SUPPLEMENTARY INFORMATION: As part of its efforts to streamline and

consolidate its record system, the **Department of Homeland Security** (DHS) is establishing a new agency-wide systems of records under the Privacy Act of 1974 (5 U.S.C. 552a) for the **Department of Homeland Security** General Information Technology Access Account Records System (GITAARS). This system of records is part of DHS's ongoing record integration and management efforts. This system will consist of information collected in order to provide authorized individuals with access to DHS information technology resources. This information includes user name, business affiliation, account information and passwords.

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the U.S. Government collects, maintains, uses and disseminates personally identifiable information. The Act applies to information that is maintained in a ``system of records.'' A ``system of records'' is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act requires each agency to publish in the Federal Register a description of the type and character of each system of records that the agency maintains, and the routine uses for which such information may be disseminated and the purpose for which the system is maintained. Individuals may request their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act **regulations**, 6 CFR Part 5.

In accordance with 5 U.S.C. 552a(r), a report on this system has been sent to Congress and to the Office of Management and Budget.
DHS-2006-0076

System name:

General Information Technology Access Account Records System, DHS/
ALL 004.

Security classification:

Unclassified but sensitive.

System location:

Records are maintained by the **Department of Homeland Security** at the DHS Data Center in Washington, DC, and at a limited number of remote locations where DHS components or program maintain secure facilities and conducts its mission.

Categories of individuals covered by the system:

A. All persons who are authorized to access DHS Information Technology resources, including employees, contractors, grantees, private enterprises and any lawfully designated representative of the above and including representatives of Federal, state, territorial, tribal, local, international, or foreign government agencies or entities, in furtherance of the DHS mission;

B. Individuals who serve on DHS boards and committees;

C. Individuals who have business with DHS and who have provided personal information in order to facilitate access to DHS Information Technology resources; and

D. Individuals who are facility points of contact for government business and the individual(s) they list as emergency contacts.

Categories of records in the system:

DHS/ALL 004 contains names, business affiliations, facility positions held, business telephone numbers, cellular phone numbers, pager numbers, numbers where individuals can be reached while on travel or otherwise away from the office, citizenship, home addresses, electronic mail addresses, names and phone numbers of other contacts, the positions or titles of those contacts, their business affiliations and other contact information provided to the **Department** that is derived from other sources to facilitate authorized access to DHS Information Technology resources.

Authority for maintenance of the system:
5 U.S.C. 301; 44 U.S.C. 3101.

Purpose(s):

This system will collect a discreet set of personal information in order to provide authorized individuals access to DHS information technology resources. The information collected by the system will include full name, user name, account information, citizenship, business affiliation, contact information, and passwords.

The system enables DHS to maintain: (a) Account information for gaining access to information technology; (b) lists of individuals who are appropriate organizational points of contact for the **Department**; and (c) lists of individuals who are emergency points of contact. The system will also enable DHS to provide individuals access to certain programs and meeting attendance and where appropriate allow for sharing of information between individuals in the same operational program to facilitate collaboration.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed outside DHS as a routine use pursuant to 5 U.S.C. 552a(b)(3), limited by privacy impact assessments, data sharing, or other agreements, as follows:

A. To DHS contractors, consultants or others, when necessary to perform a function or service related to this system of records for which they have been engaged. Such recipients are required to comply with the Privacy Act of 1974, as amended (5 U.S.C. 552a).

B. To sponsors, employers, contractors, facility operators, grantees, experts, and consultants in connection with establishing an access account for an individual and when necessary to accomplish a DHS mission function related to this system of records.

C. To other individuals in the same operational program supported by an information technology system, where appropriate notice to the individual has been made that his or her contact information will be shared with other members of the same operational program in order to facilitate collaboration.

D. To a Congressional office from the record of an individual in response to an inquiry from that Congressional office made at the written or attested to request of the individual to whom the record pertains.

E. To the National Archives and Records Administration or other Federal government agencies pursuant to records management inspections being conducted under the authority of 44 U.S.C. Sections 2904 and 2906.

F. To the **Department** of Justice (DOJ), or other Federal agency

conducting litigation or in proceedings before any court, adjudicative or administrative body, when: (a) DHS; (b) any employee of DHS in his/her official capacity; (c) any employee of DHS in his/her individual capacity where DOJ or DHS has agreed to represent the employee; or (d) the United States or any agency thereof, is a party to the litigation or has an interest in such litigation.

Disclosure to consumer reporting agencies:

None.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage

Records in this system are on paper and/or in digital or other electronic form. Digital and other electronic images are stored on a storage area network in a secured environment.

Retrievability:

Information may be retrieved by an identification number assigned by computer, by facility, by business affiliation, e-mails address, or by the name of the individual.

Safeguards:

Information in this system is safeguarded in accordance with applicable laws, rules and policies, including the DHS Information Technology **Security** Program Handbook. Further, GITAARS **security** protocols will meet multiple NIST **Security** Standards from Authentication to Certification and Accreditation. Records in the GITAARS will be maintained in a secure, password protected electronic system that will utilize **security** hardware and software to include: multiple firewalls, active intruder detection, and role-based access controls. Additional safeguards will vary by component and program. All records are protected from unauthorized access through appropriate administrative, physical, and technical safeguards. These safeguards include: restricting access to authorized personnel who have a "need to know;" using locks; and password protection identification features. Classified information is appropriately stored in accordance with applicable requirements. DHS file areas are locked after normal duty hours and the facilities are protected from the outside by **security** personnel.

Retention and disposal:

Records are retained and disposed of in accordance with the National Archives and Records Administration's General Records Schedule 24, section 6, "User Identification, Profiles, Authorizations, and Password Files." Inactive records will be destroyed or deleted 6 years after the user account is terminated or password is altered, or when no longer needed for investigative or **security** purposes, whichever is later.
