Response is required in order to assure that tests and inspections have been made on scales to show their accuracy so that livestock carcasses may be weighed (9 CFR 201.72).

Information held confidential (9 CFR 201.12).

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information is 0580-0015. The time required to complete this information collection is estimated to average .25 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.
