The Paperwork Reduction Act of 1995

This information is collected in accordance with section 3507 of the Paperwork Reduction Act of 1995. Accordingly, we may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a valid OMB number. We anticipate that the time expended by all individuals who complete this survey will average 30 minutes. This includes the time it will take to read instructions, gather the necessary facts and fill out the form. Surveys of healthcare experiences are used to gauge customer perceptions of VA services as well as gather information on patient's functional status and health behaviors. The results of this survey will lead to improvements in the quality of service delivery by helping to shape the direction and focus of specific programs and services. Disclosure of information involves release of statistical data and other non-identifying data for the improvement of services within the VA healthcare system and associated administrative purposes.
