INSTRUCTIONS FOR COMPLETING FORM RAC-50 CO

On the top half of the form, report in pounds all inventory of organically produced natural condition free tonnage raisins on hand as of the requested date by location and variety.

- a) Review your purchases and sales of free tonnage raisins with other handlers and ensure an inter-handler transfer (Form RAC-6) was filed with the RAC. If an RAC-6 was not filed, the transferring handler's inventory will appear to be understated and the receiving packer's inventory will appear to be overstated.
- b) Do not report as free tonnage:
 - 1) Reserve tonnage you are holding on behalf of another handler or reserve tonnage another handler is holding on your behalf.
 - 2) Any reserve tonnage as free tonnage; you may feel you have qualified for a release of reserve tonnage, but do not report it as free tonnage unless you have a signed release in hand.

On the bottom half of the form report processed raisins held locally and those held in other warehouses by location and variety.

- a) Do not report:
 - Warehoused raisins already reported as shipments on the RAC-20 CO.
 - Packed raisins purchased from a broker, as you will not report these as a shipment for RAC-20 CO purposes as another packer has already reported these as a shipment.
- b) Check your shipment reports.
 - Ensure raisins processed and shipped by you for another packer were not reported by you as a shipment.
 - 2) Ensure your shipment reports have been appropriately adjusted for packed raisins purchased from a broker, these have already been reported by another packer as a shipment.

This report is required by law (7 U.S.C. 608(d), 7 C.F.R. 989.73 and 7 C.F.R. 989.173(g)(1)). Failure to report can result in a fine of \$1,100 for each such violation and each day during which such violation continues shall be deemed a separate violation.
