Screen 1 (First Screen in TACASI section):

For the rest of the interview, questions will be read to you and you will choose answers by tapping on the computer screen. If you need help, just ask the interviewer who is with you in the room.

First the questions and then the answers will be read; they will turn to blue as they are read; you can choose your answer by tapping on the box next to that answer with your computer pen. Your choice will be read back to you. If it is not correct, you may change your answer before moving on.

Let's try a practice question. Listen to the question and choose an answer.

Try that now. Tap on the Next button to move to the next screen.

Screen 2:

Good. Now I'd like to introduce a few additional buttons on the screen.

[PROGRAMMER NOTE: Flash the Repeat button] First, to the right of each question there is a Repeat button. If you tap on this button, the question will be repeated. If you did not hear the whole question or would just like to hear it again, tap on this button.

[PROGRAMMER NOTE: Flash the Skip button] Third, on the right bottom of your screen is a skip button. If you find a question too difficult to answer, or if the question makes you too uncomfortable, you may skip the question by selecting this button. If you use the skip button, no answer to the question will be recorded. So if you've answered a question, remember to use the NEXT button.

[PROGRAMMER NOTE: Flash the Don't Know response] At the end of each list of choices that you are given is a possible choice of "Don't Know". This choice will not be read to you. If you do not know the answer to a question or cannot find an answer that applies, you may select "Don't Know".

[PROGRAMMER NOTE: Flash the Help button] Finally, there is a "help" button in the top right corner. By selecting this button at any time during the interview, you will be able to select from a list of help options.
