GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

IMPORTANT - PLEASE READ U.S. DEPARTMENT OF EDUCATION

Please note that the Grants.gov site works differently from the U.S. Department of Education's (Department) e-Application system. To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

1. **REGISTER EARLY** – Grants.gov registration is a one-time process that may take five or more days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Get Started steps are complete. For detailed information on the Get Started Steps, please go to: <http://www.grants.gov/GetStarted>
2. **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection. If you start uploading your application before 4:30 p.m. Washington, D.C. time on the application deadline date, and it does not finish uploading until after 4:30 p.m., your application will be marked late. If that happens, please see the section below on submission problems.

Note: To submit successfully, you must provide the DUNS number on your application that was used when your organization registered with the CCR (Central Contractor Registry).

3. **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department receive your Grants.gov submission in a timely manner, and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Check Application Status link. For a successful submission, the date/time received should be earlier than 4:30 p.m. on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30 p.m. Washington, D.C. time, on the closing date, your application is late.

If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been

received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site.

If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or use the customer support available on the Web site: <http://www.grants.gov/CustomerSupport>.

Electronic submission is required. You must submit an electronic application before 4:30 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to log on to Grants.gov to upload and submit the application. (This is different from e-Application, where you are working online and saving data to the Department's database.) You must provide the DUNS number that was used when your organization registered with the Central Contractor Registry (CCR) on your application.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection.

If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (Refer to the Federal Register notice for detailed instructions.)

MAC Users

If you do not have a Windows operating System, you will need a Windows Emulation program to submit an application using Grants.gov. For additional information, review the PureEdge Support for MacIntosh white paper published by Pure Edge: http://www.grants.gov/GrantsGov_UST_Grantee!/SSL!/WebHelp/MacSupportforPureEdge.pdf, and/or contact Grants.gov Customer Support (<http://www.grants.gov/CustomerSupport>) for more information.

If you do not have a Windows Emulation program and electronic submission is required, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date. (Refer to the Federal Register notice for detailed instructions.)

GRANTS.GOV REGISTRATION INSTRUCTIONS FOR ORGANIZATIONS

The Grants.gov registration process involves three basic steps:

1. Register your organization
 - Obtain a D-U-N-S Number (see below for instructions)
 - Register with the Central Contractor Registry (see below for instructions)
2. Register yourself as an Authorized Organization Representative (AOR)
 - Obtain a username and password from the Grants.gov credential provider (<https://apply.grants.gov/OrcRegister>)
 - Register with Grants.gov (<https://apply.grants.gov/GrantsgovRegister>)
3. Get authorized as an AOR by your organization
 - Receive approval from your organization's E-Business POC (see CCR instructions below for details)
 - If you are both the E-Business POC and an AOR, you should authorize your own AOR request

For more information, go to http://www.grants.gov/applicants/get_registered.jsp.

Note: If you are a grant applicant who is submitting a grant application on your own behalf and not on behalf of a company, institution, state, local or tribal government, or other type of organization, refer to <http://www.grants.gov/assets/IndividualRegCheck.pdf>. If you apply as an individual to a grant application package designated for organizations, your application will be rejected.

D-U-N-S NUMBER INSTRUCTIONS

To successfully submit an application using Grants.gov, you must provide your organization's D-U-N-S Number. A D-U-N-S Number is a unique nine-digit number issued by D&B, a global information services provider, that identifies your organization and is used by the Federal government to track how Federal money is distributed. Most large organizations, libraries, colleges, and research universities already have D-U-N-S numbers. Ask your grant administrator or chief financial officer to provide your organization's D-U-N-S Number.

If your organization does not have a D-U-N-S Number, you can obtain one at no charge by calling 1-866-705-5711 or by completing a D-U-N-S Number Request Form (http://www.dnb.com/US/duns_update/index.html). You will need to provide the following information:

- Legal name
- Tradestyle, doing business as (DBA), or other name by which your organization is commonly recognized
- Physical address, city, state and zip code
- Mailing address (if separate)
- Telephone number

- Contact name
- SIC code (Line of Business)
- Number of employees at your location
- Headquarters name and address (if there is a reporting relationship to a parent corporate entity)
- Is this a home-based business?

Obtaining a DUNS Number places your organization on D&B's marketing list, which is sold to other companies. You can request not to be added to this list during your application.

Live help from D&B is available Monday-Friday, 8 a.m. – 5 p.m. (EST) at 1-888-814-1435.

CENTRAL CONTRACTOR REGISTRATION (CCR) INSTRUCTIONS

The Central Contractor Registration (CCR) is a web-enabled government-wide application that collects, validates, stores, and disseminates business information about the Federal government's trading partners in support of the contract award, grants, and electronic payment processes. Check to see if your organization is already registered at the CCR website (<http://www.bpn.gov/ccring/scripts/search.asp>).

If your organization is already registered, take note of who is listed as your E-Business Point of Contact (E-Business POC). This person will be responsible for authorizing who within your organization is able to submit applications using Grants.gov.

If your organization is not already registered, you can register using the CCR website (<https://www.bpn.gov/ccr/scripts/indexnew.asp>) or by phone (1-888-227-2423). When your organization registers with CCR, you will need to designate an E-Business Point of Contact (POC). This designee authorizes individuals to submit grant applications on behalf of the organization. A special Marketing Partner ID Number (MPIN) is established as a password to verify the E-Business POC.

The E-Business POC will be notified by e-mail when individuals from their organization register with Grants.gov. This registration is a request to be designated as an Authorized Organization Representative (AOR). To assign AOR rights, E-Business POCs need to log into Grants.gov (http://www.grants.gov/applicants/e_biz.jsp) using the organization's D-U-N-S Number and MPIN. Grants.gov will send the AOR a confirmation e-mail when this process has been completed.

Please note that your CCR registration must be renewed once a year. You can check your registration status using the CCR search page (<http://www.bpn.gov/ccring/scripts/search.asp>).

If you have further questions about creating, updating or renewing your CCR registration, please visit the CCR Frequently Asked Questions page (<http://www.ccr.gov/FAQ.asp>) or contact the CCR Help Desk at 1-888-227-2423.

GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

Section 427 of GEPA requires all applicants for new awards to include in their applications a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. The provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: *gender, race, national origin, color, disability, or age.*

A general statement of an applicant's nondiscriminatory hiring policy is not sufficient to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

NOTES:

- **Applicants for new awards must include information in their applications to address this provision in order to receive funding under this program.**
- **Applicants are required to address this provision by attaching a statement to the ED GEPA 427 Form that must be downloaded from [Grants.gov](https://www.grants.gov).**

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act (GPRA) of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency clearly states what it intends to accomplish, identifies the resources required, and regularly reports its progress to the Congress. In doing so, GPRA is improving accountability for the expenditures of public funds, improving Congressional decision-making with more thorough and objective information on the effectiveness of Federal programs, and promoting a new government focus on results, cost-effectiveness, service delivery, and customer satisfaction.

FIPSE performance is focused on 1) the extent to which funded projects are being replicated—i.e., adopted or adapted—by others; and 2) the manner in which projects are being institutionalized and continued after grant funding. These two results constitute FIPSE's indicators of the success of our program. Consequently, applicants for FIPSE grants are advised to give careful consideration to these two outcomes in conceptualizing the design, implementation, and evaluation the proposed project. Consideration of these outcomes is an important part of many of the review criteria discussed below. Thus, it is important to the success of your application that you include these objectives and their measure. If funded, you will be asked to collect and report data from your project on these indicators.

An applicant that receives a grant award will be required to submit annual progress reports and a final report as a condition of the award. The reports will document the extent to which project goals and objectives are met. Currently, the forms for these reports can be viewed at <http://www.ed.gov/programs/fipsecomp/performance.html>.

INSTRUCTIONS FOR PROJECT NARRATIVE

Applicants will attach the project narrative to the **Project Narrative Attachment Form**.

Please note that the Program Narrative Attachment Form is limited to **25 pages**. This section includes your responses to the selection criteria specified in the Notice and in this package.

Formatting

A “page” is “8.5 x 11”, on one side only, with 1” margins at the top, bottom, and both sides. Page numbers and an identifier may be within the 1” margin. Double-space all text in the application, including titles and headings. All text in charts, tables, graphs, footnotes, quotations, references, and captions may be single-spaced. Applicants may use one of the following fonts: *Times New Roman, Courier, Courier New or Arial, only*. Applications submitted in any other font (including Times Roman and Arial Narrow) will not be accepted. Do not use anything smaller than a 12-point font.

Before preparing the Program Narrative, applicants should review the Dear Applicant Letter, the Federal Register notice (Notice), and program statute for specific guidance and requirements. Note that applications will be evaluated according to the specific selection criteria specified in the Notice and this package.

The Secretary evaluates an application on the basis of the broad criteria in 34 CFR Part 75, sections 75.209(a) and 75.210 of the Education Department General Administrative Regulations (EDGAR). Please see “Selection Criteria” in the Federal Register Notice.

To facilitate the review of the application, provide responses to the following selection criteria in the following order:

(a) Need for project. (10 points)

- (1) The Secretary considers the need for the proposed project.
- (2) In determining the need for the proposed project, the Secretary considers the following factors:
 - (i) The magnitude or severity of the problem to be addressed by the proposed project.
 - (ii) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.

The Secretary’s Commission on Higher Education noted a remarkable shortage of clear, accessible information about crucial aspects of American colleges and universities, from financial aid to graduation rates. Similarly, the Secretary’s Academic Competitiveness Council (ACC) also noted a serious deficiency in our ability to

understand the impact of federally-funded educational interventions and activities on student outcomes and achievement. In reviewing applications, we will be assessing the degree to which the applicant is proposing innovative and comprehensive approaches to addressing the recommendations of the Commission and the ACC by improving the ability to collect, empirically evaluate, and report outcome-based student achievement and institutional performance data.

(b) Significance. (20 points)

(1) The Secretary considers the significance of the proposed project.

(2) In determining the significance of the proposed project, the Secretary considers the following factors:

(i) The potential contribution of the proposed project to increased knowledge or understanding of educational problems, issues, or effective strategies.

(ii) The likelihood that the proposed project will result in system change or improvement.

(iii) The extent to which the proposed project is likely to yield findings that may be utilized by other appropriate agencies and organizations.

(iv) The extent to which the proposed project involves the development or demonstration of promising new strategies that build on, or are alternatives to, existing strategies.

(v) The potential replicability of the proposed project or strategies, including, as appropriate, the potential for implementation in a variety of settings.

(vi) The importance or magnitude of the results or outcomes likely to be attained by the proposed project, especially improvements in teaching and student achievement.

In reviewing proposals, we will consider the scope of the project and the likelihood that student achievement and institutional performance reports will be useful to institutions, educators, parents, students and policy-makers in making informed decisions regarding higher education and investments therein. We will also consider the likelihood that other institutions outside of the consortia will adapt and implement the data collection, assessment and reporting methodologies developed through the pilot project.

(c) Quality of the project design. (20 points)

(1) The Secretary considers the quality of the design of the proposed project.

(2) In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(i) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(ii) The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs.

(iii) The extent to which the design of the proposed project includes a thorough, high-quality review of the relevant literature, a high-quality plan for project implementation, and the use of appropriate methodological tools to ensure successful achievement of project objectives.

(iv) The extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

(v) The extent to which the proposed project will be coordinated with similar or related efforts, and with other appropriate community, State, and Federal resources.

(vi) The extent to which the proposed project encourages consumer involvement.

(viii) The extent to which performance feedback and continuous improvement are integral to the design of the proposed project.

In reviewing proposals, we will look for evidence that the project will significantly advance the field by increasing the transparency and accountability of institutions of higher education and by developing new, rigorous methods for determining empirically “what works” to improve student learning and achievement. We will also look for evidence that the project will continue after Federal funding has ceased. Further, we will look for evidence that the ultimate consumers of the information, including students, parents, educators, institutions of higher education and policy makers, have a role in defining the parameters to be measured and have opportunity to provide feedback on and improve the system.

(d) Quality of project services. (10 points)

(1) The Secretary considers the quality of the services to be provided by the proposed project.

(2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been

underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The extent to which the technical assistance services to be provided by the proposed project involve the use of efficient strategies, including the use of technology, as appropriate, and the leveraging of non-project resources.

In reviewing proposals, we will look for evidence that a variety of postsecondary institutions will participate in the proposed project and that data and reports can be disaggregated in ways that allow stakeholders to understand performance outcomes for traditional as well as non-traditional students, those who change enrollment status or transfer between institutions of higher education, and those who are in underrepresented groups. It is assumed that technology will be appropriately deployed in this project, and we will look to ensure that adequate protections are built in to maintain student privacy and confidentiality of data.

(e) Quality of project personnel. (10 points).

(1) The Secretary considers the quality of the personnel who will carry out the proposed project.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The qualifications, including relevant training and experience, of the project director or principal investigator.

(ii) The qualifications, including relevant training and experience, of key project personnel.

(iii) The qualifications, including relevant training and experience, of project consultants or subcontractors.

(f) Adequacy of resources. (10 points)

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

(i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization.

(ii) The relevance and demonstrated commitment of each partner in the proposed project to the implementation and success of the project.

(iii) The extent to which the budget is adequate to support the proposed project.

(iv) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project.

(v) The potential for continued support of the project after the Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support.

(v) The potential for the incorporation of project purposes, activities, or benefits into the ongoing program of the agency or organization at the end of Federal funding.

(g) Quality of the management plan. (10 points)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project.

(iii) The adequacy of mechanisms for ensuring high-quality products and services from the proposed project.

(iv) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(v) How the applicant will ensure that a diversity of perspectives are brought to bear in the operation of the proposed project, including those of parents, teachers, the business community, a variety of disciplinary and professional fields, recipients or beneficiaries of services, or others, as appropriate.

(h) Quality of the project evaluation. (10 points)

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(ii) The extent to which the methods of evaluation are appropriate to the context within which the project operates.

(iii) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies.

(iv) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

(v) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

(vi) The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.

INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant. Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424

Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

DEFINITIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424 (Attachment to Instructions for Supplemental Information for SF 424)

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and

For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—RESEARCH

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—HUMAN SUBJECT

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional*

technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the

information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture. II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Potential Risks: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Protection Against Risk: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Importance of the Knowledge to be Gained: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) Collaborating Site(s): If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, DC 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/OCFO/humansub.html>

Section C - Budget Narrative
Pay attention to applicable program specific instructions,
if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.
