

LABOR HOUSING GRANT AGREEMENT

THIS AGREEMENT dated _____, 20____, between _____ which is organized and operating under _____

(Authorizing Statute)

herein called "Grantee," and the United States of America acting through Rural Housing Service, Department of Agriculture, herein called "Grantor," WITNESSETH:

WHEREAS

Grantee has determined to undertake a project of acquisition, construction, enlargement and/or capital improvement of a Labor Housing Project to serve domestic farm laborers at an estimated cost of \$_____ and has duly authorized the undertaking of such project.

Grantee is able to finance not more than \$_____ of the development costs through revenues, charges, taxes or assessments, or funds otherwise available to Grantee resulting in a reasonable rental rate.

Said sum of \$_____ has been committed to and by Grantee for such project development costs.

Grantor has agreed to grant the Grantee a sum not to exceed \$_____ subject to the terms and conditions established by the Grantor. Provided, however, that the proportionate share of any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant.

NOW, THEREFORE, in consideration of said grant by Grantor to Grantee, to be made pursuant to Section 516 of the Housing Act of 1949 for the purpose only of defraying a part not to exceed _____ percent of the development costs, as defined by applicable Rural Development regulations. These requirements do not supersede the applicable requirements for receipt of Federal funds stated in 7 CFR parts 3015, "Uniform Federal Assistance Regulations," 3016, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," or 3019, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Nonprofit Organizations."

GRANTEE AGREES THAT GRANTEE WILL:

A. Cause said project to be constructed within the total sums available to it, including said grant, in accordance with the project plans and specifications and any modifications thereof prepared by Grantee and approved by Grantor.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0575-0189. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

B. Permit periodic inspection of the construction by a representative of Grantor during construction.

C. Manage, operate and maintain the project, including these units if less than the whole of said project, continuously in an efficient and economic manner.

D. Make services of said project available within its capacity to all domestic farm laborers in grantee's service area without discrimination because of race, color, religion, sex, age, disability, familial status, or national origin at reasonable rental rates, whether for one or more types of units, adopted by resolution dated _____20__, as may be revised from time to time by Grantee. The initial rental rate must be approved by the Grantor. Thereafter, Grantee may not make changes to the rental rate structure without prior authorization from the Grantor.

E. Adjust its operating costs and service charges from time to time to provide for adequate operation and maintenance, emergency repair reserves, obsolescence reserves, debt service and debt service reserves.

F. Provide Grantor with such periodic reports as it may require and permit periodic inspection of its operations by a representative of the Grantor.

G. To execute Form RD 400-1, "Equal Opportunity Agreement," and to execute Form RD 400-4, "Assurance Agreement," and to execute any other agreements required by Grantor which Grantee is legally authorized to execute. If any such form has been executed by Grantee as a result of a loan being made to Grantee by Grantor contemporaneously with the making of this grant, another form of the same type need not be executed in connection with this grant.

H. Upon any default under its representations or agreements set forth in this instrument, Grantee, at the option and demand of Grantor, will repay to Grantor forthwith the original principal amount of the grant stated hereinabove, with interest at the rate of 5 percent per annum from the date of the default. Default by the Grantee will constitute termination of the grant thereby causing cancellation of Federal assistance under the grant. The Provisions of this Grant Agreement may be enforced by Grantor, at its option and without regard to prior waivers by it of previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this Grantee Agreements or by such other proceedings in law or equity, in either Federal or State courts, as may be deemed necessary by Grantor to assure compliance with the provisions of this Grant Agreement and the laws and regulations under which this Grant is made.

I. Return immediately to Grantor, as required by the regulations of Grantor, any grant funds actually advanced and not needed by Grantee for approved purposes.

J. Use the real property including land, land improvements, structures, and appurtenances thereto, for authorized purposes of the Grant as long as needed.

1. Title to real property shall vest in the recipient subject to the condition that the Grantee shall use the real property for the authorized purpose of the original grant as long as needed.

2. The Grantee shall obtain approval by the Grantor agency for the use of the real property in other projects when the Grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs or programs that have purposes consistent with those authorized for support by the Grantor.

3. When the real property is no longer needed as provided in 1 and 2 above, the Grantee shall request disposition instructions from the Grantor agency or its successor Federal agency. The Grantor agency shall observe the following rules in the disposition instructions.

(a) The Grantee may be permitted to retain title after it compensates the Federal Government in an amount computed by applying the Federal percentage of participation in the cost of the original project to the fair market value of the property.

(b) The Grantee may be directed to sell the property under guidelines provided by the Grantor agency and pay the Federal Government an amount computed by applying the Federal percentage of participation in the cost of the original project to the proceeds from sale (after deducting actual and reasonable selling and fix-up expenses, if any, from the sales proceeds). When the Grantee is authorized or required to sell the property, proper sales procedures shall be established that provide for competition to the extent practicable and result in the highest possible return.

(c) The Grantee may be directed to transfer title to the property to the Federal Government provided that in such cases the Grantee shall be entitled to compensation computed by applying the Grantee's percentage of participation in the cost of the program or project to the current fair market value of the property.

This Grant Agreement covers the following described real property: (use continuation sheets as necessary).

K. Abide by the following conditions pertaining to nonexpendable personal property which is furnished by the Grantor or acquired wholly or in part with grant funds. Nonexpendable personal property means tangible personal property having a useful life of more than one year and an acquisition cost of \$300 or more per unit. A Grantee may use its own definition of nonexpendable personal property provided that such definition would at least include all tangible personal property as defined above.

1. Use of nonexpendable property.

(a) The Grantee shall use the property in the project for which it was acquired as long as needed. When no longer needed for the original project, the Grantee shall use the property in connection with its other Federally sponsored activities, if any, in the following order of priority:

(1) Activities sponsored by the Rural Development.

(2) Activities sponsored by other Federal agencies.

(b) During the time that nonexpendable personal property is held for use on the project for which it was acquired, the Grantee shall make it available for use on other projects if such other use will not interfere with the work on the project for which the property was originally acquired. First preference for such other use shall be given to Rural Development sponsored projects. Second preference will be given to other Federally sponsored projects.

2. Disposition of nonexpendable property. When the Grantee no longer needs the property as provided in Item K.1. (a), the property may be used for other activities in accordance with the following standards:

(a) Nonexpendable property with a unit acquisition cost of less than \$1000. The Grantee may use the property for other activities without reimbursement to the Federal Government or sell the property and retain the proceeds.

(b) Nonexpendable personal property with a unit acquisition cost of \$1000 or more. The Grantee may retain the property for other uses provided that compensation is made to the original Grantor agency or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the property. If the Grantee has no need for the property and the property has further use value, the Grantee shall request disposition instructions from the original Grantor agency.

The Grantor agency shall determine whether the property can be used to meet the agency's requirements. If no requirement exists within the agency, the availability of the property shall be reported, in accordance with the guidelines of the Federal Property Management Regulations (FPMR), to the General Services Administration by the Grantor agency to determine whether a requirement for the property exists in other Federal agencies. The Grantor agency shall issue instructions to the Grantee no later than 120 days after the Grantee request and the following procedures shall govern:

(1) If so instructed or if disposition instructions are not issued within 120 calendar days after the Grantee's request, the Grantee shall sell the property and reimburse the Grantor agency an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Grantee shall be permitted to deduct and retain from the Federal share \$100 or ten percent of the proceeds, whichever is greater, for the Grantee's selling and handling expenses.

(2) If the Grantee is instructed to ship the property elsewhere the Grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the Grantee participation in the cost of the original grant project or program to the current fair market value of the property, plus any reasonable shipping or interim storage costs incurred.

(3) If the Grantee is instructed to otherwise dispose of the property, the Grantee shall be reimbursed by the Grantor agency for such costs incurred in its disposition.

3. The Grantee's property management standards for nonexpendable personal property shall also include:

(a) Property records which accurately provide for: a description of the property; manufacturer's serial number or other identification number; acquisition date and cost; source of the property; percentage (at the end of budget year) of Federal participation in the cost of the project for which the property was acquired; location, use and condition of the property and the date the information was reported; and ultimate disposition data including sales price or the method used to determine current fair market value if the Grantee reimburses the Grantor for its share.

(b) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years to verify the existence, current utilization, and continued need for the property.

(c) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft of nonexpendable property shall be investigated and fully documented.

(d) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(e) Proper sales procedures shall be established for unneeded property which would provide for competition to the extent practicable and result in the highest possible return.

This Grant Agreement covers the following described nonexpendable property (use continuation sheets as necessary).

L. Provide Financial Management Systems which will include:

1. Accurate, current, and complete disclosure of the financial results of each grant. Financial reporting will be on an accrual basis.

2. Records which identify adequately the source and application of funds for grant-supported activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

3. Effective control over and accountability for all funds, property and other assets. Grantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

4. Accounting records supported by source documentation.

M. Retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after grant closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved. Microfilm copies may be substituted in lieu of original records. The Grantor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Grantee's government which are pertinent to the specific grant program for the purpose of making audits, examinations, excerpts and transcripts.

N. Provide information as requested by the Grantor to determine the need for and complete any necessary Environmental Impact Statements.

O. Provide an audit report prepared in sufficient detail to allow the Grantor to determine that funds have been used in compliance with the proposal, any applicable laws and regulations and this Agreement.

P. Agree to account for and to return to Grantor interest earned on grant funds pending their disbursement for program purposes when the Grantee is a unit of local government. States and agencies or instrumentalities of states shall not be held accountable for interest earned on grant funds pending their disbursement.

Q. Not encumber, transfer or dispose of the property or any part thereof, furnished by the Grantor or acquired wholly or in part with Grantor funds without the written consent of the Grantor except as provided in item J.

R. To include in all contracts for construction or repair a provision for compliance with the Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR, Part 3). The Grantee shall report all suspected or reported violations to the Grantor.

S. Pay all laborers and mechanics employed by contractors and subcontractors wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a - 276a-5).

T. In construction contracts in excess of \$2,000 and in other contracts in excess of \$2,500 which involve the employment of mechanics or laborers, to include a provision for compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR, Part 5).

U. To include in all contracts in excess of \$100,000 a provision that the contractor agrees to comply with all the requirements of Section 306 of the Clean Air Act (42 U.S.C. §7606) and Section 308 of the Water Pollution Control Act and all regulations and guidelines issued thereunder after the award of the contract. In so doing the Contractor further agrees:

1. As condition for the award of contract to notify the Owner of the receipt of any communication from the Environmental Protection Agency (EPA) indicating that a facility to be utilized in the performance of the contract is under consideration to be listed on the EPA list of Violating Facilities. Prompt notification is required prior to contract award.
2. To certify that any facility to be utilized in the performance of any nonexempt contractor subcontract is not listed on the EPA list of Violating Facilities. Prompt notification is required prior to contract award.
3. To include or cause to be included the above criteria and the requirements in every nonexempt subcontract and that the Contractor will take such action as the Government may direct as a means of enforcing such provisions.

As used in these paragraphs the term “facility” means any building, plan, installation, structure, mine, vessel or other floating craft, location, or site of operations, owned, leased, or supervised by a Grantee, cooperator, contractor, or subcontractor, to be utilized in the performance of a grant, agreement, contract, subgrant, or subcontract. Where a location or site of operation contains or includes more than one building, plant, installation, or structure, the entire location shall be deemed to be a facility except where the Director, Office of Federal Activities, Environmental Protection Agency, determines that independent facilities are co-located in one geographical area.

V. Not charge rents to domestic farm labor that exceed the rents approved by the Agency after considering the income of the occupants, Agency and non-Agency rental assistance available and the necessary costs of operation, debt service, and adequate maintenance of the housing.

W. Maintain the housing at all times in a safe and sanitary condition in accordance with standards prescribed by state and local law, and Agency requirements.

X. When making occupancy decisions, ensure that domestic farm labor applicants will always receive priority.

GRANTOR AGREES THAT IT:

A. Will make available to Grantee for the purpose of this Agreement not to exceed \$ _____ which it will advance to Grantee to meet not to exceed _____ percent of the development costs of the project in accordance with the actual needs of Grantee as determined by Grantor.

B. Will assist Grantee, within available appropriations, with such technical assistance as Grantor deems appropriate in planning the project and coordinating the plan with local official comprehensive plans and with any State or area plans for the area in which the project is located.

C. At its sole discretion and at any time may give any consent, deferment, subordination, release, satisfaction, or termination of any or all of Grantee's grant obligations, with or without available consideration, upon such terms and conditions as Grantor may determine to be (1) advisable to further the purpose of the grant or to protect Grantor's financial interest therein and (2) consistent with both the statutory purposes of the grant and the limitations of the statutory authority under which it is made.

TERMINATION OF THIS AGREEMENT.

This agreement may be terminated for cause in the event of default on the part of the Grantee as provided in paragraph I above or for convenience of the Grantor and Grantee prior to the date of completion of the grant purpose. Termination for convenience will occur when both the Grantee and Grantor agree that the continuation of the project will not produce beneficial results commensurate with the further expenditure of funds.

IN WITNESS WHEREOF Grantee on the date first above written has caused these presence to be executed by its duly authorized

_____ and attested and its corporate seal affixed by its duly authorized
