

Justification for changes to TTB F 5110.75

Presently, TTB F 5110.75 has the “Proof Gallons” and “Wine Gallons” columns divided into 2 columns with shading on different sides. We have determined that this division is no longer necessary so we are requesting permission to delete 1 of the columns and the shading and have only 1 column for each item.

We are also removing the line through the middle of Item 3, Part I; adding “(Medium Plants Only)” to Item 3, Part II; and correcting Item 7 by moving it under the “Spirits Transaction” heading where it should have been.
