NOTE: All data provided are confidential and will be used to determine the cumulative effects of exempted fishing activities on marine resources as well as provide scientific information on species that would otherwise be prohibited from collection/possession. Consistent and accurate reporting is critical for achieving the benefits of conservation and management of Atlantic Highly Migratory Species fisheries. This form is mandatory for all Exempted Fishing, Scientific Research, and Display Permit holders. This form is voluntary for all Letter of Acknowledgment Permit holders. If you have any questions, please contact the HMS Management Division at (301) 713-2347. For additional copies of the Interim Report Form, respondents may either make additional copies or contact the HMS Management Division at the number listed above.
