EDEN 2006-2007 Paperwork Clearance "READ ME FIRST" file

The ED*Facts* paperwork clearance submission package consists of the supporting statement and three attachments. Because of their size, attachments B and C are divided into smaller files. Attachment A contains copies of the Federal Register notice and other communications about this collection. Attachment B contains the entire ED*Facts* Data Set for SY 2007-08. Attachment C contains only those items that changed from the previous school (2006-07) year.
