**Instructions for Re-Ordering
Eagle Parts for Native American Religious Purposes**

IMPORTANT: Use this Re-Order Request (Form 3-200-15B) **only** if you already have a permit to possess eagle carcasses, parts, and feathers from the National Eagle Repository (Repository). If you do not already have a permit, do **not** use this form. Instead, you need to apply to your Regional Migratory Bird Office that serves the State where you live. See instructions on page 3 under “Applying for a Permit.”

The U.S. Fish and Wildlife Service administers the Bald and Golden Eagle Protection Act, the primary Federal law protecting bald and golden eagles. This law provides for the use of eagle parts and feathers for religious purposes by Native Americans. Eagle carcasses, parts, and feathers are accumulated by, and made available to Native Americans through, the Repository. **In order to receive material from the Repository, you must first obtain a permit from the Service Regional Migratory Bird Permit Office responsible for your State.** You only need to obtain a single permit. That one permit will authorize all future shipments of eagle carcasses, parts, and feathers from the Repository. **Once you have that permit, you may make future requests directly to the Repository using this form each time. If you do not have a permit yet, see the instructions on page 3 under “Applying for a Permit.”**

The Repository serves Native Americans throughout the entire 50 states. Shipments are prioritized according to the date the Repository receives a completed Re-Order Request form. You can avoid delays in the processing of your Re-Order Request by ensuring that the information you provide is complete and legible. We must have your current address and telephone number for the Repository to contact you when your request is ready to be filled. *****IMPORTANT: Notify the Repository at (303) 287-2110 if you change your address or telephone number.** The Repository will not ship any orders without prior telephone contact.

Because the supply of eagle carcasses, parts, and feathers is limited, **you may have only one request pending at a time, and you may not request both a whole bird and additional parts in the same request.** Requests for whole carcasses average 2½ to 4 years to fill (shorter wait for bald eagles, longest wait for immature golden eagles). Requests for loose feathers can usually be filled between 3 and 6 months. **An order for parts may not exceed the equivalent of a whole bird.** A request for 10 quality feathers includes 8 wing feathers, two tail feathers. Please refer to page 3 for descriptions of different eagle parts and feathers.

Use this Re-Order Request (Form 3-200-15B) only if you already have a permit. (If you do not have a permit yet, see instructions below.) When filling it out, make sure you request either a whole bird or parts. Do not ask for both. **Be sure to fill in your permit number.** You do not need to resubmit your Certification of Enrollment. Mail the Reorder Request to:

**National Eagle Repository
Building 128
Rocky Mountain Arsenal
Commerce City, CO 80022**

IMPORTANT: Notify the Repository at (303) 287-2110 if you change your address or telephone number. The Repository will not ship any eagles, feathers, or parts without prior telephone contact.
