 2. because disasters often disrupt the normal functioning of governments and communities, and adversely affect individuals and families with great severity;

special measures, designed to assist the efforts of the affected States in expediting the rendering of aid, assistance, and emergency services, and the reconstruction and rehabilitation of devastated areas, are necessary.

- b. It is the intent of the Congress, by this Act, to provide an orderly and continuing means of assistance by the Federal Government to State and local governments in carrying out their responsibilities to alleviate the suffering and damage which result from such disasters by--
 1. revising and broadening the scope of existing disaster

- relief programs;
2. encouraging the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the States and by local governments;
 3. achieving greater coordination and responsiveness of disaster preparedness and relief programs;
 4. encouraging individuals, States, and local governments to protect themselves by obtaining insurance coverage to supplement or replace governmental assistance;

1. to reduce the loss of life and property, human suffering, economic disruption, and disaster assistance costs resulting from natural disasters; and
 2. to provide a source of predisaster hazard mitigation funding that will assist States and local governments (including Indian tribes) in implementing effective hazard mitigation measures that are designed to ensure the continued functionality of critical services and facilities after a natural disaster.

2. Amount of reduction

The amount of a reduction in Federal assistance under this section with respect to a facility shall be the lesser of--

1968 [42 U.S.C. § 4001 et seq.] on such date.

3. Exception

e. *Net eligible cost*

1. *General rule*

For purposes of this section, the cost of repairing, restoring, reconstructing, or replacing a public facility or private nonprofit facility on the basis of the design of such facility as it existed immediately prior to the major disaster and in conformity with current applicable codes, specifications, and standards (including floodplain management and hazard mitigation criteria required by the President or by the Coastal Barrier Resources Act (16 U.S.C. 3501 et seq.)) shall, at a minimum, be treated as the net eligible cost of such repair, restoration, reconstruction, or replacement.

In any case in which the facility being repaired, restored, reconstructed, or replaced under this section was under construction on the date of the major disaster, the cost of repairing, restoring, reconstructing, or replacing such facility shall include, for purposes of this section, only those costs which, under the contract for such

construction, are the owner's responsibility and not the contractor's responsibility.

- exceeds the cost estimated under paragraph (1).
- B. Actual cost less than estimated cost.-
 - i. Greater than or equal to floor percentage of estimated cost.--In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is less than 100 percent of the cost estimated under paragraph (1), but is greater than or equal to the floor percentage established under paragraph (3) of the cost estimated under paragraph (1), the State or local government or person receiving funds under this section shall use the excess funds to carry out cost-effective activities that reduce the risk of future damage, hardship, or suffering from a major disaster.
 - ii. Less than floor percentage of estimated cost.--In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is less than the floor percentage established under paragraph (3) of the cost estimated under paragraph (1), the State or local government or person receiving assistance under this section shall reimburse the President in the amount of the difference.
 - C. No effect on appeals process.--Nothing in this paragraph affects any right of appeal under section 423.
3. Expert panel.-
- A. Establishment.--Not later than 18 months after the date of enactment of this paragraph, the President, acting through the Director of the Federal Emergency Management Agency, shall establish an expert panel, which shall include representatives from the construction industry and State and local government.
 - B. Duties.--The expert panel shall develop recommendations concerning-
 - i. procedures for estimating the cost of repairing, restoring, reconstructing, or replacing a facility consistent with industry practices; and
 - ii. the ceiling and floor percentages referred to in paragraph (2).

- C. Regulations.--Taking into account the recommendations of the expert panel under subparagraph (B), the President shall promulgate regulations that establish-
 - i. cost estimation procedures described in subparagraph (B)(i); and
 - ii. the ceiling and floor percentages referred to in paragraph (2).
 - D. Review by President.--Not later than 2 years after the date of promulgation of regulations under subparagraph (C) and periodically thereafter, the President shall review the cost estimation procedures and the ceiling and floor percentages established under this paragraph.
 - E. Report to Congress.--Not later than 1 year after the date of promulgation of regulations under subparagraph (C), 3 years after that date, and at the end of each 2-year period thereafter, the expert panel shall submit to Congress a report on the appropriateness of the cost estimation procedures.
4. Special rule.--In any case in which the facility being repaired, restored, reconstructed, or replaced under this section was under construction on the date of the major disaster, the cost of repairing, restoring, reconstructing, or replacing the facility shall include, for the purposes of this section, only those costs that, under the contract for the construction, are the owner's responsibility and not the contractor's responsibility.

[(2) Effective date.--The amendment made by paragraph (1) takes effect on the date of enactment of this Act and applies to funds appropriated after the date of enactment of this Act, except that paragraph (1) of section 406(e) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as amended by paragraph (1)) takes effect on the date on which the cost estimation procedures established under paragraph (3) of that section take effect.]

§ 5191. PROCEDURE FOR DECLARATION {Sec. 501}

a. Request and declaration

All requests for a declaration by the President that an emergency exists shall be made by the Governor of the affected State. In determining whether or not such an emergency exists, the President shall consult the Governor of any affected State, if practicable. The President's

determination may be made without regard to subsection (a).
