Comment	Middle schools will be directed towards the elementary or secondary table depending on whether they are departmentalized.	Comment	Middle schools use this data group if they are not departmentalized. Core academic subjects are English, reading or language arts, mathematics, science, foreign languages, civics or government, economics, arts, history and geography. Exclude tutorials, pull-out programs, and other instruction that is not classroom-based. While the statute includes the arts in the core academic subjects, it does not specify which of the arts are core academic subjects. Therefore, states must make this determination.
