apply the SSI rules for individual development accounts (IDAs) that involve Federal funds to IDAs that do not involve Federal funds. That is, any earnings I deposit to the account will not count as income, matching deposits will not count as income, and the IDA will not count toward the SSI resources limit.
 - Ordinarily, a plan for achieving self-support (PASS) must specify an occupational goal at the outset. For participants in the Youth Transition Demonstration Project, Social Security will approve an otherwise satisfactory PASS that specifies either career exploration or post-secondary education as its goal. If the goal is post-secondary education, an occupational goal must be specified at least one year before completion of course requirements.

This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take about 5 minutes to read the instructions, gather the facts, and answer the questions. *You may send comments on our time estimate above to: SSA, 6401 Security Blvd, Baltimore, MD 21235-6401. **Send only comments relating to our time estimate to this address, not the completed form.*** The valid OMB control number for this information collection is 0960-0687.

Statement of Consent for the Study

I understand that:

- I have been asked to be in a research study because I get benefits from Social Security. The study is called Colorado Youth WINS.
- The purpose of the study is to learn how youth with disabilities become as independent as they can. The information may help others in the future. The study may or may not make it easier for me to become independent. Up to 1,000 Colorado youth will be in the study.
- Two groups are doing the study: Mathematica Policy Research, Inc. (MPR) and Colorado WIN Partners. Colorado WIN Partners is part of the University of Colorado at Denver and Health Sciences Center. The Social Security Administration (SSA) is paying for the study.
- There is no cost to be in the study. Nothing harmful will happen to me because I am in the study. There may be risks that the researchers have not thought of.
- I answered questions on the telephone on [DATE]. If I agree to be in the study, the researchers may use my answers. If I do not want to be in the study, the researchers will destroy my answers. No one will be mad at me if I decide not to be in the study. If I decide not to be in the study, nothing will happen to the benefits I get now.
- All the answers that I gave on [DATE] or give in the future will:
 - (1) be kept confidential. Confidential means that the data will be kept as private as possible. Information about me will be shared by MPR, Colorado Youth WINS, and SSA. If information is shared with others, it will not be connected with my name.
 - (2) be protected by the Privacy Act. Information about the Privacy Act is at the end of the form.
 - (3) be used for research purposes. I still have to report my earnings directly to SSA just like I would if I were not part of the study. This is so SSA can determine my benefits.
- If I agree to be in the study, four things will happen:
 - (1) The researchers at MPR will give me a chance to get support from Colorado Youth WINS. The support will be from a team of three people who will help me get services, understand my benefits, explore career choices, and get a job. If I am selected and enroll in Colorado Youth WINS, I will also be able to use special rules. These special rules will protect the benefits I get from Social Security. MPR will select youth at random to see who gets the

extra support. Selecting at random is like a lottery or tossing a coin. It is a fair way to make sure that everyone who wants to get the extra support has a fair chance of getting it.

- (2) MPR will ask me to answer questions two more times—one year from now, and three years from now. I can answer those questions by telephone or in-person. Even if I agree to be in the study today, I do not have to answer questions in the future.
 - (3) MPR will send me a \$10.00 gift card to say “thank you” for answering questions. This money will not affect the benefits I receive from Social Security.
 - (4) If I agree, the researchers will look at records from Social Security and other agencies such as the Division of Vocational Rehabilitation (DVR), Unemployment Insurance Wage Records, Colorado Temporary Assistance to Needy Families (TANF), Colorado Food Stamps, Colorado Workforce Database (Job Link), Local Community Center Board (CCB), or Colorado Department of Environment and Health. I will be asked to sign another form telling the researchers which agency records they can look at. They may look at records until September 30, 2009.
- I do not have to take part in this project and there is no penalty for not volunteering or for dropping out whenever I choose.
 - If I have any questions about this study, I can call Karen CyBulski at MPR. Her number is 609-936-2797 or 800-951-7357. If I am deaf or hard of hearing, I can call 877-542-6734 (TTY).
 - If I have questions about my rights as someone in this study, I can call the Colorado Multiple Institutional Review Board (COMIRB). The number is 303-724-1055.
 - I can keep a blank copy of this form.
