**2008**

**Comprehensive Premium Payment Instructions**  
**Pension Benefit Guaranty Corporation**

---

To All Plan Administrators:

Enclosed are instructions for paying premiums to the Pension Benefit Guaranty Corporation (PBGC) for the 2008 plan year. As a result of the Pension Protection Act of 2006 (PPA 2006) and amendments to the premium regulations, there are significant changes from last year. We encourage you to read this entire booklet.

Here are the key items to note for 2008:

- *New comprehensive filing.* The previous final filing forms (Form 1-EZ and Form 1/Schedule A) are being replaced by one new comprehensive filing. See “Data to be Submitted” section.
- *Changes in the flat-rate premium to reflect inflation.* The inflation-adjusted per-participant flat-rate premium for 2008 is **\$31** for single-employer plans and **\$8** for multiemployer plans. [Note – if there is no change to the premium rate, the heading of this item will be modified.]
- *Change in the filing due date structure.* As a result of regulatory changes, the due date is either the same as it was under the 2007 rules or later. See “When to File” section.
- *Changes in how the variable-rate premium is calculated and reported.* See “How to Determine Unfunded Vested Benefits” and “Description of Data Elements” sections.
- *Booklet format.* The format of this booklet has changed substantially. (See the Table of Contents for an overview.) Note that contact information has been moved to Appendix 2.

To help with the transition to the new PPA 2006 requirements, we have provided information in this booklet and on our Web site ([www.pbgc.gov](http://www.pbgc.gov)). To view online information on PPA 2006 and other premium-related information, go to the Practitioners Page and click on the applicable link, e.g., “What’s New,” “Online premium filing (My PAA),” and “Premium forms and instructions.”

Starting with 2009 — the third year electronic premium filing is required for all plans — premium instructions will no longer be mailed to practitioners unless specifically requested. Premium instructions will continue to be available on our Web site and within PBGC’s e-filing application, My Plan Administration Account (My PAA).

For all premium-related inquiries, please call our toll-free practitioner number, 1-800-736-2444, and select the “premium” option, or e-mail us at [premiums@pbgc.gov](mailto:premiums@pbgc.gov). If you have a complaint about the service you have received or still need assistance after calling our practitioner number, please contact our Problem Resolution Officer at 1-800-736-2444, ext. 4136 (202-326-4136 for local calls) or by e-mail at [practitioner.pro@pbgc.gov](mailto:practitioner.pro@pbgc.gov).

Charles E. F. Millard  
Interim Director  
Pension Benefit Guaranty Corporation

## Contact information can be found in Appendix 2

### **Reminder to Single-employer Plans About Reportable Events**

The Plan Administrator or contributing sponsor may have to notify PBGC about certain events, such as a 20% reduction in active participants, bankruptcy, insolvency, or similar settlements with creditors, or excess distributions to a substantial owner within a 12-month period. For a complete list of reportable events, go to the Practitioners Page of PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)).

In most cases, notice is required within 30 days after the Plan Administrator or contributing sponsor knows or has reason to know that an event has occurred. In certain cases involving privately-held companies or controlled groups whose pension plans have aggregate unfunded vested benefits of more than \$50 million, the contributing sponsor (but not the Plan Administrator) must notify PBGC 30 days before the effective date of certain events. See section 4043 of ERISA and PBGC's regulation on Reportable Events and Certain Other Notification Requirements (29 CFR Part 4043). (From time to time, we also publish technical guidance on our Web site ([www.pbgc.gov](http://www.pbgc.gov)), about reportable events filing obligations.) Failure to give PBGC timely notice may result in assessment of penalties under section 4071 of ERISA.

NOTE: PBGC provides Form 10 and Form 10-ADV for notifying PBGC of reportable events. These forms can be downloaded from PBGC's Web site.

# **Customer Service Plan for Plan Administrators**

---

## **What is Our Mission?**

The Pension Benefit Guaranty Corporation (PBGC) encourages a stable, adequately funded system of private pension plans and provides responsive, timely, and accurate services to participants in insured plans, Plan Administrators, Plan Sponsors, and other pension practitioners.

## **Who Are Our Customers and What Services Do We Provide?**

As a Plan Administrator of a pension plan that pays premiums to PBGC, you are one of PBGC's principal customers. In administering the premium collection program, we:

- Collect premiums from covered plans;
- Issue annual premium instructions;
- Answer questions from Plan Administrators, Plan Sponsors, and other practitioners about premium payments;
- Process premium-related requests, including requests for refunds and administrative changes;
- Issue past due filing notices and statements of account (premium invoices), as appropriate;
- Make decisions on requests for reconsideration of agency determinations in the premium administration area.

Of course, our dealings with Plan Administrators, Plan Sponsors, and other pension practitioners go beyond premium collections. Should a defined benefit pension plan terminate, as either a standard or a distress termination, you have dealings with PBGC to bring the case to closure.

## **Our Service Pledge**

Our customers deserve our best effort as well as our respect and courtesy.

On the first call from you, our customer, we will say —

- what we can do immediately and what will take longer,
- when it will be done, and
- who will handle your request.

In addition,

- We will call you if anything changes from what we first said, give you a status report and explain what will happen next.
- We will have staff available from 8:00 a.m. to 5:00 p.m. Eastern Time to answer your calls. If you leave a message, we will return the call within one workday.
- We will acknowledge your letter within one week of receipt.

## **Customer Service Plan for Plan Administrators**

---

### **Survey Results and Service Improvement Efforts** *Note: this may change based on more recent survey results*

The most recent customer satisfaction survey of premium filers shows increased satisfaction with our service and the lowest-ever level of practitioner complaints. We are pleased with this improvement, but also note that you would like us to continue to improve both customer care and the timeliness of premium refunds, two areas we will continue to focus on.

Our new premium accounting system is expected to contribute to faster resolution of questions and timelier invoices and notices (e.g., statements of account). We also expect premium e-filing via My PAA (My Plan Administration Account) to contribute to more accurate and timely filings, plan account histories, and notices. We are pleased to note that those of you who e-filed in 2006 gave positive ratings for "ease of making a premium filing" similar to those who used paper filings. We hope that our efforts will mean a positive experience for you whenever and however you interact with PBGC. We continue to seek ways to make our processes more responsive to the needs of the practitioner community. If you have any comments, questions or complaints, please contact us by telephone, fax or e-mail (see Appendix 2).

## Introduction and What's New

---

### Introduction

Payment of premiums to the Pension Benefit Guaranty Corporation (PBGC) is required by sections 4006 and 4007 of the Employee Retirement Income Security Act of 1974 (ERISA), and PBGC's Premium Regulations (29 CFR Parts 4006 and 4007). You can find these regulations by going to the Practitioners Page of PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)).

There are two kinds of annual premiums: the Flat-rate Premium, which applies to all plans, and the Variable-rate Premium, which applies only to Single-employer Plans.

Every covered plan under ERISA section 4021 must make a premium filing each year. The due dates for these filings vary based on Plan Size. See "When to File" section.

Electronic filing is mandatory for all plans. My Plan Administration Account (My PAA) is a secure Web-based application that enables pension plan professionals to electronically submit premium filings to PBGC in accordance with PBGC's regulations. Electronic filings may be prepared using My PAA's data entry screens or with compatible private-sector software. See "How to File" section for more information. For more information on e-filing options, see Appendix 3.

PBGC may grant exemptions from the electronic filing requirement for good cause in appropriate circumstances. See Appendix 5 for information on how to request an exemption and what to do if an exemption is granted.

This document provides information for plans paying premiums for plan years beginning in 2008, including instructions for each data element that must be reported. (Filing instructions for Large Plans paying an estimate of the 2008 Flat-rate Premium are contained in a separate document.)

Your premium filing will be considered improper if it is not made in accordance with the Premium Regulations and instructions in this document, if you do not make any required premium payment, or if your filing is otherwise incomplete.

### *Defined terms*

Appendix 1 provides definitions for terminology used throughout this document. In general, the defined terms are capitalized to signal the reader to refer to Appendix 1 for more information. However, the convention of capitalizing the defined terms is not followed for a few defined terms such as "participant", "we," "you," and "your."

### *How to Obtain Instructions*

It is the responsibility of the Plan Administrator to obtain the necessary instructions and submit filings on time. The easiest way to get the most current information and instructions for premium filings is to go to the Practitioners Page on PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)). In addition, if you use My PAA to create or import filings, instructions for each data item are available by clicking the instructions link by the item.

### What's New

As a result of The Pension Protection Act of 2006 ("PPA 2006"), our amended Premium Regulations (29 CFR Parts 4006 and 4007), and changes to the instructions provided in this document, there are several changes that first apply to 2008 premium filings. The key changes include:

- A change in the filing due date structure (see "When to File" section).

## Introduction and What's New

---

- Several changes in how the Variable-rate Premium is calculated:
  - The assumptions and methods used to determine unfunded vested benefits have been modified (see “How to Determine Unfunded Vested Benefits” section);
  - The measurement date for purposes of calculating unfunded vested benefits has changed (see definition of UVB Valuation Date);
  - The alternative calculation method and the modified alternative calculation method are no longer available;
  - An option has been added (for some plans) to pay an estimated Variable-rate Premium and then reconcile at a later date without being subject to a penalty for late payment (see “When to File” and “Correcting Filings and Reconciling Estimates” sections);
  - Some of the Variable-rate Premium exemptions applicable for years before 2008 (including the full funding limit exemption) are no longer available; and
  - The accrued benefit relief rules are no longer available.
- An explanation of when certain benefits are considered vested (see “How to Determine Unfunded Vested Benefits” section).
- A change in reporting requirements for plans that are eligible for the Variable-rate Premium cap (i.e., plans sponsored by certain small employers) — instead of requiring that both the uncapped and capped amount be reported and premiums be paid on the lesser of the two amounts, such plans may choose to report and pay the Variable-rate Premium based solely on the cap (see “Description of Data Elements” section, item 7b).
- A new rule requiring that an explanation be included with any amended filing that reports a lower premium than what was reported in the original filing unless the reduction is due solely to reconciling an estimated Variable-rate Premium (see “Correcting Filings and Reconciling Estimates” section).
- Changes to the rules on recordkeeping and audits to clarify and strengthen those rules (for current rules, see the section on “Recordkeeping Requirements; PBGC Audits”).

## Who Must File

---

### All Covered Plans Must File

The Plan Administrator of each pension plan covered under ERISA section 4021 is required annually to file the prescribed premium information and pay the premium due in accordance with PBGC's Premium Regulations and instructions.

Most private-sector defined benefit plans that meet tax qualification requirements are covered. If you are uncertain whether your plan is covered, you should promptly request a coverage determination. Note that a request for a coverage determination does not extend the due date for any premium that is finally determined to be due.

If your plan is covered, you must make a premium filing even if no premium is owed.

### One Plan, Or More Than One?

If several unrelated employers participate in a program of benefits wherein the funds attributable to each employer are available to pay benefits to all participants, then there is a single Multiemployer or Multiple-employer Plan and the Plan Administrator must file and pay premiums for the plan as a whole. Separate filings and premiums cannot be submitted for each individual employer.

If several employers participate in a program of benefits wherein the funds attributable to each employer are available only to pay benefits to that employer's employees, then there are several plans (one for each employer) and the Plan Administrator must file and pay premiums separately for the plan of each individual employer.

If separate plans are maintained for different groups of employees, regardless of whether each is maintained by the same employer or by employers that are part of the same controlled group, then the Plan Administrator(s) must file and pay premiums separately for each plan.

### When Filing Obligation Ceases

You must continue to make premium filings and pay premiums through and including the plan year in which any of the following occurs:

- Plan assets are distributed in satisfaction of all Benefit Liabilities pursuant to the plan's termination.
- A trustee is appointed for the plan under ERISA section 4042.
- The plan disappears by transferring all its assets and liabilities to one or more other plans in a Merger or Consolidation.
- The plan ceases to be a covered plan under ERISA section 4021.

The following examples illustrate when the filing obligations ceases:

*Example 1* — A calendar-year plan terminates in a standard termination with a termination date of September 30, 2007. On April 7, 2008, assets are distributed in satisfaction of all Benefit Liabilities. The Plan Administrator must file and make the premium payments for the 2007 and 2008 plan years.

*Example 2* — A plan with a plan year beginning July 1 and ending June 30 terminates in a distress termination with a termination date of April 28, 2008. On July 7, 2008, a trustee is appointed to administer the plan under ERISA section 4042. Premium filings and payments must be made for this plan for both the 2007 and 2008 plan years, because a trustee was not appointed until after the beginning of the 2008 plan year.

## When to File

---

### General

This section describes when premium filings are due. A filing includes both the submission of required data and the payment of any required premium. In general, if a filing is not made by the due date, late payment charges will apply. Late payment charges include both interest charges and penalty charges. See “Late Payment Charges” section for more information on the ramifications of missing a deadline.

The date by which a filing must be made varies depending on the number of participants for whom premiums were owed in the prior plan year. In addition, special rules apply if:

- The plan year has been changed since last year,
- The plan is a New or Newly-covered Plan,
- The due date falls on a weekend or Federal Holiday, or
- Disaster relief has been granted.

Each of these situations is discussed below.

### Filing Due Dates for Pre-existing Plans with no change in plan year

This section describes filing due dates for the most common situation — plans that are neither New Plans nor Newly-covered Plans and had no change in plan year since the prior plan year.

For these plans, the filing due dates vary based on the Plan Size. For this purpose, Plan Size is based on the number of participants for whom premiums were payable for the plan year preceding the Premium Payment Year.

- Small Plans (prior year participant count - fewer than 100) — Both the Flat-rate Premium and the Variable-rate Premium are due the last day of the 16<sup>th</sup> full calendar month following the end of the plan year preceding the Premium Payment Year (e.g., April 30, 2009, for 2008 calendar-year plans).
- Mid-size Plans (prior year participant count - 100 or more but fewer than 500)
  - Flat-rate Premium — The due date is the 15<sup>th</sup> day of the 10<sup>th</sup> full calendar month in the plan year (e.g., October 15, 2008, for 2008 calendar-year plans).<sup>1</sup>
  - Variable-rate Premium — The due date is the 15<sup>th</sup> day of the 10<sup>th</sup> full calendar month in the plan year.<sup>1</sup> However, if the Premium Funding Target is not yet known, an estimated Variable-rate Premium may be paid, and an amended filing made at a later date to reconcile the final Variable-rate Premium with the estimate. Note that this reconciliation date is the same date all premiums are due for Small Plans (e.g., April 30, 2009, for 2008 calendar-year plans).

For rules related to estimating and reconciling Variable-rate Premiums, see the “Correcting Filings and Reconciling Estimates” section. For information on how to avoid late payment penalties if an estimated Variable-rate Premium is paid on the due date, see “*Automatic Penalty Waiver for Late Variable-Rate Premiums – Large and Mid-size Plans*” in the “Late Payment Charges” section. Note – there is no way to avoid interest charges on late payments.

---

<sup>1</sup> Technically, the due date is the 15<sup>th</sup> day of the 10<sup>th</sup> full calendar month following the end of the plan year preceding the Premium Payment Year. In situations involving a short plan year, this due date may not be “in the plan year.”

## When to File

- Large Plans (prior year participant count - 500 or more)
  - Flat-rate Premium — The due date is the last day of the 2<sup>nd</sup> full calendar month in the plan year (e.g., the last day of February for calendar-year plans).<sup>2</sup> However, if the final Flat-rate Premium is not known by that time, an estimate may be paid, and a reconciliation filing made at a later date to reconcile the final Flat-rate Premium with the estimate. Note that for plans that pay a Variable-rate Premium, this reconciliation date is the same date the Variable-rate Premium is due.

For rules related to estimating and reconciling Flat-rate Premiums, see the “Correcting Filings and Reconciling Estimates” section. For information on how to avoid late payment penalties if an estimated Flat-rate Premium is paid on the due date, see “Automatic Penalty Waiver for Late Flat-rate Premiums – Large Plans” in the “Late Payment Charges” section. Note – there is no way to avoid interest charges on late payments.

- Variable-rate Premium — Same as for Mid-size Plans. See above.

Because Plan Size for due date purposes is based on the participant count for the prior plan year, a New Plan or a Newly-covered Plan is not considered a Small, Mid-size or Large Plan for this purpose (regardless of how many participants are in the plan). Thus, the above rules do not apply to New or Newly-covered Plans. See “Filing Due Dates for New and Newly-covered Plans” below. There are also special due date rules for pre-existing plans changing plan years. See “Filing Due Dates for Plans Changing Plan Years” below.

The following table uses a calendar-year plan to illustrate the due date information explained above:

Filing Due Dates for Pre-existing Calendar-Year Plans <sup>a</sup>				
Plan Size	Flat-rate Premium	Reconciliation of estimated Flat-rate Premium <sup>b</sup>	Variable-rate Premium	Reconciliation of estimated Variable-rate Premium <sup>b</sup>
Small	April 30 <sup>th</sup> after year-end	N/A	April 30 <sup>th</sup> after year-end	N/A
Mid-size	October 15 <sup>th</sup> during year	N/A	October 15 <sup>th</sup> during year	April 30 <sup>th</sup> after year-end
Large	February 28 <sup>th</sup> during year	October 15 <sup>th</sup> during year	October 15 <sup>th</sup> during year	April 30 <sup>th</sup> after year-end

- a. Table assumes none of the dates shown are Saturdays, Sundays, or Federal Holidays, and that there has been no change in the plan year.
- b. If certain conditions are met, late payment interest charges will apply, but late payment penalties will not. See “Late Payment Charges” section.

*Example* — Consider a pre-existing calendar-year plan that had 525 participants on December 31, 2006 and 490 participants on December 31, 2007.

Because the participant count was 500 or more as of the Participant Count Date (formerly called “snapshot date”) for the 2007 Premium Payment Year (i.e., 12/31/2006), the plan is considered a Large Plan for the 2008 Premium Payment Year and the 2008 Flat-rate Premium is due on February 29, 2008 (the Large Plan Flat-rate Premium due date). For 2008, the Flat-rate Premium

<sup>2</sup> Technically, the due date is the last day of the 2<sup>nd</sup> full calendar month following the end of the plan year preceding the Premium Payment Year. In situations involving a short plan year, this due date may not be “in the plan year.”

## When to File

due is based on 490 participants (the participant count on 12/31/2007). The fact that premiums are due for fewer than 500 participants for 2008 does not negate the fact that the early Flat-rate Premium due date applies for 2008.

However, for the 2009 Premium Payment Year, the plan will be considered a Mid-size Plan (because 2008 premiums were due for more than 100 and fewer than 500 participants). Therefore, for 2009, the Flat-rate Premium is not due until October 15, 2009.

The following table shows the due dates for pre-existing plans for the 2008 Premium Payment Year (assuming there has been no change in the plan year).

2008 Filing Due Dates				
Premium Payment Year Begins	Large Plans		Mid-size Plans	Small Plans
	Flat-rate Premium <sup>a</sup>	Variable-rate Premium <sup>b</sup>	Flat-rate and Variable-rate Premium <sup>b</sup>	Flat-rate and Variable-rate Premium
1/1/2008	02/29/2008	10/15/2008	10/15/2008	04/30/2009
01/02 - 02/01/2008	03/31/2008	11/17/2008 <sup>c</sup>	11/17/2008 <sup>c</sup>	06/01/2009 <sup>c</sup>
02/02 - 03/01/2008	04/30/2008	12/15/2008	12/15/2008	06/30/2009
03/02 - 04/01/2008	06/02/2008 <sup>c</sup>	01/15/2009	01/15/2009	07/31/2009
04/02 - 05/01/2008	06/30/2008	02/17/2009 <sup>c</sup>	02/17/2009 <sup>c</sup>	08/31/2009
05/02 - 06/01/2008	07/31/2008	03/16/2009 <sup>c</sup>	03/16/2009 <sup>c</sup>	09/30/2009
06/02 - 07/01/2008	09/02/2008 <sup>c</sup>	04/15/2009	04/15/2009	11/02/2009 <sup>c</sup>
07/02 - 08/01/2008	09/30/2008	05/15/2009	05/15/2009	11/30/2009
08/02 - 09/01/2008	10/31/2008	06/15/2009	06/15/2009	12/31/2009
09/02 - 10/01/2008	12/01/2008 <sup>c</sup>	07/15/2009	07/15/2009	02/01/2010 <sup>c</sup>
10/02 - 11/01/2008	12/31/2008	08/17/2009 <sup>c</sup>	08/17/2009 <sup>c</sup>	03/01/2010 <sup>c</sup>
11/02 - 12/01/2008	02/02/2009 <sup>c</sup>	09/15/2009	09/15/2009	03/31/2010
12/02 - 12/31/2008	03/02/2009 <sup>c</sup>	10/15/2009	10/15/2009	04/30/2010

- If the estimated Flat-rate Premium is reported and paid by this date, the late payment penalty charge (but not the late payment interest charge) may be waived if certain requirements are met. See *“Automatic Penalty Waiver for Late Flat-rate Premiums – Large Plans”* in the *“Late Payment Charges”* section.
- If the estimated Variable-rate Premium is reported and paid by this date, the late payment penalty charge (but not the late payment interest charge) may be waived if the variable-rate reconciliation filing is made by the date shown in the *“Small Plans”* column.
- The actual due date falls on a Saturday, Sunday or Federal Holiday, so the date shown above is the first business day following the actual due date. See *“Late Payment Charges”* section for information on how late charges are determined if filing is made after the date shown in the table.

## When to File

---

### Filing Due Dates for New and Newly-covered Plans

New Plans and Newly-covered Plans are not classified as Small, Mid-size or Large Plans because those classifications are based on the number of participants for whom premiums were payable for the plan year preceding the Premium Payment Year. Therefore, special due dates rules apply to these first time filers. For New Plans and Newly-covered Plans, both the Flat-rate Premium and the Variable-rate Premium are due on the later of:

- The last day of the 16<sup>th</sup> full calendar month that began on or after the first day of the Premium Payment Year (in the case of a Newly-covered Plan) or that began on or after the effective date (in the case of a New Plan), or
- 90 days after the Plan Adoption Date.

The following examples show how the filing rules work for plans filing for the first time.

*Example 1* — A new calendar-year plan was adopted and effective on January 1, 2008, and had 650 participants on that date. Although there are more than 500 participants, the plan is not considered a Large Plan for 2008 because Plan Size is based on the number of participants for whom 2007 premiums were required to be paid. Because the plan is a New Plan, the 2008 Flat-rate Premium is not due on February 29, 2008 (the Flat-rate Premium due date applicable for pre-existing Large Plans). Instead, the plan would be required to pay its Flat-rate and Variable-rate Premiums by April 30, 2009. As a New Plan, its 2008 Participant Count Date is January 1, 2008 (the first day of the plan year), so the 2008 Flat-rate Premium is based on a participant count of 650 as of January 1, 2008.

In 2009, this plan will be considered a Large Plan because the participant count for the 2008 Premium Payment Year was above 500. As a Large Plan, the 2009 Flat-rate Premium will be due on March 2, 2009.<sup>3</sup> Note that this is before the date 2008 premium payments are due (April 30, 2009). The 2009 Variable-rate Premium will be due on October 15, 2009.

*Example 2* — A New Plan is adopted on December 1, 2008, and has a July 1 - June 30 plan year. The plan became effective for benefit accruals for future service on December 1, 2008. The filing due date for the plan's first year (December 1, 2008 through June 30, 2009) is March 31, 2010, regardless of the participant count on the Participant Count Date (December 1, 2008).

*Example 3* — A professional service employer maintains a plan with a calendar plan year. If this type of plan has never had more than 25 active participants since September 2, 1974, it is not a covered plan under ERISA section 4021. On October 18, 2008, the plan, which always had 25 or fewer active participants, has 26 active participants. It is now a covered plan and will continue to be a covered plan regardless of how many active participants the plan has in the future. Note that the Premium Payment Year begins on January 1, 2008, even though the plan did not become covered until after that date. The due date for the plan's first premium filing is April 30, 2009 (the last day of the 16th full calendar month that began on or after the first day of the Premium Payment Year).

### Filing Due Dates for Plans Changing Plan Years

For a plan that changes its plan year, the filing due dates for the short year are unaffected by the change in plan year. For the first plan year under the new cycle, the due date is whichever is later:

- 30 days following the date on which a plan amendment changing the plan year was adopted, or
- The date the filing would otherwise be due.

---

<sup>3</sup> The actual due date, February 28, 2009, is a Saturday.

## When to File

---

The following examples show the due dates for plans changing plan years.

*Example 1* — By plan amendment adopted on December 1, 2008, a Small Plan changes from a plan year beginning January 1 to a plan year beginning June 1. This results in a short plan year beginning January 1, 2008, and ending May 31, 2008. Both the Flat-rate and Variable-rate Premiums for the short plan year are due April 30, 2009.

For the new plan year beginning June 1, 2008, the due date for the Flat-rate and Variable-rate Premium is the date the filing would otherwise be due (September 30, 2009) because that is later than 30 days after the date the plan amendment changing the plan year was adopted (December 31, 2008).

*Example 2* — By plan amendment adopted on January 7, 2009, and made retroactively effective to April 1, 2008, a Mid-size Plan changes from a plan year beginning on March 1 to a plan year beginning on April 1. For the March 1, 2008 — March 31, 2008 short plan year, both the Flat-rate and Variable-rate Premium are due December 15, 2008. For the new plan year beginning April 1, 2008, the due date for the Flat-rate Premium and Variable-rate Premium is 30 days after the adoption of the plan amendment changing the plan year (February 6, 2009) because that is later than the date the premium would otherwise be due (January 15, 2009).

*Example 3* — By plan amendment adopted on July 8, 2008, and made retroactively effective to May 1, 2008, a Large Plan changes from a plan year beginning February 1 to a plan year beginning May 1. The plan has always had 500 or more participants. For the February 1, 2008 — April 30, 2008 short plan year, the Flat-rate Premium is due March 31, 2008, and the Variable-rate Premium is due November 17, 2008.<sup>4</sup>

For the new plan year beginning May 1, 2008, the due date for the Flat-rate Premium is 30 days after the adoption of the plan amendment changing the plan year (August 7, 2008) because that is later than the date the Flat-rate Premium would otherwise be due (June 30, 2008).

The Variable-rate Premium for the first plan year in the new cycle is due on the date the Variable-rate Premium would otherwise be due (February 17, 2009)<sup>5</sup> because that is later than 30 days after the adoption of the plan amendment (August 7, 2008).

### Saturday, Sunday, and Federal Holidays

If your premium filing due date falls on a Saturday, Sunday or Federal Holiday, the due date is extended automatically to the next business day. However, if your premium payment is filed after the extended due date, interest and penalties will be computed from the actual (unextended) due date. See “Late Payment Charges” section.

*Example* — The Flat-rate and Variable-rate Premium for a Small Plan with a plan year beginning on July 1, 2008, normally would be due on October 31, 2009. Because that day is a Saturday, the due date is Monday, November 2, 2009. If the filing is made after November 2, 2009, interest and penalty charges will be computed from October 31, 2009.

**Note regarding Disaster Relief** — From time to time PBGC grants disaster relief by waiving late filing and payment penalties for certain plans that are unable to meet the filing deadline as a result of a major disaster (e.g., a hurricane). Disaster Relief Announcements are available on PBGC’s Web site ([www.pbgc.gov](http://www.pbgc.gov)).

---

<sup>4</sup> The actual due date, November 15, 2008, is a Saturday.

<sup>5</sup> The actual due date, February 15, 2009, is a Sunday and the following day, February 16, 2009, is a Federal Holiday.

## **When to File**

---

### **Additional information**

You can find detailed rules about filing due dates in PBGC's filing, issuance, computation of time, and record retention regulation (29 CFR Part 4000). You can access this regulation through the Practitioners Page of PBGC's Web site ([www.pbpc.gov](http://www.pbpc.gov)).

## How to File

---

### General

To make a complete premium filing, you must report certain required data and submit any required premium payment. There are two types of filings:

- Estimated Flat-rate Premium filings for Large Plans required to pay the Flat-rate Premium early in the year, and
- Comprehensive premium filings for all other purposes.

A comprehensive premium filing is used to report:

- The Flat-rate Premium and related data (all plans),
- The Variable-rate Premium and related data (Single-employer Plans), and
- Additional data such as identifying information and miscellaneous plan-related or filing-related data (all plans).

For Large Plans, the comprehensive premium filing also serves to reconcile an estimated Flat-rate Premium paid earlier in the year.

A list of the data that must be reported in a comprehensive premium filing is included in the “Data to be Submitted” section. For simplicity, the required data elements are shown in a traditional “form” format. The purpose of the “form” included in this document is to provide a comprehensive list of data that must be submitted electronically. This “form” is for illustrative purposes only; you may not submit your filing using a paper form unless you request and receive an exemption from e-filing.

Depending on how you choose to prepare electronic filings (My PAA data entry screens or private sector software), the order in which the questions are asked may differ from the order shown on the form. In addition, in some cases, the software may perform certain calculations instead of requiring that you manually enter each required data element.

The form included in this document illustrates the data to be included in a comprehensive premium payment filing. It replaces the prior Form 1-EZ, Form 1 and Schedule A. Information on how to file an estimated Flat-rate Premium filing is contained in a separate document.

This document provides instructions as if they related to the illustrative form. These instructions describe the information you must report in your comprehensive premium filing. If you use My PAA’s data entry and editing screens, instructions are available on-line.

### Instructions (and Forms) for Prior Years

If you are filing for a previous year, you must follow the instructions for that year, and if you make a paper filing, you must use the prior year’s form(s). Prior years’ instructions and forms are available on PBGC’s Web site ([www.pbgc.gov](http://www.pbgc.gov)). You may also obtain the instructions and form(s) by contacting us.

### Filing method

Electronic premium filing is mandatory for all plans. PBGC may grant an exemption from the requirement to make a premium filing electronically for good cause in appropriate circumstances. If you want to request an exemption or have been granted an exemption from e-filing, see Appendix 5 for information related to paper filings.

## **How to File**

---

Electronic premium filing is done through PBGC's e-filing application, My Plan Administration Account (My PAA), which you access through the Practitioners Page of PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)).

You may prepare the filing directly using My PAA's data entry screens. Alternatively, you may use private-sector software to prepare a filing and then "import" the data into My PAA's editing screens or "upload" the filing via My PAA. That means the software you use must be compatible with My PAA. In other words, the software must be able to place your filing in an electronic file that is in "XML" format and meets PBGC specifications.

Appendix 3 provides an introduction to My PAA. PBGC's Web site provides detailed information about My PAA.

### **Paying premiums**

Although e-filing of premium information through My PAA is mandatory, premium payments may be made either within My PAA or outside of My PAA. If you choose to pay within My PAA, you may pay by a electronic funds transfer using automated clearing house (ACH), by electronic check or by credit card. If you pay outside of My PAA, you may pay by electronic funds transfer (ACH or Fedwire) or paper check.

Additional information on payment options is included in Appendix 3.

## How to Count Participants

---

### General

Plan participants must be counted because Flat-rate Premiums are based on the number of participants. In addition, the number of participants for the prior plan year affects when a filing for the current plan year is due (see “When to File” section).

The rules on when and how to count participants have not changed. However, there has been a change in terminology. For years before 2008, the date on which participants are counted for premium purposes was called the “premium snapshot date.” Beginning in 2008, this date is called the “Participant Count Date.”

### Participant Count Date

The Participant Count Date is the last day of the plan year preceding the Premium Payment Year except as follows:

- If the plan is a New Plan, the Participant Count Date is the first day of the Premium Payment Year (i.e., the effective date).
- If the plan is a Newly-covered Plan, the Participant Count Date is the first day of the Premium Payment Year. This is the case even if the plan first became covered under ERISA section 4021 after the first day of the Premium Payment Year.
- If the plan is the transferee plan in a Merger or the transferor plan in a Spinoff to a New Plan, and the transaction meets the conditions described below, the Participant Count Date is the first day of the Premium Payment Year. A plan Merger or Spinoff (as defined in the regulations under section 414(l) of the Code) is covered by this rule if:
  - a Merger is effective on the first day of the transferee (the continuing) plan’s plan year, or a Spinoff is effective on the first day of the transferor plan’s plan year, and
  - the Merger or Spinoff is not *de minimis*, as defined in the regulations under section 414(l) of the Code with respect to Single-employer Plans, or in PBGC’s regulation under ERISA section 4231 (29 CFR Part 4231) with respect to Multiemployer Plans.

The following examples illustrate the determination of the Participant Count Date.

*Example 1* — An ongoing plan changes its plan year from a calendar year to a plan year that begins June 1, effective June 1, 2008. The Participant Count Date for the:

- January 1, 2008 – May 31, 2008 plan year is December 31, 2007,
- June 1, 2008 – May 31, 2009 plan year is May 31, 2008.

*Example 2* — A new calendar-year plan is adopted February 18, 2009, retroactively effective as of January 1, 2008. The Participant Count Date is January 1, 2008.

*Example 3* — A new calendar-year plan is adopted January 1, 2008, effective April 1, 2008. The Participant Count Date is April 1, 2008.

*Example 4* — Plan A has a calendar plan year and Plan B has a July 1 - June 30 plan year. Effective January 1, 2008, Plan B merges into Plan A (and the Merger is not *de minimis*). Because the Merger occurred on the first day of Plan A’s 2008 plan year, Plan A’s Participant Count Date for the 2008 Flat-rate Premiums is January 1, 2008. Note that the participant count includes Plan A participants that used to be covered by Plan B.

*Example 5* — Plan A has a calendar plan year. Effective January 1, 2008, Plan A spins off assets and liabilities to form a New Plan, Plan B (and the Spinoff is not *de minimis*). Plan A’s Participant

## How to Count Participants

---

Count Date is January 1, 2008. (Plan B's Participant Count Date also is January 1, 2008, since it is a New Plan that became effective on that date.)

*Example 6* — A calendar-year plan that was not covered plan under ERISA section 4021 becomes covered on May 31, 2008. The first day of the Premium Payment Year is January 1, 2008, and the Participant Count Date is January 1, 2008.

### participant

For premium purposes, "participant" means an individual (whether active, inactive, retired, or deceased) with respect to whom the plan has Benefit Liabilities. Beneficiaries and alternate payees are not counted as participants. However, a deceased participant will continue to be counted as a participant if there are one or more beneficiaries or alternate payees who are receiving or have a right to receive benefits earned by the participant.

An individual is not counted as a participant after all Benefit Liabilities with respect to the individual are distributed through the purchase of irrevocable commitments from an insurer or otherwise. In addition, a non-vested individual is not counted as a participant after:

- A deemed "zero-dollar cashout,"
- A one-year break in service under plan rules, or
- Death.

### Cashouts

If the plan has a separate cashout provision for zero benefits, terminated non-vested participants are deemed to be cashed out as of the date specified in the deemed cashout provision or, if no date is specified, as of the employment termination date. If the plan provides that zero benefit amounts will be deemed to be paid as soon as possible, terminated non-vested participants also will be deemed to be cashed out as of the employment termination date.

If the plan does not have a separate cashout provision for zero benefits, but does have a mandatory cashout of small benefit amounts (e.g., benefits less than \$5,000), terminated non-vested participants are deemed to be cashed out in the same manner as terminated vested participants. If the plan is silent as to the timing of actual cashouts of terminated vested participants, the plan is deemed to read "as soon as practicable" and the terminated non-vested participants are deemed to be cashed out immediately upon termination of employment. If the plan specifies a date as of which actual cashouts of terminated vested participants take place (e.g., on the first day of the next month), that rule also would apply to deemed cashouts of terminated non-vested participants. These rules do not apply if, despite plan language, the plan has an obvious pattern or practice of delaying distributions for long periods of time.

*Example* — Suppose a calendar-year plan provides that if a participant terminates employment and the participant's vested benefit has a value of less than \$5,000, the plan will pay the vested benefit to the participant in a lump sum as of the first of the month following termination of employment. Suppose further that no plan provisions specifically address payment of benefits upon termination of employment by non-vested participants. If a participant with a non-vested accrued benefit terminates employment on December 15, 2007, the participant will be included in the participant count as of December 31, 2007 (because the cashout is deemed to occur on January 1, 2008, the first of the month following termination of employment). If, as is typically the case for a calendar-year plan, the plan's Participant Count Date for 2008 is December 31, 2007, a Flat-rate Premium must be paid for this participant for 2008.

## How to Count Participants

---

### Breaks in service

A non-vested individual ceases to be a participant for premium purposes when the individual incurs a one-year break in service under the plan.

Note that if the break in service occurs in a service computation period that coincides with the plan year preceding the Premium Payment Year, we treat the individual as not being a participant for purposes of determining the premium for the Premium Payment Year.

*Example 1* — A calendar-year plan with five-year vesting provides that a participant who performs 500 or fewer hours of service in a service computation period incurs a one-year break in service as of the last day of the computation period. The plan also provides that the annual service computation period begins on the anniversary of a participant's date of hire.

Consider an employee who was hired on December 1, 2005, and terminates employment on February 1, 2007. Further assume that this participant does not perform more than 500 hours of service during the December 1, 2006 — November 30, 2007 computation period. This participant incurs a one-year break in service on November 30, 2007. Since the break occurred before December 31, 2007 (the Participant Count Date for the 2008 premium), the individual would not be included in the participant count for 2008.

*Example 2* — A calendar-year plan provides that a participant who performs 500 or fewer hours of service in a service computation period incurs a one-year break in service as of the last day of the computation period. The plan also provides that the annual service computation period is the calendar year.

Consider a non-vested employee who does not perform more than 500 hours of service during the 2007 calendar-year computation period. This participant incurs a one-year break in service on December 31, 2007. Although the break occurs on the Participant Count Date for the 2008 premium, the individual would not be included in the participant count for 2008.

### Comparison to Form 5500

The participant count for premium purposes for the Premium Payment Year and the participant count for item 7 of Form 5500 for the plan year preceding the Premium Payment Year (e.g., the 2008 premium filing and the 2007 Form 5500) are generally determined as of the same date (i.e., the last day of the plan year preceding the Premium Payment Year). However, the two participant counts may differ. For example:

- For premium purposes, individuals who are earning or retaining credited service but with respect to whom a plan has no Benefit Liabilities are not counted as participants. But individuals who are earning or retaining credited service are considered to be participants for purposes of item 7 of the Form 5500, even if the plan has no Benefit Liabilities with respect to them.
- There is a difference in the break-in-service rules that apply to the participant count for premium purposes and to item 7 of Form 5500. For purposes of item 7 of Form 5500, whether a non-vested individual is excluded from the participant count because of a break in service depends upon the plan language; under the provisions of most plans, the instructions for item 7 would require that a separated non-vested individual be counted as a participant until the individual has incurred five or more consecutive one-year breaks in service. For premium purposes, on the other hand, a non-vested individual is excluded from the participant count because of a break in service when the individual has incurred a one-year break in service under the terms of the plan.

## How to Determine Unfunded Vested Benefits

---

### General

“Unfunded vested benefits” is the term used to describe the underfunding measure on which the Variable-rate Premium is based. For Variable-rate Premium purposes, unfunded vested benefits means the excess, if any, of:

- The Premium Funding Target, over
- The fair market value of plan assets.

This section describes how the Premium Funding Target and fair market value of plan assets are determined for this calculation.

Both the Premium Funding Target and the fair market value of assets are measured on the funding valuation date (i.e., the measurement date for determining the minimum required contribution) for the Premium Payment Year. For premium purposes, this date is called the UVB Valuation Date to distinguish it from the Participant Count Date (see “How to Count participants” section).

### Premium Funding Target

The Premium Funding Target is the liability measure underlying the UVB calculation. It is determined the same way the funding target is determined under ERISA section 303 (minimum funding requirements) except that only vested benefits are included, and a special premium discount rate structure is used. With the exception of the discount rate structure, all other assumptions must be identical to those used to determine the minimum required contribution under ERISA section 303. However, you may make an election (irrevocable for five years) to use the same discount rates used to determine the minimum required contribution instead of the special premium discount rates. Different terminology is used to describe the Premium Funding Target depending on whether this election is in effect.

- **Standard Premium Funding Target** — This term describes the Premium Funding Target that applies unless the above-noted election is in effect. The discount rates used to determine the Standard Premium Funding Target are the segment rates for the month preceding the month in which the Premium Payment Year begins that are determined in accordance with ERISA section 4006(a)(3)(E)(iv). For example, the December 2007 rates are used for a Premium Payment year beginning in January 2008.

The ERISA section 4006(a)(3)(E)(iv) segment rates are based on the same bond yields as used to determine the segment rates for the ERISA section 303 funding target. However, for funding purposes, the yields are averaged over 24 months, whereas under ERISA section 4006(a)(3)(E)(iv), the yields are not averaged. The segment rates needed to calculate a Standard Premium Funding Target are published monthly in the Federal register and on the Practitioners Page of PBGC’s Web site ([www.pbgc.gov](http://www.pbgc.gov)).

- **Alternative Premium Funding Target** — This term describes the Premium Funding Target if the above-noted election is made. In this case, the discount rates are identical to the rates used to determine the ERISA section 303 funding target for the Premium Payment Year. Thus, if an election is made under:
  - ERISA section 303(h)(2)(D)(ii) to use the full yield curve instead of the three segment rates for purposes of determining the minimum required contribution, that same yield curve is used to determine the Alternative Premium Funding Target;
  - ERISA section 303(h)(2)(E) to use one of the four months preceding the valuation date as the “applicable month,” instead of the month containing the valuation date, for determining which month’s rates to use, that same month’s rates are used to determine the Alternative Premium Funding Target;

## How to Determine Unfunded Vested Benefits

- ERISA section 303(h)(2)(G)(iv) to disregard the transition rule phasing into the new segments rates from the prior current liability discount rate for 2008 and 2009, the transition rule is also disregarded when determining the Alternative Premium Funding Target.

Since all of the assumptions used to determine the Alternative Premium Funding Target are the same as those used to determine the funding target under ERISA section 303, the Alternative Premium Funding Target is equal to the vested portion of the ERISA section 303 funding target.

The following table compares the various 2008 funding targets for a calendar-year plan with a January 1 valuation date:

	ERISA section 303	Standard Premium Funding Target	Alternative Premium Funding Target
Benefits reflected in calculation	All benefits earned or accrued as of the beginning of the plan year	Vested portion of benefits included in ERISA § 303 Funding Target	Vested portion of benefits included in ERISA § 303 Funding Target
Discount rate basis	<ul style="list-style-type: none"> <li>▪ 3 segments based on 24-month average of high-quality corporate bond yield curve (phased-in over 3 years)</li> <li>▪ Options               <ul style="list-style-type: none"> <li>- Disregard phase-in</li> <li>- Use full yield curve, no phase-in or averaging</li> </ul> </li> </ul>	3 segments based on high-quality corporate bond yield curve (no averaging)	Whatever is used for ERISA § 303
Which month's yield curve?	<ul style="list-style-type: none"> <li>▪ January 2008</li> <li>▪ Options – December 2007, November 2007, October 2007, September 2007</li> </ul>	December 2007	Whatever is used for ERISA § 303
Mortality	<ul style="list-style-type: none"> <li>▪ As prescribed by Treasury</li> <li>▪ Option – with Treasury approval, a plan-specific table</li> </ul>	Whatever is used for ERISA § 303	Whatever is used for ERISA § 303
All other assumptions	Based on actuary's expectations with some prescribed modifications if plan is at-risk	Whatever is used for ERISA § 303	Whatever is used for ERISA § 303

An election to use the Alternative Premium Funding Target cannot be revoked for five years. In other words, if you elect to use this alternative for the 2008 Premium Payment Year, you must also use it for the 2009, 2010, 2011, and 2012 Premium Payment Years. You may revoke the election for the 2013 Premium Payment Year or any year after 2013. But, until an election is officially revoked, it remains in place. If you do not elect to use this method for 2008, you may elect it in a subsequent year.

## **How to Determine Unfunded Vested Benefits**

---

*Note about vested benefits* — For premium purposes, a benefit does not fail to be considered vested solely because it is not protected under Code section 411(d)(6) and thus may be eliminated or reduced by the adoption of a plan amendment or by the occurrence of a condition or event (such as a change in marital status). Such a benefit is vested for premium purposes (if the other requirements for vesting have been met) so long as the benefit has not actually been eliminated or reduced. In addition, certain benefits payable upon a participant's death do not fail to be considered vested solely because the participant is still living. The benefits to which this rule applies are a qualified pre-retirement survivor annuity, a post-retirement survivor annuity such as the annuity paid after a participant's death under a joint-and-survivor or certain-and-continuous option, and a benefit that returns a participant's accumulated mandatory employee contributions.

### **Fair Market Value of Plan Assets**

The asset measure underlying the UVB calculation is determined the same way assets are determined under ERISA section 303 except that any averaging method adopted for funding purposes is disregarded for premium purposes. For premium purposes, the market value of assets is measured on the UVB Valuation Date and adjusted to account for contribution receipts using the same methodology as is used for funding purposes.

#### *Adjustments for prior year contributions*

- If contributions for the prior plan year are made after the UVB Valuation Date, the market value is increased to reflect such contributions.
- Interest adjustments
  - For Premium Payment Years beginning in 2008, no discounting is required. The entire amount contributed is included in the market value of assets as of the UVB Valuation Date.
  - For Premium Payment Years beginning after 2008, prior year contributions are discounted to the UVB Valuation Date, using the effective interest rate for the plan year for which the contributions were made. The effective interest rate is the rate determined under ERISA section 303(h)(2)(A) for minimum funding purposes.
- Prior year contributions are included only to the extent received by the plan by the date of a premium filing.

#### *Adjustments for current year contributions*

If contributions for the current plan year are made before the UVB Valuation Date, the market value is decreased to exclude the adjusted value of these current year contributions. For this adjustment, current year contributions made before the UVB Valuation Date are increased to the UVB Valuation Date using the ERISA section 303(h)(2)(A) effective interest rate for the current plan year.

Note – this can happen only if the UVB Valuation Date is after the beginning of the plan year.

#### *Comparison to asset value reported on Schedule SB*

In general, the asset value used to determine unfunded vested benefits is identical to the market value of assets reported in the 2008 Schedule SB (item 2a). The only situation in which the amounts would differ is if a premium filing is made before the premium filing due date and prior year contributions are made after premium filing is made (and thus not included in assets).

Amended filing

## 2008 PBGC Comprehensive Premium Filing

Disaster Relief (enter code) \_\_\_ - \_\_\_

### Part I — General Plan Information

**1 Plan sponsor information** Check for name/address change

a Name \_\_\_\_\_  
b Address line 1 \_\_\_\_\_  
c Address line 2 \_\_\_\_\_  
d City \_\_\_\_\_ e State \_\_\_\_\_ f Zip \_\_\_\_\_ g Country (if not U.S.) \_\_\_\_\_  
h Six digit business code \_\_\_\_\_ i First six digits of CUSIP number \_\_\_\_\_

**2 Plan administrator information** Check if same as plan sponsor and skip to item 3 Check for name/address change

a Name \_\_\_\_\_  
b Address line 1 \_\_\_\_\_  
c Address line 2 \_\_\_\_\_  
d City \_\_\_\_\_ e State \_\_\_\_\_ f Zip \_\_\_\_\_ g Country (if not U.S.) \_\_\_\_\_

**3 Plan information**

a Plan name \_\_\_\_\_  
b Premium payment year information:  
(1) This filing is for the premium payment year commencing \_\_\_/\_\_\_/\_\_\_\_\_ and ending \_\_\_/\_\_\_/\_\_\_\_\_.  
(2) If the plan year commencement date has changed since the most recent PBGC filing, enter the adoption date of the plan year change \_\_\_/\_\_\_/\_\_\_\_\_.  
(3) Check box if plan qualifies to pay a prorated premium for this premium payment year (i.e., if plan has less than a full year of coverage).  
c Employer Identification Number and Plan Number information:  
(1) EIN and PN: EIN \_\_\_\_\_ PN \_\_\_\_\_  
(2) If the EIN and PN are not **both** the same as on the most recent premium filing, enter EIN and PN from most recent premium filing: EIN \_\_\_\_\_ PN \_\_\_\_\_. Otherwise, skip to item 3c(3).  
(3) If the EIN and PN are not **both** the same as on the 2007 Form 5500, enter EIN and PN from 2007 Form 5500 and provide explanation: EIN \_\_\_\_\_ PN \_\_\_\_\_. Otherwise, skip to item 3d.  
d Plan type: Multiemployer Single-employer (including multiple-employer plans)  
e Plan size (based on prior year participant count): Small (fewer than 100) Mid-size (100-499) Large (500 or more)  
N/A; first year's filing

**4 Plan contact** Name: \_\_\_\_\_ Phone number: \_\_\_ - \_\_\_ - \_\_\_ ext \_\_\_\_\_  
E-mail address \_\_\_\_\_

### Part II— Alternative Premium Funding Target Election

*Single-employer plans only. Multiemployer plans – skip to Part III*

**5** Check box to indicate that the plan is electing to use the alternative premium funding target instead of the standard premium funding target, effective beginning with this premium payment year and for all subsequent premium years unless and until it is subsequently revoked.  
Note that an election cannot be revoked for any premium payment year that begins less than five calendar years after the date the premium payment year reported in this filing begins. If an election is currently in effect, do not make an election again.

# Data to be Submitted

## Part IV — Miscellaneous Information

*Items that do not apply should be left blank*

- 13 Final filing** — If this is the last filing for this plan, enter the date of event \_\_/\_\_/\_\_\_\_ and check box that best describes why filing obligation is ceasing: Merger/Consolidation    Trusteeship    Distribution pursuant to termination    Cessation of covered status
- 14 New and newly covered plans** — If this filing is for a new plan or a newly-covered plan, report the plan effective date \_\_/\_\_/\_\_\_\_, the adoption date \_\_/\_\_/\_\_\_\_ and the date the plan became covered under ERISA §4021 \_\_/\_\_/\_\_\_\_.
- 15 Transfers from other plans** — If another plan transferred assets or liabilities to this plan since the most recent comprehensive premium filing, provide the following information with respect to each plan from which assets or liabilities were transferred (if transfer involved a new or newly-covered plan, see instructions).
- |           |         |                             |                   |        |               |         |       |
|-----------|---------|-----------------------------|-------------------|--------|---------------|---------|-------|
| EIN _____ | PN ____ | Date of transfer __/__/____ | Type of transfer: | Merger | Consolidation | Spinoff | Other |
| EIN _____ | PN ____ | Date of transfer __/__/____ | Type of transfer: | Merger | Consolidation | Spinoff | Other |
- If more than two transferor plans are involved, include the above information for each additional transferor plan as an attachment.
- 16 Transfers to other plans** — If this plan transferred assets or liabilities to another plan since the most recent comprehensive premium filing, provide the following information with respect to each plan to which the assets or liabilities were transferred (if transfer involved a new or newly-covered plan, see instructions).
- |           |         |                             |                   |        |               |         |       |
|-----------|---------|-----------------------------|-------------------|--------|---------------|---------|-------|
| EIN _____ | PN ____ | Date of transfer __/__/____ | Type of transfer: | Merger | Consolidation | Spinoff | Other |
| EIN _____ | PN ____ | Date of transfer __/__/____ | Type of transfer: | Merger | Consolidation | Spinoff | Other |
- If more than two transferee plans are involved, include the above information for each additional transferee plan as an attachment.
- 17 Participation freeze** — If, as of the beginning of the premium payment year, this plan is closed to new entrants, enter the date the plan became closed to new entrants \_\_/\_\_/\_\_\_\_.
- 18 Accrual freeze** — If, as of the beginning of the premium payment year, benefit accruals under this plan are partially or totally frozen, enter the date the freeze became effective \_\_/\_\_/\_\_\_\_ and check box that best describes the nature of the freeze:
- |   |   |
|---|---|
| <input type="checkbox"/> For all participants, both pay and service are frozen  | <input type="checkbox"/> For all participants, service is frozen, pay is not  |
| <input type="checkbox"/> For some participants, both pay and service are frozen | <input type="checkbox"/> For some participants, service is frozen, pay is not |
| <input type="checkbox"/> Other (enter explanation) _____                        |   |
- 19 Amended filing** — Complete this item only if this is an amended filing
- a** If either the first or last day of the premium payment year reported in this amended filing (item 3b(1)) differs from what was reported in the filing that is being amended, provide the dates that were reported in the original filing:
- |  |   |
|--|---|
| Date premium payment year commenced __/__/____ | Date premium payment year ended __/__/____. |
|--|---|
- b** If the EIN and PN reported in this amended filing (item 3c(1)) are not **both** the same as what was reported in the filing that is being amended, enter the EIN and PN from the original filing: EIN \_\_\_\_\_ PN \_\_\_\_.
- 20 Attachments (paper filers only)** — If any attachments are included with this filing, check box  and see instructions.

# Data to be Submitted

## Part V — Certifications

### 21 Certification of Plan Administrator — The plan administrator must sign and complete this item.

I certify under penalty of perjury, to the best of my knowledge and belief, that all the information in this filing is true, correct and complete and has been determined in accordance with the PBGC's premium regulations and instructions, and that if I received variable-rate premium information certified by an enrolled actuary for this filing, the variable-rate premium information in the filing is the same as the variable-rate premium information certified by the enrolled actuary.

## Description of Data Elements

---

### Overview

This section provides a description of each required data element. It is presented in the same order as the “form” used to illustrate the data elements (see prior section). Item numbers are presented solely to facilitate understanding. The My PAA screens do not include item numbers. If you are using private sector software, item numbers may or may not be included. We recommend you review these instructions with a copy of the “form” in front of you.

#### *Note for plans with more than one plan year beginning in 2007 or 2008:*

References in these instructions to the 2007 plan year (and to filings for the 2007 plan year) should be considered to refer to your plan’s most recent complete plan year. For example, a plan that changes its plan year could have two plan years beginning in calendar 2008. When such a plan makes its premium filing(s) for its second 2008 plan year, the references in these instructions to the 2007 plan year (and to filings for the 2007 plan year) should be considered to refer to the plan’s first 2008 plan year (and to filings for that plan year), because that is the plan’s most recent complete plan year. Similarly, if your plan had two plan years beginning in calendar 2007, the references in these instructions to the 2007 plan year (and to filings for the 2007 plan year) should be considered to refer to the plan’s second 2007 plan year, which is the plan’s most recent complete plan year.

#### *Note about reporting dollar amounts*

With the exception of total premium, premium credits, the amount due PBGC, and the amount of any overpayment, money amounts reported should be in dollars only (no cents).

### Amended filing

Check this box only if you are amending a filing for a plan year that began in 2008. Note that a Variable-rate Premium reconciliation filing (in which you provide final Premium Funding Target information after having reported an estimated Premium Funding Target) is considered an amended filing.

If you amend a comprehensive filing for a reason other than reconciling an estimated Variable-rate Premium and the amended filing shows a lower premium than the amount that was originally reported, you must provide an explanation of the specific circumstances or events that caused the reduction.

If you are amending a filing for a plan year beginning before 2008, you must follow the instructions and regulations applicable for that plan year.

### Disaster relief

From time to time, when major disasters occur, PBGC grants disaster relief by waiving late filing and payment penalties for certain plans. Disaster Relief Announcements are available on PBGC’s Web site ([www.pbgc.gov](http://www.pbgc.gov)). If your plan is covered by a PBGC Disaster Relief Announcement for this premium filing, report the four-digit code provided in the applicable Disaster Relief Announcement.

# Description of Data Elements

---

## Instructions for Part I – General Plan Information.

### 1 Plan sponsor information

- a – g** Report the name and address of the Plan Sponsor. If either has changed since your last filing, check the box to report that fact.
- h** Business Code — Report the 6-digit code that best describes the nature of the employer’s business. If more than one employer is involved, report the business code for the predominant business activity of all employers. A list of business codes is included in Appendix 4.
- i** CUSIP number — If a CUSIP number has been assigned to publicly traded securities of the Plan Sponsor or any member of the Plan Sponsor’s controlled group, report the first 6 digits of the CUSIP number. Otherwise, leave this item blank.

A CUSIP number is a nine-digit number assigned to the publicly traded securities of a Plan Sponsor (or member of the Plan Sponsor’s controlled group) under the securities numbering system of the Committee on Uniform Securities Identification Procedures. The first six digits of the CUSIP number identify the securities issuer, the next two digits identify the specific securities issue, and the last digit is a check digit.

### 2 Plan administrator information

Report the name and address of the Plan Administrator. Note that this is the address where we send official correspondence to the plan (e.g., an invoice for late payment charges). To keep our records current and enable us to send correspondence to the correct address, you should inform us of address changes as soon as they occur. You may do so by contacting us either in writing or by e-mail. See Appendix 2 for contact information

If the Plan Administrator’s name and address is the same as that of the Plan Sponsor, you may satisfy this requirement by checking the box to report that fact.

If the Plan Administrator’s name or address has changed since your last filing, check the box to report that fact (even if you informed us of the changed prior to submitting this filing).

### 3 Plan information

- a** Plan name — Report the complete name of the plan as stated in the plan document. For example, “The ABC Company Pension Plan for Salaried Personnel.”
- b** Premium Payment Year information
  - (1) Report the date the Premium Payment Year commences and the date it ends. If you are filing for the first year of a New Plan, the Premium Payment Year commencement date (“PYC”) should generally be the plan effective date.
  - (2) If the plan year beginning date has changed since the most recent PBGC filing, enter the adoption date of the plan year change.
  - (3) Check box if plan qualifies to pay a prorated premium for this Premium Payment Year. A plan qualifies to pay a prorated premium only if the Premium Payment Year is:
    - a short first year of a New or Newly-covered Plan;
    - a short year created by an amendment that changes the plan year (but note that an amendment is not considered to change the plan year if the plan merges into or

## Description of Data Elements

---

consolidates with another plan or otherwise ceases its independent existence either during the short plan year or at the beginning of the full plan year following the short plan year);

- a short year created by distribution of plan assets pursuant to plan termination; or
- a short year created by the appointment of a trustee for a Single-employer Plan under ERISA section 4042.

Note that the short year need not have ended by the time you pay a prorated premium, but if the plan year turns out to be longer than you anticipated, you will have to make up any premium underpayment, which will be subject to interest and penalties.

There is no premium proration where a plan ceases to be a covered plan before the end of the plan year.

**c** Employer Identification Number (EIN) and Plan Number (PN) information

(1) Report the 9-digit EIN of the Plan Sponsor and the 3-digit PN of the plan.

(2) If the EIN and PN for this filing do not both match exactly the EIN and PN reported in the most recent premium filing, report both the EIN and PN that were reported in the most recent premium filing. If this is the first premium filing for this plan, leave this item blank.

(3) If the EIN and PN for this filing do not both match exactly the EIN and PN reported in the 2007 Form 5500, report both the EIN and PN that were reported in the 2007 Form 5500, and attach an explanation. If a 2007 Form 5500 was not required, leave this item blank.

**d** Plan type — Indicate whether the plan is a Multiemployer Plan or a Single-employer Plan.

**e** Plan size — Premium due dates vary based on whether the plan is classified as a Small Plan, Mid-Size Plan, or Large Plan. Indicate which Plan-Size classification applies for the Premium Payment Year. Note that this classification is based on the prior plan year's participant count. If this is a New Plan or a Newly-covered Plan, check the "N/A; first filing" box.

**4 Plan contact** — Report the name and phone number of the person we may contact if we have any questions concerning this filing. If this person has an e-mail address, report that e-mail address. If the filing is completed by a plan consultant, you may report the consultant's identifying information.

### Part II – Alternative Premium Funding Target election

This Part applies only to Single-employer Plans. Multiemployer Plans should skip to Part III.

A plan may elect to use the Alternative Premium Funding Target to determine unfunded vested benefits instead of the Standard Premium Funding Target (see "How to Determine Unfunded Vested Benefits" section). Note that once an election is made, it remains in effect for all subsequent Premium Payment Years unless and until it is subsequently revoked. Therefore, if you are making an election with this filing, do not make an election again in a future filing.

An election cannot be revoked for any Premium Payment Year that begins less than five years after the beginning of the Premium Payment Year for which the election was first applicable. For example, if you make the election for a Premium Payment Year that begins on April 1, 2008, the Alternative Premium Funding Target must be used to determine unfunded vested benefits for all Premium Payment Years beginning before April 1, 2013. The plan may revoke the election first effective for any Premium Payment Year beginning on or after April 1, 2013, but unless the

## Description of Data Elements

---

election is revoked, it will remain in place. My PAA will be modified in the future to allow for this revocation.

Note that if an election to use the Alternative Premium Funding Target is subsequently revoked, another election to use the Alternative Premium Funding Target cannot be made until five additional years have passed.

**5. Election** — Check the box to indicate that the plan is making this election first effective for the current Premium Payment Year.

### Part III – Premium Information

#### 6 Flat-rate Premium

**a** Report the Participant Count Date. See “How to Count participants” section for special rules relating to New Plans, Newly-covered Plans, Mergers and Spinoffs.

**b** Flat-rate Premium calculation

(1) Applicable rate — Enter the per-participant flat premium rate. For 2008, the rate is \$31 for Single-employer Plans and \$8 for Multiemployer Plans.

(2) participant count — Report the total number of participants covered by the plan on the Participant Count Date. See “How to Count participants” section.

(3) Flat-rate Premium — Report the product of the participant count and the applicable premium rate. If the plan year is a short plan year, the required Flat-rate Premium may be a prorated portion of this amount; however, the amount reported in this item must reflect a full year’s premium.

Note that the Flat-rate Premium may be \$0, but you must make a premium filing even if the Flat-rate Premium is \$0. This may happen, for example, if your plan is a New Plan that grants no past service credits, so that there are no Benefit Liabilities on the Participant Count Date. A plan with no Benefit Liabilities has no participants for premium purposes.

#### 7 Variable-rate Premium

This item relates to Variable-rate Premium information and applies only to Single-employer Plans.

In general, the Variable-rate Premium is \$9 per \$1,000, or fraction thereof, of unfunded vested benefits as of the UVB Valuation Date. For certain plans of small employers, this amount is capped at a specified amount (see item 7b).

Some Single-employer Plans are exempt from the Variable-rate Premium; others may have a Variable-rate Premium of \$0. In either case, this section must be completed in accordance with the following instructions.

**a** Exemptions — A Single-employer Plan may claim an exemption from the Variable-rate Premium only if it meets the requirements for one of the exemptions described below:

- Plans with no vested participants — Your plan qualifies for this exemption if the plan has no participants with vested benefits as of the UVB Valuation Date.
- Section 412(e)(3) plans (formerly called 412(i) plans) — Your plan qualifies for this exemption if the plan is described in section 412(e)(3) of the Code and regulations thereunder on the UVB Valuation Date.
- Plans terminating in standard terminations — Your plan qualifies for this exemption if notices of intent to terminate in a standard termination were issued in accordance with

## Description of Data Elements

---

ERISA section 4041(a)(2), setting forth a proposed termination date (i.e., the 60- to 90-day prospective date) that is on or before the UVB Valuation Date. However, this exemption is conditional on the plan's ultimately making a final distribution of assets in full satisfaction of its obligations under the standard termination. If such a distribution is not made, this exemption does not apply and the premium(s) that would otherwise have been required will be due retroactive to the applicable due date(s).

If an exemption applies, check the applicable box to indicate which exemption applies and skip to item 8.

- b** Variable-rate Premium cap qualification — If the plan qualifies as a small-employer plan, the Variable-rate Premium is capped at a specified amount (based on the number of plan participants).

*Determining whether plan qualifies for the cap* — For this purpose:

- a plan is a small-employer plan if the aggregate number of employees of all contributing sponsors of the plan and all members of the contributing sponsors' controlled groups, as of the first day of the Premium Payment Year, is 25 or fewer,
- the aggregate number of employees is determined in the same manner as under section 410(b)(1) of the Code, taking into account the provisions of section 414(m) and (n) of the Code, but without regard to section 410(b)(3), (4), and (5) of the Code, and
- employees are counted as of the first day of the Premium Payment Year, not as of the Participant Count Date or the UVB Valuation Date.

Note that a plan with 25 or fewer participants does not necessarily qualify for the cap because the eligibility criterion is based on employees, not the participant count. For example, if a plan has 15 participants, but there are more than 25 employees (taking into account all employees of all contributing sponsors of the plan and all members of their controlled groups), the plan is ineligible for the cap.

Also note that a plan with more than 25 participants might qualify for the cap. For example, consider a contributing sponsor with 20 employees, all of whom are participants in a plan. If the plan also covers 15 former employees who are either terminated vested or retired, there are 35 participants in total. This plan would qualify for the cap (assuming there are no other contributing sponsors and no controlled group members).

*Reporting requirements* — If your plan qualifies for this cap, check the box to report that fact.

If your plan qualifies for this cap, instead of reporting both the uncapped Variable-rate Premium (\$9 per \$1,000 of unfunded vested benefits) and the maximum Variable-rate Premium and then paying the lesser of the two amounts, you may report and pay the maximum Variable-rate Premium. If you choose not to report the uncapped Variable-rate Premium, omit items 7c through 7g(1) and go directly to item 7g(2). Note that if you choose to pay the maximum Variable-rate Premium without determining whether it is less than the uncapped Variable-rate Premium, you may pay a larger Variable-rate Premium than required.

- c** UVB Valuation Date — Report the UVB Valuation Date for the Premium Payment Year.
- d** Premium Funding Target information

The Premium Funding Target is the liability measure used to determine the Variable-rate Premium. It is similar to the funding target that is used to determine the minimum funding requirement for the Premium Payment Year, except that only vested benefits are taken into account. The assumptions used to determine this amount differ depending on which calculation method is used:

## Description of Data Elements

---

- With the standard method, the Premium Funding Target is calculated using the same assumptions used to determine the minimum required contribution for the Premium Payment Year with one exception. In lieu of the discount rates used for funding purposes, the discount rates are the segment rates for the month preceding the month in which the Premium Payment Year begins that are determined in accordance with ERISA section 4006(a)(3)(E)(iv).
- With the alternative method, the Premium Funding Target is calculated using exactly the same assumptions used to determine the minimum required contribution for the Premium Payment Year.

See “How to Determine Unfunded Vested Benefits” section for more information.

*Note about vested benefits* — For premium purposes, a benefit does not fail to be considered vested solely because it is not protected under Code section 411(d)(6) and thus may be eliminated or reduced by the adoption of a plan amendment or by the occurrence of a condition or event (such as a change in marital status). Such a benefit is vested for premium purposes (if the other requirements for vesting have been met) so long as the benefit has not actually been eliminated or reduced. In addition, certain benefits payable upon a participant’s death do not fail to be considered vested solely because the participant is still living. The benefits to which this rule applies are a qualified pre-retirement survivor annuity, a post-retirement survivor annuity such as the annuity paid after a participant’s death under a joint-and-survivor or certain-and-continuous option, and a benefit that returns a participant’s accumulated mandatory employee contributions.

*Note for Mid-size and Large Plans*— If the Premium Funding Target (and thus, the Variable-rate Premium) being reported in this filing is an estimate, check the box to report that fact. Note that if you file on an estimated basis, you must ultimately make a reconciliation filing using the actual Premium Funding Target (by amending this filing). In the reconciliation filing, in addition to reporting the actual Premium Funding Target data, be sure to indicate that the reported amount is no longer an estimate by making sure the “estimate” box is no longer checked. See “Correcting Filings and Reconciling Estimates” section.

Note also that to qualify for the penalty relief the estimated Premium Funding Target must be certified by an enrolled actuary to be a reasonable estimate that:

- takes into account the most recent data available to the enrolled actuary, and
- has been determined in accordance with generally accepted actuarial principles.

See “Late Payment Charges” section for more information on the penalty relief available to Large and Mid-size Plans paying estimated Variable-rate Premiums on the due date.

- (1) Premium Funding Target method — If you are using the Standard Premium Funding Target to determine unfunded vested benefits, check the “Standard” box. If you are using the Alternative Premium Funding Target to determine unfunded vested benefits, check the “Alternative” box.

Note that the standard method must be used unless an election to use the alternative method is in effect (see instructions for Part II). Also, note that if an election to use the alternative method is in effect, you must use the alternative method.

- (2) Report the discount rate(s) used to determine the Premium Funding Target. If you are using the:
  - Standard Premium Funding Target, these rates must be the segment rates for the month preceding the month in which the Premium Payment Year begins that are determined in accordance with ERISA section 4006(a)(3)(E)(iv) (i.e., the rates that would be determined under ERISA section 303(h)(2)(C) if ERISA section

## Description of Data Elements

---

303(h)(2)(D) were applied by using the monthly yields for the month preceding the month in which the Premium Payment Year begins on investment grade corporate bonds with varying maturities, and in the top 3 quality levels, rather than the average of such yields for a 24-month period). These rates are available at [www.pbgc.gov](http://www.pbgc.gov).

- Alternative Premium Funding Target, these rates must be identical to the rates that are used to determine the minimum required contribution the Premium Payment Year as reported in item 21a of the 2008 Schedule SB, Form 5500. This includes any elections with respect to the optional phase-in from the prior current liability discount rate, the applicable month, and the option to use the full yield curve in lieu of segment rates. If the full yield curve is used for this purpose, rather than reporting the full yield curve, check the box to report that fact.

(3) Report the Premium Funding Target (dollars only). Note that if you are using the Alternative Premium Funding Target, the amount reported is generally equal to the total funding target reported in the 2008 Schedule SB (item 3d) reduced by the non-vested portion of the total funding target (item 3c(1)) reported in that same Schedule.

- e Market value of assets — Report the fair market value of plan assets (dollars only) as of the UVB Valuation Date for the Premium Payment Year adjusted to reflect contribution receipts as follows:

### *Adjustments for prior year contributions*

If contributions for the prior plan year were made after the UVB Valuation Date and before the date the premium filing is made, increase the market value to include such contributions. For Premium Payment Years beginning in 2008, such prior year contributions are included without any discounting. For Premium Payment Years beginning after 2008, prior year contributions are discounted to the UVB Valuation Date, using the effective interest rate for the plan year for which the contributions were made.

### *Adjustments for current year contributions*

If contributions for the current plan year were made before the UVB Valuation Date, decrease the market value by the adjusted value of these current year contributions (Note – this can happen only if the UVB Valuation Date is after the beginning of the plan year). For this adjustment, such contributions are increased to the UVB Valuation Date using the ERISA section 303(h)(2)(A) effective interest rate for the current plan year.

### *Interest adjustments*

For both interest adjustments noted above, use the effective interest rate determined under ERISA section 303(h)(2)(A) and reported in item 5 of Schedule SB for the plan year for which the contributions were made.

### *Comparison to asset value reported on Schedule SB*

In general, the asset value reported here must be the same as the market value of assets reported in the 2008 Schedule SB (item 2a). The amounts would differ only if a premium filing is made before the premium filing due date and prior year contributions are made after the premium filing is made (and thus not included in assets).

- f Unfunded vested benefits — Report the excess (rounded up to the next \$1,000), if any, of the Premium Funding Target over the fair market value of assets.
- g Variable-rate Premium calculation (If the plan does not qualify for the Variable-rate-Premium cap, skip to item 7g(3).)

## Description of Data Elements

---

- (1) Variable-rate Premium before reflecting the cap — Report the product of 0.009 and the amount of unfunded vested benefits. *If the plan does not qualify for the Variable-rate-Premium cap, this item must be left blank.*
- (2) Maximum Variable-rate Premium — The maximum Variable-rate Premium is \$5 times the square of the plan's participant count. Report the product of the participant count multiplied by the participant count multiplied by \$5. *If the plan does not qualify for the Variable-rate-Premium cap, this item must be left blank.*
- (3) Variable-rate Premium
  - If the plan does not qualify for the Variable-rate Premium cap, report the product of 0.009 and the amount of unfunded vested benefits.
  - If the plan qualifies for the Variable-rate Premium cap, report the lesser of the Variable-rate Premium before reflecting the cap and the maximum Variable-rate Premium, or, if you chose not to calculate/report the Variable-rate Premium before reflecting the cap, report the maximum Variable-rate Premium.

If this is a short plan year of coverage, the required Variable-rate Premium may be a prorated portion of this amount; however, the full year's premium amount must be reported in this item.

### 8 Premium proration (If the plan does not qualify for premium proration, skip to item 9.)

- a Number of months in the short plan year — Report the number of months (complete and partial) in the short plan year. For this purpose, each plan month (i.e., each month in the plan year) generally begins on the same day of each successive calendar month. For example, if the plan year begins on July 1, the first day of each successive calendar month is the beginning of a new month; similarly, if the plan year begins on January 15, the second plan month begins on February 15, the third plan month on March 15, etc. Thus, if a short final year begins on January 1 and ends on June 1, there would be six (full or partial) months in the short year. (The last (partial) month, beginning (and ending) on June 1, would count as a full month for purposes of prorating the premium.) Similarly, if a short first year begins on July 31 and ends on December 31, there also would be six (full or partial) months in the short year.

There are two special rules when a plan year begins at or near the end of a calendar month:

- If the plan year begins on the last day of a calendar month, successive plan months begin on the last day of successive calendar months. For example, if the plan year begins on November 30, successive plan months begin on December 31, January 31, the last day of February (the 28<sup>th</sup> or 29<sup>th</sup>), March 31, etc.
- If the plan year begins on the 29<sup>th</sup> or 30<sup>th</sup> of a calendar month other than February, the plan month beginning in February begins on the last day of February. For example, if the plan year begins on November 29, successive plan months begin on December 29, January 29, the last day of February (the 28<sup>th</sup> or 29<sup>th</sup>), March 29, etc. If the plan year begins on December 30, successive plan months begin on January 30, the last day of February (the 28<sup>th</sup> or 29<sup>th</sup>), March 30, April 30, etc.

*Counting months for New and Newly-covered Plans* — The short first year of a New Plan is treated as beginning on the Participant Count Date (i.e., the plan effective date). The short first year of a Newly-covered Plan is treated as beginning on the date when the plan becomes covered under ERISA section 4021.

*Counting months for terminating plans* — The (short) plan year of a terminating plan's final year is treated as ending on:

## Description of Data Elements

---

- for a Multiemployer Plan that distributed all its assets pursuant to ERISA section 4041A, the date the distribution is completed; or
- for a Single-employer Plan, the earlier of:
  - the date on which the distribution of the plan’s assets in satisfaction of all Benefit Liabilities was completed; or
  - the date that a trustee for the terminating plan was appointed under ERISA section 4042.

**b** Total premium before proration — Report the sum of the Flat-rate Premium and, if applicable, the Variable-rate Premium.

**9 Total premium** —The total premium is determined as follows:

- If the plan does not qualify for premium proration, report the sum of the Flat-rate Premium and, if applicable, the Variable-rate Premium.
- If the plan qualifies for premium proration, multiply the total premium before reflecting proration by the number of months (complete and partial) in the short plan year and then divide by 12. Round to two decimal places after completing the calculation.

If this amount includes cents, report the exact amount (dollars and cents), not a rounded amount.

### 10 Premium credit

Report the total amount of premium credits available to offset the premium due. Premium credits include:

- Any overpayment of the 2007 premium filing for which a refund was not requested,
- Estimated 2008 Flat-rate Premium paid earlier in the year (Large Plans only), and
- Any other payments made for 2008 (including an estimated Variable-rate Premium for a Large or Mid-size Plan when amending the filing to reconcile the estimate. See “Correcting Filings and Reconciling Estimates” section).

If this amount includes cents, report the exact amount (dollars and cents), not a rounded amount.

**11 Amount due** — If the total premium due equals or exceeds the total premium credit, subtract the total credit from the total premium and report the result as the amount due. This is the amount you owe PBGC. See Appendix 3 for information on payment options.

If you received an exemption from e-filing, check the box to report whether payment will be made by check or by electronic funds transfer (EFT).

If this amount includes cents, report the exact amount (dollars and cents), not a rounded amount.

### 12 Treatment of Overpayment

- a** If the total premium is less than the total premium credit, subtract the total premium from the total credit and report the result as an overpayment.

## Description of Data Elements

---

**b** If you have an overpayment, you must choose whether to have the overpayment refunded (by check or electronic funds transfer) or credited towards the next year's premium for the plan. Report your choice by checking the appropriate box.

If you request to use the overpayment as a credit towards next year's premium for the plan, you should claim the overpayment amount as a credit on the next year's premium filing for the plan.

If you prefer a refund to a credit, the quickest way to receive your refund is to select the electronic funds transfer option. We strongly recommend this option. To facilitate an electronic funds transfer, indicate whether the account is a checking account or savings account, and provide the bank routing number and account number to which the refund is to be credited. If you want the refund credited to a sub-account within the main account, also provide the sub-account number.

If this amount includes cents, report the exact amount (dollars and cents), not a rounded amount.

### Instructions for Part IV – Miscellaneous Information

#### 13 Final premium filing

If this is the last premium filing for this plan, indicate the reason: (1) that the plan merged or consolidated with another plan, (2) that the plan was trustee under ERISA section 4042, (3) that the plan completed a distribution pursuant to termination, or (4) that the plan ceased to be a covered plan.

Report the date of the event that led to the cessation of the requirement to file. If the reason this is the last premium filing is because:

- the plan merged or consolidated into another plan, report the effective date of the Merger or Consolidation;
- the plan terminated in an involuntary or distress termination, report the effective date of the trusteeship;
- there was a distribution of assets pursuant to a termination:
  - for a Single-employer Plan that completed a standard termination, report the date on which the distribution of the plan's assets in satisfaction of all Benefit Liabilities was completed, or
  - for a Multiemployer Plan that distributed all its assets pursuant to ERISA section 4041A, report the date the distribution is completed;
- the plan ceased to be covered by Title IV of ERISA, report the date coverage ceased.

#### 14 New or Newly-covered plans

If this plan is a New Plan or a Newly-covered Plan, report the plan effective date, the Plan Adoption Date, and the date the plan became covered under ERISA section 4021. If another plan transferred assets or liabilities to this New or Newly-covered Plan, be sure to complete the "Transfers from other plans" item (see item 15).

#### 15 Transfers from other plans

*Pre-existing plans* — If another plan transferred assets or liabilities to this plan since the date of the most recent comprehensive premium filing (or, if this is a filing for a Premium Payment

## Description of Data Elements

---

Year beginning in 2008, since the date of the 2007 “final filing”), report the EIN and PN of the plan from which the assets were transferred (i.e., the “transferor plan”).

*New Plans* — If this plan is a New Plan and another plan transferred assets or liabilities to this plan in conjunction with the creation of this plan, report the EIN and PN of the plan from which the assets were transferred.

*Newly-covered Plans* — If this plan is a Newly-covered Plan and another plan transferred assets or liabilities to this plan on or after the date the plan became covered and before the date the premium filing is made, report the EIN and PN of the plan from which the assets were transferred.

In all cases, report the effective date of the transfer and check the box that best describes the type of transfer (see definitions of Merger, Spinoff, and Consolidation). If the transfer is the result of something other than a Merger, Spinoff, or Consolidation, for example, a reciprocity arrangement where assets and liabilities are transferred between two plans when an employee changes locations or changes status (e.g., from Salaried to Hourly and as a result becomes covered by another plan), check the “Other” box. Also check the “Other” box if you have no way of determining whether the transferor plan ceased to exist in connection with a Merger or Consolidation into your plan.

If more than one transferor plan is involved, provide the above information with respect to each transferor plan.

If, at the time you submit your filing, you are not aware that a transfer had occurred and you subsequently discover that a reportable transfer had occurred, you must amend the original filing to report the corrected information.

Note that the effective date of a transfer is determined based on the facts and circumstances of the particular situation. (For transfers subject to section 414(l) of the Code, report the date determined under 26 CFR 1.414(l)-1(b)(11).)

*Example* — A Merger agreement between two calendar-year plans (Plans A and B) provides that participants of Plan A will cease accruing benefits under Plan A and begin coverage and benefit accruals under Plan B as of January 1, 2008, and that the obligation to pay benefits to Plan A participants will pass from Plan A to Plan B as of that date. The agreement also provides that Plan A’s assets will be transferred to Plan B’s account as soon as practicable. The transfer does not actually occur until February 17, 2008. If you are preparing a comprehensive premium filing for Plan B for Plan B’s 2008 Premium Payment Year, report “01/01/2008” as the date of transfer.

### 16 Transfers to other plans

*Pre-existing plans* — If this plan transferred assets or liabilities to another plan since the date of the most recent comprehensive premium filing (or, if this is a filing for a Premium Payment Year beginning in 2008, since the date of the 2007 “final filing”), report the EIN and PN of the plan to which the assets were transferred (i.e., the “transferee plan”). In addition, report the effective date of a transfer and check the box that best describes the type of transfer.

*New Plans* — If this plan is a New Plan and this plan transferred assets or liabilities to another plan on or after the earlier of the Plan Adoption Date and the effective date, and before the date the premium filing is made, report the EIN and PN of the plan to which the assets were transferred and the type of transfer.

*Newly-covered Plans* — If this plan is a Newly-covered Plan and this plan transferred assets or liabilities to another plan on or after the date the plan became covered and before the date the

## Description of Data Elements

---

premium filing is made, report the EIN and PN of the plan to which the assets were transferred and the type of transfer.

In all cases, if more than one transferee plan is involved, provide the above information with respect to each transferor plan. See instructions to item 15 for more information on what is to be reported for “date of transfer.”

If, at the time a filing is made, you are not aware that a transfer had occurred and you subsequently discover that a reportable transfer had occurred, you must amend the original filing to report the corrected information.

*Example* — Until November 1, 2007, Plan E covered employees at Division 1. As a result of the sale of Division 1 to another sponsor (Employer X), assets and liabilities are spun off from Plan E to Plan F (a plan sponsored by the new owner) effective November 1, 2007. If you are preparing a 2008 comprehensive premium filing for Plan E, report Employer X’s EIN and the PN of Plan F. In addition, check the “Spinoff” box to report that the transfer occurred as the result of a Spinoff and report “11/01/2007” as the date of transfer.

### 17 Participation freeze

If, as of the beginning of the Premium Payment Year, the plan provides that participation is limited to participants who were covered by the plan as of a specified date (i.e., the plan is closed to new entrants), enter the date the plan became closed to new entrants.

### 18 Benefit accrual freeze

If, as of the beginning of the Premium Payment Year, the plan is partially or totally frozen for benefit accrual purposes, enter the date the freeze became effective and indicate the nature of the freeze by reporting whether (1) both pay and service are frozen for all participants, (2) both pay and service are frozen for some participants, (3) for all participants, service is frozen, but pay is not, (4) for some participants, service is frozen, but pay is not, or (5) some other type of accrual freeze is in effect (in which case you must provide a description of the freeze).

If more than one description applies (for example, if pay and service are frozen for employees at location X and only service is frozen for employees at location Y), select “Other” and provide a description.

If more than one freeze has occurred, report the date and nature of the most recent freeze.

### 19 Amended filings — Complete this item only if this is an amended filing.

- a If either first day or the last day of the premium payment year reported in this amended filing (item 3b(1)) differs from what was reported in the filing that is being amended, provide the dates that were reported in the original filing.
- b If the EIN and PN reported in this amended filing (item 3c(1)) are not both the same as what was reported in the filing that is being amended, report the EIN and PN from the original filing.

Reminder — If this is an amended filing for a reason other than reconciling an estimated Variable-rate Premium and the amended filing shows a lower premium than the amount that was originally reported, you must provide an explanation of the specific circumstances or events that caused the reduction.

## **Description of Data Elements**

---

### **20 Attachments (paper filers only)**

If any additional information is included as an attachment to this filing, check the box to report that fact. Examples of required attachments include: explanation of why you are submitting a paper filing if you have not received an e-filing exemption; explanation of lower premium amount if filing is an amendment to a prior filing; transfer information if more than two plans are involved; explanation if EIN or PN differs from most recent 5500 filing; etc.

Be sure to show the EIN/PN for this filing and the date the Premium Payment Year commenced (identified as “PYC”) at the top of each attachment.

### **Instructions for Part V – Certifications**

#### **21 Plan Administrator Certification**

All of the information reported in this filing must be certified by the Plan Administrator. Follow the certification instructions for the electronic filing method that is used to make the filing. Be sure to provide the Plan Administrator’s name and the telephone number. If the Plan Administrator has an e-mail address, that address must also be reported.

#### **22 Enrolled Actuary Certification**

An enrolled actuary must certify the Variable-rate Premium calculation unless:

- The plan is a Multiemployer plan (and thus, there is no Variable-rate Premium).
- The plan is a Single-employer Plan and is either:
  - exempt from the Variable-rate Premium, or
  - eligible for and paying the maximum Variable-rate Premium (and not reporting the regular Variable-rate Premium).

In the above cases, the enrolled actuary certification is optional.

Be sure to provide the enrolled actuary’s name, firm and telephone number. If the enrolled actuary has an e-mail address, that address must also be reported.

The actuary must follow the certification instructions for the electronic filing method that is used to make the filing.

## **Late Payment Charges**

---

### **General**

If you file a premium payment after the due date, we will bill the plan for late charges. The late charges include both interest and penalty charges. The charges are based on the outstanding premium amount due on the due date. If your due date is extended because it falls on a weekend or federal holiday, and your premium payment is filed after the extended due date, interest and penalty will be computed from the actual (unextended) due date. PBGC also may assess penalties under ERISA section 4071 for failure to timely provide premium-related information.

### **Late Payment Interest Charges**

The late payment interest charge is set by ERISA, and we cannot waive it. Interest accrues at the rate imposed under section 6601(a) of the Code (the rate for late payment of taxes) and is compounded daily. The rate is established periodically (currently on a quarterly basis), and PBGC publishes the interest rates on or about the 15th of January, April, July, and October in the Federal Register. The rates are also posted on PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)).

### **Late Payment Penalty Charges**

The late payment penalty charge is established by us, subject to ERISA's restriction that the penalty not exceed 100 percent of the unpaid premium amount. Subject to this cap, the penalty is a percentage of the unpaid amount for each month (or portion of a month) it remains unpaid with a minimum penalty of \$25. The monthly rate is higher or lower depending on whether the premium underpayment is "self-corrected." The penalty rate is 1 percent of the late premium payment per month if the late payment is made on or before the date when PBGC issues a written notification indicating that there is or may be a premium delinquency (for example, a statement of account (premium invoice), a past-due-filing notice, or a letter initiating an audit). A penalty rate of 5 percent per month applies to payments made after the PBGC notification date.

### **Minimizing Late Payment Charges**

If you cannot make a comprehensive filing by the due date because you are having difficulty determining some of the required information, you can minimize late payment charges by submitting payment (the amount due or an estimate) without submitting the certified comprehensive filing. If you choose to do this, you must pay by check or wire transfer outside of My PAA (see Appendix 3). The payment should be clearly identified with the Employer Identification Number (EIN), Plan Number (PN) and the plan year commencement date (PYC) for the plan. You should then submit your certified filing as soon as possible.

PBGC does not recommend this procedure. We may assess a penalty under ERISA section 4071 for failure to furnish premium-related information by the required due date, and making a premium payment without an accompanying premium information filing may cause significant delay in providing a statement of account for the plan. However, when the information filing is ultimately made, the payment will be credited as of the date it was filed and thus stop the accrual of late payment charges on the amount paid.

### **Saturday, Sunday, and Federal Holidays**

As explained in the "When to File" section, if your premium filing due date falls on a Saturday, Sunday or Federal Holiday, it is extended automatically to the next business day. However, if your premium

## Late Payment Charges

---

payment is filed after the extended due date, interest and penalties will be computed from the actual (unextended) due date.

*Example* — The Flat-rate and Variable-rate Premium for a Small Plan with a plan year beginning on July 1, 2008, normally would be due on October 31, 2009. Because that day is a Saturday, the due date is Monday, November 2, 2009. If your filing is made on Wednesday, November 4, 2009, any applicable late payment charges will be computed from Saturday, October 31, 2009, not November 2, 2009.

### Penalty Waivers

#### *Statutory Waivers*

Before the filing due date, if you can show substantial hardship and that you will be able to pay the premium within 60 days after the filing due date, you may request that we waive the late payment penalty charge. If we grant your request, we will waive the late payment penalty charge for up to 60 days. To request a waiver, write to the address provided in Appendix 2.

#### *Reasonable Cause Waivers*

Waivers of the late payment penalty charge may also be granted based on a demonstration of reasonable cause. If you wish to request such a waiver, contact PBGC after you receive a statement of account (premium invoice) assessing penalties. If a waiver is denied or granted to a lesser extent than requested, you may submit a request for reconsideration. See Appendix 2 for information on where to send a request for a penalty waiver or reconsideration.

Failure to obtain premium instructions from PBGC is not reasonable cause for a waiver.

#### *Automatic Penalty Waiver for Late Flat-rate Premiums – Large Plans*

The Flat-rate Premium owed for a plan year is based on the number of plan participants as of the Participant Count Date. However, a Large Plan may not have an accurate participant count by its Flat-rate Premium due date, which falls early in the year (generally the end of February in the Premium Payment Year for calendar-year plans). For this reason, PBGC permits Large Plans to compute the amount owed on the basis of an estimated participant Count. However, a Large Plan's full Flat-rate Premium (not merely an estimate) is due by the plan's Flat-rate Premium due date. If the full amount due is not paid by that date, the plan will be subject to late payment interest charges and may also be subject to late payment penalty charges.

If you make an estimated Flat-rate Premium filing (based on an estimate of the plan's participant count), you must reconcile that filing by the 15<sup>th</sup> day of the tenth full calendar month following the end of the plan year preceding the Premium Payment Year (October 15<sup>th</sup> of the Premium Payment Year for calendar-year plans).

No penalty will be charged (although interest will be charged) until the date the flat-rate reconciliation filing is due if the premium (based on an estimated participant count) that you pay by the Flat-rate Premium due date equals at least the lesser of:

- 90 percent of the full Flat-rate Premium, or
- an amount equal to the participant count for the year before the Premium Payment Year multiplied by the applicable flat premium rate for the Premium Payment Year. This test will be met if the amount paid is sufficient using either the actual participant count for the plan year preceding the Premium Payment Year or a smaller count that was erroneously reported.

## Late Payment Charges

---

In addition, no penalty will be charged (although interest will be charged) until the date the reconciliation is due if you did not make a Flat-rate Premium payment by the Large Plan Flat-rate Premium due date because either:

- you erroneously reported fewer than 500 participants for the plan year preceding the Premium Payment Year, or
- the due date for paying the Flat-rate Premium for the plan year preceding the Premium Payment Year is later than the due date for paying the Flat-rate Premium for the Premium Payment Year. This could happen, for example, if a calendar-year plan were new for Year 1 (and thus had a Year 1 due date of April 30 of Year 2) and had 550 participants for Year 1, making it a Large Plan for Year 2 (with a Year 2 Flat-rate Premium due date of February 28 of Year 2). This could happen for 2008 only if a plan had two years beginning in 2008 (one of which would be a short year).

For purposes of determining whether a penalty is due, the participant count “erroneously reported” for the plan year preceding the Premium Payment Year refers to the premium filing (or last amended filing) for the plan year preceding the Premium Payment Year made to PBGC by the Flat-rate Premium due date for the Premium Payment Year. See the separate instructions for Estimated Flat-rate Premiums for Large Plans for more details.

If you have an accurate participant count for a Large Plan by the time the Flat-rate Premium is due, you should pay the amount owed by that date. If you do so, you will avoid the interest charge and any penalty charge.

If you have all the information needed to make a comprehensive filing by that date the Flat-rate Premium is due, you may make a comprehensive filing at that time.<sup>6</sup> If you make an estimated filing, you will still be required to make a comprehensive filing by the date the Flat-rate Premium reconciliation filing is due.

### *Automatic Penalty Waiver for Late Variable-Rate Premiums – Large and Mid-size Plans*

The Variable-Rate Premium owed for a plan year is based on the Premium Funding Target as of the UVB Valuation Date. However, a Large or Mid-size Plan may not be able to calculate an accurate Premium Funding Target by its Variable-rate Premium due date (generally October 15<sup>th</sup> of the Premium Payment Year for calendar-year plans). For this reason, PBGC permits Large and Mid-size Plans to compute the Variable-Rate Premium owed on the basis of an estimated Premium Funding Target. However, a Large or Mid-size Plan’s full Variable-rate Premium (not merely an estimate) is due by the plan’s Variable-rate Premium due date. If the full amount due is not paid by that date, the plan will be subject to late payment interest charges and may also be subject to late payment penalty charges.

If you make an estimated Variable-rate Premium filing, you must reconcile that filing by the last day of the 16th full calendar month following the end of the plan year preceding the Premium Payment Year (April 30<sup>th</sup> following the Premium Payment Year for calendar-year plans).

No penalty will be charged (although interest will be charged) until the date the reconciliation is due or (if earlier) the date the reconciliation filing is made if, by the plan’s Variable-rate Premium due date:

- You report:
  - The fair market value of the plan’s assets for the Premium Payment Year, and

---

<sup>6</sup> Note — For Large plans with Flat-rate Premium due dates early in the year (for example, a calendar-year Large Plan), My PAA might not be updated to accept comprehensive filings by the time the Flat-rate Premium is due. This will likely be the case for 2008. In such cases, it will be necessary to submit an estimated Flat-rate Premium filing and then reconcile that filing later in the year (when the comprehensive filing is made).

## Late Payment Charges

---

- An estimate of the Premium Funding Target that is certified by an enrolled actuary to be a reasonable estimate that:
  - o takes into account the most current data available to the enrolled actuary; and
  - o has been determined in accordance with generally accepted actuarial principles and practices; and
- You pay at least the amount of Variable-rate Premium determined from the value of assets and estimated Premium Funding Target so reported.

Note that the fair market value of the plan's assets that you report must be final, not an estimate. If you subsequently make an amended filing reflecting a different value of assets, this penalty relief will be lost. However, PBGC will consider a request for an appropriate penalty waiver in such a situation and in acting on the request will consider such facts and circumstances as the reason for the mistake, whether assets were over- or understated, and, if assets were overstated, the extent of the overstatement.

If you know the final Premium Funding Target for a Mid-size or Large Plan by the time the Variable-rate Premium is due, you should pay the amount owed by that date. If you do so, you will avoid the interest charge and any penalty charge. If you report that you are making a filing based on an estimated Premium Funding Target, you will be required to make an amended filing reflecting the actual Premium Funding Target by the date the variable-rate reconciliation filing is due.

## **Correcting Filings and Reconciling Estimates**

---

### **Correcting Errors**

#### *Making Payment Without Filing Information*

If you make a premium payment without filing the related premium information, file the information as soon as possible to get proper credit for your payment and minimize any late filing penalty. Follow the instructions in this document or in My PAA for identifying your payment so that we can associate it with your information filing.

#### *Filing Information Without Making Required Payment*

If you make a filing of premium information without making a required payment, send the payment as soon as possible to minimize late payment charges. Follow the instructions in this document or in My PAA for identifying your payment so that we can associate it with your information filing.

#### *Amended Filings*

If, after submitting a filing, you discover an error has been made (e.g., originally reported information is incorrect), you must amend the filing to report the correct information even if the correction has no impact on the premium amount. A filing can be amended by resubmitting the filing with the corrected information. Be sure to indicate that the filing is an amendment to a previously submitted filing (see “Description of Data Elements” section).

In the amended filing, report all of the required information, including information that was correct in the original filing. Include as credits all the credits you previously claimed plus the amount you paid with your original filing. If the originally reported premium:

- was too low, the additional premium due will equal the excess of the revised total premium amount over the revised total credit. Pay the additional premium due when you submit your amended filing. In this case, late payment interest charges will apply and late payment penalty charges may apply. You will receive an invoice for these charges after your amended filing is received. You may include payment of anticipated late payment charges when you pay the additional premium, but the amount reported on the amended filing should reflect only the additional premium due.
- was too high, the overpayment will equal the excess of the revised total credit over the revised total premium. Indicate whether you want the overpayment refunded or applied to the next year’s premium for the plan.

If you request that an overpayment be applied to the next year’s premium, you should claim the amount of the overpayment as a credit on the next year’s premium filing for the plan. If you want a refund by electronic funds transfer, provide the necessary information; we will make the transfer through the automated clearing house (ACH) system. A request for a refund must be made within the period specified in the applicable statute of limitations (generally six years after the overpayment was made).

If there are unpaid premiums, interest, or penalties for your plan for prior years, you may request PBGC to apply all or part of an overpayment toward payment of those unpaid prior year amounts. Such a request should be made in writing (e-mail, letter or fax — see Appendix 2). Note that an overpayment for one plan cannot be applied to offset an underpayment on another plan.

*Required explanation if premium amount decreases:* If you amend a comprehensive filing for a reason other than reconciling an estimated Variable-rate Premium and the amended filing shows a lower premium than the amount that was originally reported, you must provide an explanation of

## **Correcting Filings and Reconciling Estimates**

---

the specific circumstances or events that caused the reduction. (For example, if your original final filing's participant count included employees at a division that is not covered by the plan, you would explain why the employees were erroneously counted as participants and how the error was discovered.)

Note that if you are amending a filing for an earlier year, you must follow the instructions for that year except that current mailing and Electronic Funds Transfer addresses should be used instead of the addresses that were included in the instructions for the original filing. Prior year instructions are available at [www.pbgc.gov](http://www.pbgc.gov).

### **Reconciling Estimates**

For Large and Mid-size Plans that filed an estimated Variable-rate Premium, the reconciliation is made by amending the filing that included the Variable-rate Premium estimate. See "Description of Data Elements" section for additional information on how to reconcile an estimated Variable-rate Premium.

For Large Plans, the Flat-rate Premium reconciliation filing is due on the same date the comprehensive premium filing is due. The comprehensive premium filing is designed to enable you to reconcile an estimate Flat-rate Premium and report the other premium information (Variable-rate Premium data, miscellaneous data, etc.) as part of the same filing.

Failure to reconcile these estimates in a timely manner will result in late payment charges if the estimate to be reconciled was too low. PBGC may also assess penalties under ERISA section 4071 for failure to reconcile estimated premium filings by the reconciliation due date.

## **Recordkeeping Requirements; PBGC Audits**

---

### **Recordkeeping Requirements**

Plan Administrators are required to retain all plan records that are necessary to establish, support and validate the amount of any PBGC premium required to be paid and any information required to be reported. The records must include calculations and other data prepared by an enrolled actuary, the Plan Sponsor, and an employer required to contribute to the plan with respect to its employees; or for a plan described in section 412(e)(3) of the Code, by the insurer from which the insurance contracts are purchased. The records must be kept for six years after the premium due date.

Records that must be retained include, but are not limited to, records that establish the number of plan participants and the amount of unfunded vested benefits on which the Variable-rate Premium is based. Records retained pursuant to this paragraph must be made available or submitted to PBGC promptly upon request. If a record to be produced for PBGC inspection and copying exists in more than one format, it must be produced in the format that PBGC specifies.

Records also include, but are not limited to, plan documents; participant data records; personnel and payroll records; actuarial tables, worksheets, and reports; records of computations, projections, and estimates; benefit statements, disclosures, and applications; financial and tax records; insurance contracts; records of plan procedures and practices; and any other records, whether in written, electronic, or other format, that are relevant to the determination of the amount of any premium required to be paid or any premium-related information required to be reported.

### **PBGC Audits**

We may audit any premium filing; inspect and copy any records that are relevant to the determination of the amount of any premium required to be paid and any premium-related information required to be reported; and require disclosure and demonstration of any system used to determine any premium required to be paid or premium-related information required to be reported, so that PBGC can assess the system's effectiveness and reliability.

If we determine upon audit that the full amount of the premium due was not paid, late payment interest charges under §4007.7 of the Premium Regulations and late payment penalty charges under §4007.8 of the Premium Regulations will apply to the unpaid balance from the premium due date to the date of payment (see "Late Payment Charges" section for more information on penalties and interest for late payment of premiums.)

If, in our judgment, the plan's records fail to establish the number of participants with respect to whom premiums were required, we may rely on data we obtain from other sources (including the Internal Revenue Service and the Department of Labor) for presumptively establishing the number of plan participants for premium computation purposes. Similarly, if, in our judgment, the plan's records fail to establish the unfunded vested benefits amount reported in the premium filing, we may rely on data we obtain from other sources for estimating the unfunded vested benefits for premium computation purposes.

In addition to penalties for late payment of premiums, we may assess a penalty under ERISA section 4071 for failure to furnish premium-related information by required due dates.

## Appendix 1 — Definitions

---

The following terms are used throughout the instructions.

**“Alternative Premium Funding Target”** – see **“Premium Funding Target”**

**“Benefit Liabilities”** means all liabilities with respect to employees and their beneficiaries under the plan (within the meaning of Code section 401(a)(2)). Thus, Benefit Liabilities include liabilities for all accrued benefits, whether or not vested. In addition, a plan’s Benefit Liabilities include liabilities for ancillary benefits not directly related to retirement benefits, such as disability benefits not in excess of the qualified disability benefit, life insurance benefits payable as a lump sum, incidental death benefits, or current life insurance protection (see Treasury Regulation § 1.411(a)-7(a)(1)).

**“Consolidation”** means a transaction in which two or more plans transfer all of their assets and liabilities to a New Plan and, as a result, cease to exist (because the transferor plans become part of the new transferee plan). It differs from a Merger because in a Merger, the transferee plan existed before the transaction. In a Consolidation, the transferee plan is a New Plan that is created in the Consolidation. Thus, the plan that exists after a Consolidation follows the premium filing rules for New Plans.

**“Code”** means the Internal Revenue Code of 1986, as amended.

**“EIN”** means Employer Identification Number. It is always a 9-digit number assigned by the Internal Revenue Service for tax purposes.

**“ERISA”** means the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. 1001 et seq.).

**“Flat-rate Premium”** means the portion of the premium determined by multiplying the flat premium rate by the number of participants in the plan on the Participant Count Date. The per-participant flat premium rate for plan years beginning in 2008 is **\$31** for Single-employer Plans and **\$8** for Multiemployer Plans.

**“Form 5500 Series”** means Form 5500, Annual Return/Report of Employee Benefit Plan, jointly developed by the Internal Revenue Service, the Department of Labor, and PBGC.

**“Large Plan”** – See **“Plan Size”**

**“Merger”** means a transaction in which one or more plans transfer all of their assets and liabilities to an existing plan and, as a result, cease to exist (because the transferor plan(s) become part of the transferee plan). It differs from a Consolidation because in a Consolidation, the transferee plan did not exist before the transaction. In a Merger, the transferee plan is an existing plan and follows the rules for preexisting, ongoing plans.

**“Mid-size Plan”** – See **“Plan Size”**

**“Multiemployer Plan”** (subject to the provisions of ERISA sections 3(37)(E) and (G) and 4303, dealing with elections to be treated or not to be treated as a Multiemployer Plan) means a plan:

- to which more than one employer is required to contribute,
- which is maintained pursuant to one or more collective bargaining agreements between one or more employee organizations and more than one employer, and
- which satisfies such other requirements as the Secretary of Labor may prescribe by regulation.

For purposes of determining whether a plan is a Multiemployer Plan or a Single-employer Plan, all trades or businesses (whether or not incorporated) that are under common control are considered to be one employer.

## Appendix 1 — Definitions

---

“**Multiple-employer plan**” means a plan to which more than one employer contributes that is not a Multiemployer Plan.

“**My PAA**” means “My Plan Administration Account,” PBGC’s electronic premium filing application, available through PBGC’s Web site ([www.pbgc.gov](http://www.pbgc.gov)).

“**New Plan**” means a plan that did not exist before the Premium Payment Year. This includes a plan resulting from a Consolidation or Spinoff. A plan that meets this definition is considered to be a New Plan even if the plan constitutes a successor plan within the meaning of ERISA section 4021(a).

“**Newly-covered Plan**” means a plan that is not a New Plan and that was not covered by title IV of ERISA immediately before the Premium Payment Year.

“**participant**” of a plan means an individual (whether active, inactive, retired, or deceased) with respect to whom the plan has Benefit Liabilities. See “How to Count participants” section for more information.

“**Participant Count Date**” means the date on which participants are counted for purposes of determining the Flat-rate Premium. In general, it is the last day of the plan year preceding the Premium Payment Year, but there are some exceptions. See “How to Count participants” section for more information.

“**Plan Administrator**” means:

- the person specifically so designated by the terms of the instrument under which the plan is operated; or
- if an administrator is not so designated, the Plan Sponsor.

“**Plan Adoption Date**” means the date on which a plan was formally adopted.

“**Plan Size**” refers to the category to which a plan, other than a New or Newly-covered Plan, is assigned. Plans are divided into three categories based on the number of participants for whom premiums were payable for the plan year preceding the Premium Payment Year:

- “**Small Plan**” means a plan that had fewer than 100 such participants.
- “**Mid-size Plan**” means a plan that had 100 or more but fewer than 500 such participants.
- “**Large Plan**” means a plan that had 500 or more such participants.

If this is the first Premium Payment Year (i.e., if the plan is a New or Newly-covered Plan), the plan is not classified as either a Small, Mid-size or Large Plan.

“**Plan Sponsor**” is determined as follows:

- For a Single-employer Plan with:
  - one contributing sponsor, the Plan Sponsor is the contributing sponsor;
  - two or more contributing sponsors that are all in a single controlled group, the Plan Sponsor is the parent of the controlled group or, if there is no parent, the largest member of the controlled group (whether or not the parent or largest member is a contributing sponsor);
  - two or more contributing sponsors that are not all in a single controlled group, the Plan Sponsors is determined as follows: first identify the controlled group, or contributing sponsor that is not in a controlled group, that has the most participants in the plan. If you identify a contributing sponsor that is not in a controlled group, the Plan Sponsor is that contributing sponsor. But if you identify a controlled group, then the Plan Sponsor

## Appendix 1 — Definitions

---

is the parent of that controlled group or, if there is no parent, the largest member of that controlled group (whether or not the parent or largest member is a contributing sponsor).

- For a Multiemployer Plan, the Plan Sponsor is the association, committee, joint board of trustees, or other entity that establishes or maintains the plan.

“**PN**” means Plan Number. This is always a 3-digit number. The employer maintaining the plan assigns this number to distinguish among employee benefit plans established or maintained by the same employer. An employer usually starts numbering pension plans at “001” and uses consecutive Plan Numbers for each additional plan. Once a PN is assigned, always use it to identify the same plan. If a plan is terminated, retire the PN — do not use it for another plan.

“**Premium Funding Target**” is the liability measure used to determine the Variable-rate Premium. This is similar to the funding target that is used to determine the minimum funding requirement for the Premium Payment Year except that only vested benefits are taken into account. The assumptions used to determine this amount vary depending on which calculation method is used (standard or alternative):

- “**Standard Premium Funding Target**” means a Premium Funding Target calculated using the same assumptions used for funding purposes except instead of the discount rates used for funding purposes, the discount rates are the segment rates for the month preceding the month in which the Premium Payment Year begins that are determined in accordance with ERISA section 4006(a)(3)(E)(iv).
- “**Alternative Premium Funding Target**” means a Premium Funding Target calculated using the same assumptions used for funding purposes. See “How to Determine Unfunded Vested Benefits” section for additional information related to the election and use of the Alternative Premium Funding Target.

See “How to Determine Unfunded Vested Benefits” section for additional information on how the Premium Funding Target is determined.

“**Premium Payment Year**” means the plan year for which the premium is being paid.

“**Premium Regulations**” means PBGC’s regulations on Premium Rates and Payment of Premiums (29 CFR Parts 4006 and 4007). The premium filing procedures (including the My PAA electronic filing application, paper instructions, and forms) are prescribed under and implement the Premium Regulations.

“**Schedule SB**” means Schedule SB to the Form 5500 Series.

“**Single-employer Plan**” means any plan that is not a Multiemployer Plan. A Single-employer Plan includes a Multiple-employer Plan. For purposes of determining whether a plan is a Multiemployer Plan or a Single-employer Plan, all trades or businesses (whether or not incorporated) that are under common control are considered to be one employer.

“**Small Plan**” – See “**Plan Size**”

“**Spinoff**” means a transaction in which the transferor plan transfers only part of its assets and/or liabilities to the transferee plan. The transferee plan may be a New Plan that is created in the Spinoff, or it may be a preexisting plan that simply receives part of the assets and/or liabilities of the transferor plan.

“**Standard Premium Funding Target**” – see “**Premium Funding Target**”

“**UVB Valuation Date**” means the plan’s funding valuation date for the Premium Payment Year determined in accordance with ERISA section 303(g)(2).

## **Appendix 1 — Definitions**

---

**“Variable-rate Premium”** means the portion of the single-employer premium based on a plan’s unfunded vested benefits. The Variable-rate Premium is \$9 for every \$1,000 (or fraction thereof) of unfunded vested benefits, subject to a cap for certain plans of small employers.

**“We”** or **“us”** refers to the Pension Benefit Guaranty Corporation.

**“You”** or **“your”** refers to the Plan Administrator.

## Appendix 2 — Contact information

---

1. PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)) contains pension plan information of interest to Plan Administrators and practitioners, such as electronic premium filing, current and prior premium filing booklets, frequently asked questions interest rates, regulations, etc. This information can typically be accessed via the Practitioners Page. The "What's New" section of the Practitioners Page provides information on recent events (e.g., disaster relief, etc.)
2. Submit **electronic premium filings** (including electronic amended filings) through "My Plan Administration Account" ("My PAA") on PBGC's Web site. Access My PAA information via the Practitioners Page and follow instructions about how to use My PAA for submitting premium payments.
3. For a **paper premium filing** (if exempt from mandatory e-filing), see Appendix 5 for information on where to mail filings.
4. For all **premium-related correspondence (other than submitting a paper filing), including requests for exemption** from the requirement to file electronically, premium filing questions (for electronic or paper filings), requests for instructions, address changes, requests for refunds (that are not submitted with premium filings), and requests for reconsideration of premium penalty assessments:
  - a. If you send your correspondence via the US Postal Service (regular or certified mail), address it to:

Pension Benefit Guaranty Corporation  
Dept. 77840  
P.O. Box 77000  
Detroit, MI 48277-0840
  - b. If you send your correspondence by **delivery service**, address it to:

Pension Benefit Guaranty Corporation  
JPMorgan Chase Bank, N.A.  
9000 Haggerty Road  
Dept. 77840  
Mail Code MI1-8244  
Belleville, MI 48111
  - c. Call: 1-800-736-2444 or 202-326-4242 (Note- requests for exemptions from e-filing requirement cannot be made by phone)
  - d. Fax: 202-326-4250
  - e. E-mail: [premiums@pbgc.gov](mailto:premiums@pbgc.gov)
5. For current interest rate information:
  - a. Call: 202-326-4041
  - b. See: Interest Rate section in top left corner of the Practitioners Page of PBGC's Web site.

## Appendix 2 — Contact information

---

6. For assistance on coverage determination or plan termination:

- a. Call: 1-800-736-2444 or 202-326-4242
- b. E-mail: [standard@pbgc.gov](mailto:standard@pbgc.gov)
- c. Write to:

Pension Benefit Guaranty Corporation  
Insurance Program Department  
Technical Assistance Branch  
1200 K Street, NW  
Washington, DC 20005-4026

7. If you have a complaint about the service you have received or still need assistance after calling our practitioner telephone numbers listed in item 4 (1-800-736-2444 or 202-326-4242), please contact the Problem Resolution Officer (Practitioners):

- a. Call: 1-800-736-2444, ext. 4136 or 202-326-4136
- b. E-mail: [practitioner.pro@pbgc.gov](mailto:practitioner.pro@pbgc.gov)
- c. Write to:

Pension Benefit Guaranty Corporation  
Financial Operations Department  
Problem Resolution Officer (Practitioners)  
1200 K Street, NW  
Washington, DC 20005-4026

8. For questions about our Premium Compliance Evaluation Program:

- a. Call: 1-800-736-2444, ext. 6309 or 202-326-4161, ext. 6309
- b. E-mail: [pce@pbgc.gov](mailto:pce@pbgc.gov)

9. For software developers requesting approval of XML files produced by private-sector software for use in My PAA, follow submission instructions on PBGC's Web site.

TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to any telephone number.

*Note:* We cannot accept collect calls.

*Note:* PBGC filing addresses may change from time to time. Use the most current addresses, even for prior year filings (such as amended filings). The addresses on this page will be valid at least through June 30, 2010.

## **Appendix 3 — Online Premium Filing with My PAA**

---

### **Introduction**

My Plan Administration Account (My PAA) is a secure, Web-based application that enables you to electronically submit premium filings and payments to PBGC. Although electronic filing of premium information is mandatory, payments may be made either electronically or by paper check.

Information about how to use My PAA may be accessed through the Practitioners Page of PBGC's Web site ([www.pbgc.gov](http://www.pbgc.gov)) as well as within the My PAA application itself.

To use My PAA, you must set up a My PAA account which includes a user ID and password. Each My PAA user needs only one account, which can include an unlimited number of plans.

My PAA offers three e-filing methods:

- You can use My PAA's data entry and editing screens to create a filing; route it to others for review, editing, and electronic certification; and submit it electronically to PBGC. Each person who participates in the electronic processing of the filing must have a My PAA account.
- You can use private-sector software that is compatible with My PAA to create a filing, and then import the filing data into My PAA's data entry and editing screens for routing, review, editing, electronic certification, and electronic submission to PBGC. Each person who participates in the electronic processing of the filing must have a My PAA account.
- You can use private-sector software that is compatible with My PAA to create a filing, and then upload the filing to PBGC via the My PAA application. The filing cannot be routed, reviewed, or edited in My PAA. In most cases, a paper copy or copies of the filing must be certified outside of My PAA and retained in plan records. Only the person who uploads the filing must have a My PAA account.

### **My PAA's Data Entry and Editing Screens**

#### *Entering information*

My PAA's data entry and editing screens walk you through a step-by-step process to create a premium filing. For example, in the first step you identify the type of filing to be submitted (estimated Flat-rate Premium filing for Large Plans or comprehensive premium filing for all other purposes), the type of plan (Single-employer or Multiemployer) for which the filing is being submitted, and the plan year. Instructions are provided at each step.

The information entered in each step determines the content of the successive steps. For example, if you indicate that you are preparing a comprehensive premium filing for a Single-employer Plan, the later steps will request information needed to determine the amount of the Variable-rate Premium (if applicable). However, if you indicate that you are preparing a comprehensive premium filing for a Multiemployer Plan, the Variable-Rate Premium screens will be suppressed.

The required mathematical calculations are automated. For example, My PAA automatically multiplies your participant count by the applicable flat premium rate to generate the Flat-rate Premium.

## **Appendix 3 — Online Premium Filing with My PAA**

---

### *E-filing team*

Multiple people can contribute to a plan's filing in My PAA's data entry and editing screens. For example, some information might be entered by the Plan Administrator and other information by an actuary. The people authorized to contribute to a plan's premium filing in My PAA's data entry and editing screens are those who have the plan in their My PAA accounts, and are referred to as the plan's "e-filing team."

### *Routing filings*

Filings in progress can be routed among e-filing team members through My PAA for input, review, editing, e-certification of information, authorization of payment, and submission to PBGC. The person routing the filing to another member of the e-filing team can provide comments and instructions for the person to whom the filing is being routed. My PAA sends that person an e-mail notice (with the comments and instructions) stating that the filing has been routed for the recipient's action and that the recipient is now "holding" that filing. After all information has been provided and certified, and payment (if any) has been authorized, the filing can be electronically submitted to PBGC by the Plan Administrator or Filing Coordinator.

## **Using Private-Sector Software with My PAA**

### *Compatibility with My PAA*

You can use private-sector software to prepare a premium e-filing, but the software you use must be compatible with My PAA. That means that the software must be able to place your filing in an electronic file that is in "XML" format and meets PBGC specifications. The specifications are posted on PBGC's Web site. Private-sector software providers and developers submit to PBGC sample filings in XML format for PBGC review and assignment of vendor numbers; you should check with your software provider or developer to find out whether your software is capable of creating an XML file in the proper format for use with My PAA. If your compatible private-sector software permits, you can create batch files containing more than one premium filing for use with My PAA.

### *Importing a filing*

A premium filing that has been prepared with compatible private-sector software can be "imported" into My PAA's data entry and editing screens. That means that the information in the filing is placed into the data entry and editing screens and can then be electronically routed, reviewed, edited, certified, and submitted to PBGC as described above (see My PAA's Data Entry and Editing Screens). To import a filing for a plan, the plan must be in your My PAA account. My PAA provides instructions for importing filings.

### *Uploading a filing*

A premium filing that has been prepared with compatible private-sector software can also be "uploaded" through My PAA. That means that the fully-completed filing is submitted directly to PBGC and, therefore, cannot be reviewed or edited in My PAA before the submission to PBGC. My PAA's upload feature also allows multiple filings to be uploaded at the same time (i.e., a batch upload).

To upload a filing for a plan, the plan need not be in your My PAA account, but you must have a My PAA account with at least one plan in it. You must electronically certify in My PAA that you have authority to submit the filing for the plan, but in most cases the information in the filing must be certified on paper outside My PAA, and the certified information must be retained in plan records. (The Plan Administrator's (or enrolled actuary's) certification can be made on-line

## **Appendix 3 — Online Premium Filing with My PAA**

---

if it is the Plan Administrator (or enrolled actuary) who uploads the filing.) My PAA provides instructions for uploading filings and for certifying the information in uploaded filings.

### **Filing Coordinator**

A central role in the e-filing process is played by the “filing coordinator,” who is the person designated by the plan or Plan Sponsor to be responsible for coordinating the plan’s on-line premium filings. The filing coordinator for a plan is the one who adds that plan to the account of each other person in the e-filing team and assigns each e-filing team member one or more filing roles, such as the authority to certify a filing (e.g., as the Plan Administrator). My PAA provides instructions for becoming a plan’s filing coordinator, adding plans, adding e-filing team members, assigning roles, etc.

### **Payment Options**

#### *Payment within My PAA*

If you owe a premium, you can pay it using My PAA. My PAA offers three electronic payment methods:

- Automated Clearing House (ACH) — This payment method involves the electronic transfer of funds from an account that you specify by entering your account number and bank routing number.
- Electronic check — This is the electronic equivalent to writing a paper check to PBGC. It involves entering the check number of a (voided) paper check, your account number, and your bank routing number.
- Credit card — My PAA currently accepts Visa and MasterCard as payment options. A convenience fee (which is passed on to the credit card processor) of approximately 3.09 percent of the total premium amount is added to a premium payment made by credit card. The maximum allowable credit card payment is \$99,999.99 (including the convenience fee).

#### *Payment outside My PAA*

Payment outside My PAA is permitted for any filing and is required if multiple filings are uploaded at the same time (i.e., a batch upload). The options are:

- Electronic funds transfer (EFT) via Automated Clearing House (ACH) or Fedwire — You arrange for payment to be electronically transferred by providing your bank with PBGC’s EFT information as follows:

JPMorgan Chase Bank, N.A.

ABA: 071000013

Account: 656510666

Beneficiary: PBGC

Reference: “EIN/PN: XX-XXXXXXXX/XXX

PYC: MM/DD/YY”

Report the Employer Identification Number and Plan Number (“EIN/PN”) and the date the Premium Payment Year commenced (PYC) in the payment ID line of the electronic funds transfer in the format “EIN/PN: XX-XXXXXXXX/ XXX PYC: MM/DD/YY.” Since we process these payments electronically, strict adherence to this format is required for accurate and timely application of your payment. Any deviation from the prescribed format may

## **Appendix 3 — Online Premium Filing with My PAA**

---

result in our sending you a bill for premium, interest, and penalty if our automated system cannot apply your payment.

- Paper check — write the Employer Identification Number/Plan Number (EIN/PN) and the date the Premium Payment Year commenced (PYC) on the check to help ensure the accurate and timely application of your payment. In addition, My PAA provides you with a voucher<sup>7</sup> to send in with your check to help PBGC automatically match your check with your filing. Send the check (and voucher, if provided) to:

Pension Benefit Guaranty Corporation:

Dept. 77430

P.O. Box 77000

Detroit, MI 48277-0430

If you use a delivery service that does not deliver to a P.O. Box, your premium payment may be hand-delivered to:

Pension Benefit Guaranty Corporation

JPMorgan Chase Bank, N.A.

9000 Haggerty Road

Dept. 77430

Mail Code M11-8244

Belleville, MI 48111

### **Other Important My PAA Features**

#### *Filing receipts*

My PAA gives you a filing receipt. For a filing submitted from My PAA's data entry and editing screens (including a filing imported into My PAA), the filing receipt shows the date and time of submission to PBGC, a confirmation number, and all of the information submitted in the filing. For an upload, the filing receipt shows the date and time of submission by PBGC, a confirmation number, and the name of the uploaded XML file, but does not show any of the filing information in the uploaded file.

#### *Account history*

A member of a plan's e-filing team may, if authorized by the filing coordinator, view the plan's account history on-line through My PAA. The account history shows the results of PBGC's processing of your premium filings and payments for each plan year.

#### *Instructions*

My PAA provides full filing instructions and help screens. In addition, PBGC's Web site provides information and "demos" about how to get started and how to use My PAA. To access the My PAA information, select the Practitioners Page, and then click on "Online Premium Filing (My PAA)."

### **For More Information**

---

<sup>7</sup> My PAA does not provide a voucher when filings for multiple plans are uploaded at the same time (i.e., a batch upload).

## **Appendix 3 — Online Premium Filing with My PAA**

---

If you have questions about e-filing with My PAA, please contact us at any of the phone numbers or addresses in Appendix 2 (item 4).

## Appendix 4 — Business Codes

---

### Agriculture, Forestry, Fishing & Hunting Utilities

#### *Crop Production*

111100	Oilseed & Grain Farming
111210	Vegetable & Melon Farming (including potatoes & yams)
111300	Fruit & Tree Nut Farming
111400	Greenhouse, Nursery, & Floriculture Production
111900	Other Crop Farming (including tobacco, cotton, sugarcane, hay, peanut, sugar beet and all other crop farming)

#### *Animal Production*

112111	Beef Cattle Ranching & Farming
112112	Cattle Feedlots
112120	Dairy Cattle & Milk Production
112210	Hog & Pig Farming
112300	Poultry & Egg Production
112400	Sheep & Goat Farming
112510	Aquaculture (including shellfish and finfish farms & hatcheries)
112900	Other Animal Production 235110

#### *Forestry and Logging*

113110	Timber Tract Operations
113210	Forest Nurseries & Gathering of Forest Products
113310	Logging

#### *Fishing, Hunting and Trapping*

114110	Fishing
114210	Hunting & Trapping

#### *Sport Activities for Agriculture and Forestry*

115110	Support Activities for Crop Production (including cotton ginning, soil preparation, & cultivating)
115210	Support Activities for Animal Production
115310	Support Activities for Forestry

### Mining

211110	Oil & Gas Extraction
212110	Coal Mining
212200	Metal Ore Mining
212310	Stone Mining & Quarrying
212320	Sand, Gravel, Clay & Ceramic & Refractory Minerals Mining & Quarrying
212390	Other Nonmetallic Mineral Mining & Quarrying
213110	Support Activities for Mining

### Utilities

221100	Electric Power Generation, Transmission & Distribution
221210	Natural Gas Distribution
221300	Water, Sewage and Other Systems
221500	Combination Gas and Electric

### Construction

#### *Construction of Buildings*

236110	Residential Building Construction
236200	Nonresidential Building Construction

#### *Heavy and Civil Engineering Construction*

237100	Utility System Construction
237210	Land Subdivision
237310	Highway, Street, & Bridge Construction
237990	Other Heavy & Civil Engineering Construction

#### *Specialty Trade Contractors*

238100	Foundation, Structure & Building Exterior Contractors (including framing carpentry, masonry, glass, roofing, & siding)
238210	Electrical Contractors
238220	Plumbing, Heating, & Air Conditioning Contractors
238290	Other Building Equipment Contractors
238300	Building Finishing Contractors (including drywall, insulation, painting, wall covering, flooring, tile, & finish carpentry)
238900	Other Specialty Trade Contractors (including site preparation)

### Manufacturing

## Appendix 4 — Business Codes

---

### *Food Manufacturing*

311110	Animal Food Mfg.
311200	Grain & Oilseed Milling
311300	Sugar & Confectionery Product Mfg.
311400	Fruit & Vegetable Preserving & Specialty Food Mfg
311500	Dairy Product Mfg
311610	Animal Slaughtering and Processing
311710	Seafood Product Preparation & Packaging
311800	Bakeries & Tortilla Mfg.
311900	Other Food Mfg. (including coffee, tea, flavorings & seasonings)

### *Beverage and Tobacco Product Manufacturing*

312110	Soft Drink & Ice Mfg.
312120	Breweries
312130	Wineries
312140	Distilleries
312200	Tobacco Manufacturing

### *Textile Mills and Textile Product Mills*

313000	Textile Mills
314000	Textile Product Mills

### *Apparel Manufacturing*

315100	Apparel Knitting Mills
315210	Cut & Sew Apparel Contractors
315220	Men's & Boys' Cut & Sew Apparel Mfg.
315230	Women's & Girls' Cut & Sew Apparel Mfg
315290	Other Cut & Sew Apparel Mfg.
315990	Apparel Accessories & Other Apparel Mfg.

### *Leather and Allied Product Manufacturing*

316110	Leather & Hide Tanning & Finishing
316210	Footwear Mfg. (including rubber & plastics)
316990	Other Leather & Allied Product Mfg.

### *Wood Product Manufacturing*

321110	Sawmills & Wood Preservation
321210	Veneer, Plywood & Engineered Wood Product Mfg.
321900	Other Wood Product Mfg.

### *Paper Manufacturing*

322100	Pulp, Paper, & Paperboard Mills
322200	Converted Paper Product Mfg

### *Printing and Related Support Activities*

323100	Printing & Related Support Activities
--------	---------------------------------------

### *Petroleum and Coal Products Manufacturing*

324110	Petroleum Refineries (including integrated)
324120	Asphalt Paving, Roofing, & Saturated Materials Mfg.
324190	Other Petroleum & Coal Products Mfg.

### *Chemical Manufacturing*

325100	Basic Chemical Mfg.
325200	Resin, Synthetic Rubber, & Artificial & Synthetic Fibers & Filaments Mfg.
325300	Pesticide, Fertilizer, & Other Agricultural Chemical Mfg.
325410	Pharmaceutical & Medicine Mfg.
325500	Paint, Coating, & Adhesive Mfg.
325600	Soap, Cleaning Compound, & Toilet Preparation Mfg.
325900	Other Chemical Product & Preparation Mfg.

### *Plastics & Rubber Products Manufacturing*

326100	Plastics Product Mfg.
326200	Rubber Product Mfg.

### *Nonmetallic Mineral Product Manufacturing*

327100	Clay Product & Refractory Mfg.
327210	Glass & Glass Product Mfg.
327300	Cement & Concrete Product Mfg.

## Appendix 4 — Business Codes

---

327400 Lime & Gypsum Product Mfg.  
327900 Other Nonmetallic Mineral Product Mfg.

### *Primary Metal Manufacturing*

331110 Iron & Steel Mills & Ferroalloy Mfg.  
331200 Steel Product Mfg. from Purchased Steel  
331310 Alumina & Aluminum Production & Processing  
331400 Nonferrous Metal (except Aluminum) Production & Processing  
331500 Foundries

### *Fabricated Metal Product Manufacturing*

332110 Forging & Stamping  
332210 Cutlery & Handtool Mfg.  
332300 Architectural & Structural Metals Mfg.  
332400 Boiler, Tank & Shipping Container Mfg.  
332510 Hardware Mfg.  
332610 Spring & Wire Product Mfg.  
332700 Machine Shops; Turned Product; & Screw, Nut & Bolt Mfg.  
332810 Coating, Engraving, Heat Treating, & Allied Activities  
332900 Other Fabricated Metal Product Mfg.

### *Machinery Manufacturing*

333100 Agriculture, Construction, & Mining Machinery Mfg.  
333200 Industrial Machinery Mfg.  
333310 Commercial & Service Industry Machinery Mfg.  
333410 Ventilation, Heating, Air-Conditioning, & Commercial Refrigeration Equipment Mfg.  
333510 Metalworking Machinery Mfg.  
333610 Engine, Turbine & Power Transmission Equipment Mfg.  
333900 Other General Purpose Machinery Mfg.

### *Computer and Electronic Product Manufacturing*

334110 Computer & Peripheral Equipment Mfg.  
334200 Communications Equipment Mfg.  
334310 Audio & Video Equipment Mfg.  
334410 Semiconductor & Other Electronic Component Mfg.  
334500 Navigational, Measuring, Electrometrical, & Control Instruments Mfg.  
334610 Manufacturing & Reproducing Magnetic & Optical Media

### *Electrical Equipment, Appliance, and Component Manufacturing*

335100 Electric Lighting Equipment Mfg.  
335200 Household Appliance Mfg.  
335310 Electrical Equipment Mfg.  
335900 Other Electrical Equipment & Component Mfg.

### *Transportation Equipment Manufacturing*

336100 Motor Vehicle Mfg.  
336210 Motor Vehicle Body & Trailer Mfg.  
336300 Motor Vehicle Parts Mfg.  
336410 Aerospace Product & Parts Mfg.  
336510 Railroad Rolling Stock Mfg.  
336610 Ship & Boat Building  
336990 Other Transportation Equipment Mfg.

### *Furniture and Related Product Manufacturing*

337000 Furniture & Related Product Manufacturing

### *Miscellaneous Manufacturing*

339110 Medical Equipment & Supplies Mfg.  
339900 Other Miscellaneous Manufacturing

## **Wholesale Trade**

### *Merchant Wholesalers, Durable Goods*

423100 Motor Vehicle & Motor Vehicle Parts & Supplies  
423200 Furniture & Home Furnishings  
423300 Lumber & Other Construction Materials  
423400 Professional & Commercial Equipment & Supplies  
423500 Metals & Minerals (except Petroleum)  
423600 Electrical & Electronic Goods  
423700 Hardware, Plumbing & Heating Equipment & Supplies

## Appendix 4 — Business Codes

---

423800	Machinery, Equipment, & Supplies
423910	Sporting & Recreational Goods & Supplies
423920	Toy & Hobby Goods & Supplies
423930	Recyclable Materials
423940	Jewelry, Watches, Precious Stones, & Precious Metals
423990	Other Miscellaneous Durable Goods

### *Merchant Wholesalers, Nondurable Goods*

424100	Paper & Paper Products
424210	Drugs & Druggists' Sundries

921000 Governmental Instrumentality or Agency

## **Appendix 5 — Additional information for paper filers**

---

### **Requesting an exemption from e-filing**

PBGC may grant an exemption from the electronic filing requirement for good cause in appropriate circumstances. PBGC will weigh each request for exemption on the basis of the particular facts and circumstances presented. To provide PBGC adequate time to review and respond to an exemption request, the request should be submitted as early as possible, preferably at least 60 days before the filing due date. If for some reason an exemption request is not submitted before the filing due date and a paper filing is made, an exemption request should accompany the paper filing.

Requests for an exemption from the electronic filing requirement must be made in writing (e-mail, letter or fax). See Appendix 2 for information on where to send requests. Questions regarding exemption requests may be made in writing or by phone.

### **What to file**

If PBGC has granted you an exemption from electronic filing for 2008, you must file using PBGC forms that can be downloaded from PBGC's Web site. These forms also may be obtained by contacting PBGC.

If you do not have an exemption, but you choose to make a paper filing in anticipation of an exemption, you may make your filing on PBGC's paper forms, but you must include an attachment explaining that you do not have an exemption and providing an explanation of why you are submitting a paper filing. If you submitted an exemption request to which PBGC has not yet responded, report the date the request was submitted in the attachment. If you have not yet submitted an exemption request, attach it to your filing.

Note that if you do not receive the anticipated exemption, your paper filing will not satisfy the electronic filing requirement. Failure to comply with the electronic filing requirement without an exemption is subject to penalty under ERISA section 4071.

### **Certifications**

Be sure to complete the Plan Administrator certification on the form. Also, if you are filing for a Single-employer Plan be sure to have the enrolled actuary complete the enrolled actuary certification on the form unless such certification is not required (see "Description of Data Elements" section).

### **Information About Attachments**

Be sure to report that additional information is attached to the filing (see item 20 in the "Description of Data Elements" section). Show the EIN/PN and the first day of the plan year (identified as "PYC") for this filing at the top of each attachment to your filing.

## **Appendix 5 — Additional information for paper filers**

---

### **Where to file**

You may make a paper premium filing by hand, mail, or commercial delivery service, using PBGC forms that you can download from PBGC's Web site or obtain by contacting PBGC. Mail your paper premium filing (and check, if payment is by check) to one of the following addresses:

If you send your filing via the US Postal Service (regular or certified mail)	If you use a delivery service that does not deliver to a P.O. Box
Pension Benefit Guaranty Corporation Dept. 77430 P.O. Box 77000 Detroit, MI 48277-0430	Pension Benefit Guaranty Corporation JPMorgan Chase Bank, N.A. 9000 Haggerty Road Dept. 77430 Mail Code MI1-8244 Belleville, MI 48111

### **Paying your premium**

If you are paying by check, write the EIN/PN and the date the Premium Payment Year commenced (PYC) on the check and include your check with the paper filing.

If you are paying by electronic funds transfers (ACH or Fedwire) — make the transfer to:

JPMorgan Chase Bank, N.A.  
ABA: 071000013  
Account: 656510666  
Beneficiary: PBGC  
Reference: "EIN/PN: XX-XXXXXXXX/XXX  
PYC: MM/DD/YY"

Report the EIN/PN and the date the Premium Payment Year commenced (PYC) in the payment ID line of the electronic funds transfer in the format "EIN/PN: XX-XXXXXXXX/ XXX PYC: MM/DD/YY." Since we process these payments electronically, strict adherence to this format is required for accurate and timely application of your payment. Any deviation from the prescribed format may result in our sending you a bill for premium, interest, and penalty if our automated system cannot apply your payment.

## Appendix 6 — Paperwork Reduction Act Notice

---

We need this information to determine the amount of premium due to PBGC under Title IV of ERISA. You are required to give us this information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information under control number 1212-0009.

Confidentiality is that provided by the Privacy Act and the Freedom of Information Act.

Shown below is the estimated burden associated with the preparation and submission of premium filings (both estimated flat-rate filings for Large Plans and comprehensives filing for all plans). The burden estimates are expressed in hours. The burden estimates are averages for the plans in each of the listed categories. These times will vary depending on the circumstances of a given plan.

<b>Plan Type</b>	<b>Average Burden</b>
<i>Single-Employer Plans</i>	
▪ Small Plans (prior year participant count - fewer than 100).....	6.00 hours
▪ Mid-size Plans (prior year participant count - 100 or more but fewer than 500).....	6.50 hours
▪ Large Plans (prior year participant count - 500 or more).....	8.25 hours
<i>Multiemployer Plans</i> .....	4.25 hours

If you have comments concerning the accuracy of these burden estimates or suggestions for making the forms or the electronic filing process simpler, please send your comments to Pension Benefit Guaranty Corporation, Legislative & Regulatory Department, 1200 K Street, NW, Washington, DC 20005-4026.
