

Chamber of Commerce Version

Soliciting Email

Last fall, we asked for your help in promoting the 2007 Economic Census among your members, and sent additional communications through February of this year, when forms were due back from more than 4 million businesses. Now that data collection is complete, we can proudly say that, with your help, business response was the best in years, and, in some categories, the best ever.

Please help us evaluate the promotional activities we undertook with you, and tell us how we can best assist you in the future, by completing a short survey at <http://questionweb.com/XXXXX>. Your response is voluntary, and is anonymous unless you choose to identify yourself to us.

December 2008**

The U.S. Census Bureau is conducting a study to evaluate its efforts in promoting the 2007 Economic Census. Your input will help us assess last year's outreach campaign and make improvements for the future.

Please take about 5 minutes to complete this survey. Your responses are voluntary and we will ensure your confidentiality under the provisions of Title 13 USC Section 9. We will report findings in summary form only.

This survey is being conducted under OMB Clearance Number 0607-0760, which expires on November 30, 2010. For further information on this clearance, please contact the Customer Liaison and Marketing Services Office at 301-763-4094. For further information about this survey, please contact the Economic Census Staff at 301-763-2547.

Q1 – Do you recall receiving materials about the Economic Census (illustrated below) during the past year (primarily October 2007 to February 2008)?

Please check all that apply:

- Yes – Received letter with brochure
- Yes – Received email
- No – Do not recall

Here are some reminders of promotional materials for the 2007 Economic Census.

U.S. Census Bureau

To: Communications Director, __[organization name]__

From: Economic Census, U.S. Bureau of the Census

Right now, more than 4 million American businesses, including __[sector]__ businesses in __[sector]__, have their 2007 Economic Census forms in front of them. The forms, mailed in December, are due in less than a month, February 12, 2008. While many very small businesses were not sent a form, those businesses that did get a form are required by law (Title 13, U.S. Code) to complete and return it.

Many businesses may not realize how important this census is -- how the data, though collected only once every five years, support both public policy and business decisions, both national and local.

Please contact your members now to urge their prompt response in the Economic Census. You can base your email, newsletter blurb, or website feature on the sample editorial shown below, or use some of the ideas shown at <http://business.census.gov/media/>. Do it now, and again just before the February 12 due date.

America Needs Business Numbers

In December, the U.S. Census Bureau mailed Economic Census forms to more than 4 million businesses - to all large and medium businesses and many small businesses. If you received a form, the law (Title 13, U.S. Code) requires that you complete and return it. The due date is February 12, less than a month away.

Economic indicators we use all the time -- like Gross Domestic Product, monthly retail sales, and the producer price index -- all depend on the Economic Census for continued accuracy. The data are also used by businesses large and small, and by this association. Ben Bernanke says this census is "indispensable to understanding America's economy."

If you need more information or help completing the form, see the Census Bureau's business help site at www.census.gov/econhelp or call 1-800-233-6136.
