fr doc 05 22873  
usdhs cdc - 60 day 06 06ac  
low back pain form

you cant be serious. spending taxpayer dollars for developing this kind of form. the mining industry itself has probably developed such a form by now. after all they have only been in business for one hundred years. why this latecoming nonsense by cdc?

also insurance companies already have forms like this. why is cdc doing this after the 100 year fact in spending taxpayer dollars on this?

get one that has already been developed.
