[HUD Master Models](#)   Doctoral Programs

Early Doctoral

To enable doctoral students to cultivate their research skills through the preparation of research manuscripts that focus on policy-relevant housing and urban development issues.

Doctoral Dissertation

To assist Ph.D. candidates in completing their research and dissertations on policy-relevant housing and urban development issues.

Need Statements

There is insufficient relevant research activity to support housing policy analysis.

There are not enough trained investigators addressing housing policy issues.

Activities and Outputs

Faculty approve study design	Design
Relevant data sets acquired	Data Sets
Original data collected	Data Collected
Faculty approve statistical methods of analysis	Analysis
Findings examined in relation to one or more HUD Goals	Goals
Findings examined in relation to one or more HUD Policy Priorities	Policy Priorities
Manuscripts prepared	Manuscripts

Outcomes and Indicators

Study project completed and approved by faculty	Approved Project
Study findings presented at conference, symposium, or other forum	Papers
Study findings published in peer-reviewed journal	Papers
Study findings published in non peer-reviewed media	Papers
Dissertation completed and approved	Dissertation
Dissertation published in Dissertation Abstracts or other media	Publications
Study findings address one or more HUD Goals	Goals
Study findings address one or more HUD Policy Priorities	Policy Priorities

Measurement Tools

A. Tools to Track Outputs and Outcomes
Interviews
Phone Logs
Questionnaire
Pre-Post test

Survey	
Other	
B. Where Data are Maintained	
Database	
Individual records	
University	
Grantee Agencies	
Other	
C. Source of Data	
Site Reports	
Interviews	
Surveys	
Journals	
HUD Database	
Other	
D. Frequency of Data Collection	
Daily	
Weekly	
Monthly	
Quarterly	
Biannually	
Annually	
Other	

E. Process of Collection and Reporting

Computer spreadsheets	
Flat file database	
Manual tallies	
Relational database	
Statistical database	
Other	

Management Questions

1. How many doctoral candidates adopted housing issues as their area of research interest?
2. How many investigative projects were initiated which address housing issues?
3. How many doctoral candidates adopted strategic goals or policy priorities other than housing as their area of research interest?
