TITLE 42. THE PUBLIC HEALTH AND WELFARE
CHAPTER 68—DISASTER RELIEF

**SUBCHAPTER I—FINDINGS, DECLARATIONS, AND
DEFINITIONS**

**{101} §5121. Congressional findings and
declarations**

(a) The Congress hereby finds and declares that—

(1) because disasters often cause loss of life, human suffering, loss of income, and property loss and damage; and

(2) because disasters often disrupt the normal functioning of governments and communities, and adversely affect individuals and families with great severity; special measures, designed to assist the efforts of the affected States in expediting the rendering of aid, assistance, and emergency services, and the reconstruction and rehabilitation of devastated areas, are necessary.

(b) It is the intent of the Congress, by this chapter, to provide an orderly and continuing means of assistance by the Federal Government to State and local governments in carrying out their responsibilities to alleviate the suffering and damage which result from such disasters by—

(1) revising and broadening the scope of existing disaster relief programs;

(2) encouraging the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the States and by local governments;

- (3) achieving greater coordination and responsiveness of disaster preparedness and relief programs;
- (4) encouraging individuals, States, and local governments to protect themselves by obtaining insurance coverage to supplement or replace governmental assistance;
- (5) encouraging hazard mitigation measures to reduce losses from disasters, including development of land use and construction regulations; and
- (6) providing Federal assistance programs for both public and private losses sustained in disasters
- (7) Repealed. Pub.L. 100-707, Title I, 103(a)(1), Nov. 23, 1988, 102 Stat. 4689

Any Federal agency charged with the administration of a Federal assistance program may, if so requested by the applicant State or local authorities, modify or waive, for a major disaster, such administrative conditions for assistance as would otherwise prevent the giving of assistance under such programs if the inability to meet such conditions is a result of the major disaster.

§5142. Repealed.

(1) make an initial appraisal of the types of relief most urgently needed;

(2) establish such field offices as he deems necessary and as are authorized by the President;

(3) coordinate the administration of relief, including activities of the State and local governments, the American National Red Cross, the Salvation Army, the Mennonite Disaster Service, and other relief or disaster assistance organizations, which agree to operate under his advice or direction, except that nothing contained in this chapter shall limit or in any way affect the responsibilities of the American National Red Cross under the Act of January 5, 1905, as amended (33 Stat. 599) [36 U.S.C. 1 et seq.]; and

(4) take such other action, consistent with authority delegated to him by the President, and consistent with the provisions of this chapter, as he may deem necessary to assist local citizens and public officials in promptly obtaining assistance to which they are entitled.

(c) State coordinating officer. When the President determines assistance under this chapter is necessary, he shall request that the Governor of the affected State designate a State coordinating officer for the purpose of coordinating State and local disaster assistance efforts with those of the Federal Government.

{303} §5144. Emergency support teams

The President shall form emergency support teams of Federal personnel to be deployed in an area affected by a major disaster or emergency. Such emergency support teams shall assist the Federal coordinating officer in carrying out his responsibilities pursuant to this chapter. Upon request of the President, the head of any Federal agency is directed to detail to temporary duty with the emergency support teams on either a reimbursable or nonreimbursable basis, as is determined necessary by the President, such personnel within the administrative jurisdiction of the head of the Federal agency as the President may need or believe to be useful for carrying out the functions of the emergency support teams, each such detail to be without loss of seniority, pay, or other employee status.

{304} §5147. Reimbursement of federal agencies

Federal agencies may be reimbursed for expenditures under this chapter from funds appropriated for the purposes of this chapter. Any funds received by Federal agencies as reimbursement for services or supplies furnished under the authority of this chapter shall be deposited to the credit of the appropriation or appropriations currently available for such services or supplies.

{305} §5148. Nonliability of Federal Government

The Federal Government shall not be liable for any claim based upon the exercise or performance of or the failure to exercise or perform a discretionary function or duty on the part of a Federal agency or an employee of the Federal Government in carrying out the provisions of this chapter.

{306} §5149. Performance of services

(a) Utilization of services or facilities of state and local governments. In carrying out the purposes of this chapter, any Federal agency is authorized to accept and utilize the services or facilities of any State or local government, or of any agency, office, or employee thereof, with the consent of such government.

(b) Appointment of temporary personnel, experts, and consultants; acquisition, rental, or hire of equipment, services, materials and supplies. In performing any services under this chapter, any Federal agency is authorized—

(1) to appoint and fix the compensation of such temporary personnel as may be necessary, without regard to the provisions of Title 5 governing appointments in competitive service;

(2) to employ experts and consultants in accordance with the provisions of section 3109 of such Title, without regard to the provisions of chapter 51 and subchapter III of chapter 53 of such Title relating to classification and General Schedule pay rates; and

(3) to incur obligations on behalf of the United States by contract or otherwise for the acquisition, rental, or hire of equipment, services, materials, and supplies for shipping, drayage, travel, and communications, and for the supervision and administration of such activities. Such obligations, including obligations arising out of the temporary employment of additional personnel, may be incurred by an agency in such amount as may be made available to it by the President.

{307} §5150. Use of local firms and individuals

In the expenditure of Federal funds for debris clearance, distribution of supplies, reconstruction, and other major disaster or emergency assistance activities which may be carried out by contract or agreement with private organizations, firms, or individuals, preference shall be given, to the extent feasible and practicable, to those organizations, firms, and individuals residing or doing business primarily in the area affected by such major disaster or emergency. This section shall not be considered to restrict the use of Department of Defense resources in the provision of major disaster assistance under this chapter.

{308} §5151. Nondiscrimination in disaster assistance

(a) Regulations for equitable and impartial relief operations. The President shall issue, and may alter and amend, such regulations as may be necessary for the guidance of personnel carrying out Federal assistance functions at the site of a major disaster or emergency. Such regulations shall include provisions for insuring that the distribution of supplies, the processing of applications, and other relief and assistance activities shall be accomplished in an equitable and impartial manner, without discrimination on the grounds of race, color, religion, nationality, sex, age, or economic status.

(b) Compliance with regulations as prerequisite to participation by other bodies in relief operations. As a condition of participation in the distribution of assistance or supplies under this chapter or of receiving assistance under this chapter, governmental bodies and other organizations shall be required to comply with regulations relating to nondiscrimination promulgated by the President, and such other regulations applicable to activities within an area affected by a major disaster or emergency as he deems necessary for the effective coordination of relief efforts.

{309} §5152. Use and coordination of relief organizations

(a) In providing relief and assistance under this chapter, the President may utilize, with their consent, the personnel and facilities of the American National Red Cross, the Salvation Army, the Mennonite Disaster Service, and other relief or disaster assistance organizations, in the distribution of medicine, food, supplies, or other items, and in the restoration, rehabilitation, or reconstruction of community services, housing and essential facilities, whenever the President finds that such utilization is necessary.

(b) The President is authorized to enter into agreements with the American National Red Cross, the Salvation Army, the Mennonite Disaster Service, and other relief or disaster assistance organizations under which the disaster relief activities of such organizations may be coordinated by the Federal coordinating officer whenever such organizations are engaged in providing relief during and after a major disaster or emergency. Any such agreement shall include provisions assuring that use of Federal facilities, supplies, and services will be in compliance with regulations prohibiting duplication of benefits and guaranteeing nondiscrimination promulgated by the President under this chapter, and such other regulation as the President may require.

{310} §5153. Priority to certain applications for public facility and public housing assistance

(a) Priority. In the processing of applications for assistance, priority and immediate consideration shall be given by the head of the appropriate Federal agency, during such period as the President shall prescribe, to applications from public bodies situated in areas affected by major disasters under the following Acts:

- (1) The United States Housing Act of 1937 [42 U.S.C.1437 et seq.] for the provision of low-income housing.
- (2) Section 462 of Title 40 [Section 702 of the Housing Act of 1954, 42 U.S.C. 462] for assistance in public works planning.
- (3) The Community Development Block Grant Program under title I of the Housing and Community Development Act of 1974 [42 U.S.C. 5301 et seq.].
- (4) Section 1926 of Title 7 [Section 306 of the Consolidated Farm and Rural Development Act of 1965, 7 U.S.C. 1926].

In the obligation of discretionary funds or funds which are not allocated among the States or political subdivisions of a State, the Secretary of Housing and Urban Development and the Secretary of Commerce shall give priority to applications for projects for major disaster areas.

{311} §5154. Insurance

(a) Applicants for replacement of damaged facilities.

(1) Compliance with certain regulations. An applicant for assistance under section 5172 of this title (relating to repair, restoration, and replacement of damaged facilities), section 5189 of this title (relating to simplified procedure) or section 3233 of this title shall comply with regulations prescribed by the President to assure that, with respect to any property to be replaced, restored, repaired, or constructed with such assistance, such types and extent of insurance will be obtained and maintained as may be reasonably available, adequate, and necessary, to protect against future loss to such property.

(2) Determination. In making a determination with respect to availability, adequacy, and necessity under paragraph (1), the President shall not require greater types and extent of insurance than are certified to him as reasonable by the appropriate State insurance commissioner responsible for regulation of such insurance.

(b) Maintenance of insurance. No applicant for assistance under section 5172 of this title (relating to repair, restoration, and replacement of damaged facilities), section 5189 of this title (relating to simplified procedure), or section 3233 of this title may receive such assistance for any property or part thereof for which the applicant has previously received assistance under this chapter unless all insurance required pursuant to this section has been obtained and maintained with respect to such property. The requirements of this subsection may not be waived under section 5141 of this title.

(c) State acting as self-insurer. A State may elect to act as a self-insurer with respect to any or all of the facilities owned by the State. Such an election, if declared in writing at the time of acceptance of assistance under section 5172 or 5189 or 3233 of this title or subsequently and accompanied by a plan for self-insurance which is satisfactory to the President, shall be deemed compliance with subsection (a) of this section. No such self-insurer may receive assistance under section 5172 or 5189 of this title for any property or part thereof for which it has previously received assistance under this chapter, to the extent that insurance for such property or part thereof would have been reasonably available.

§ 5154a. Prohibited flood disaster assistance.

(a) General prohibition. Notwithstanding any other provision of law, no Federal disaster relief assistance made available in a flood disaster area may be used to make a payment (including any loan assistance payment) to a person for repair, replacement, or restoration for damage to any personal, residential, or commercial property if that person at any time has received flood disaster assistance that was conditional on the person first having obtained flood insurance under applicable Federal law and subsequently having failed to obtain and maintain flood insurance as required under applicable Federal law on such property.

(b) Transfer of property.

(1) Duty to notify. In the event of the transfer of any property described in paragraph (3), the transferor shall, not later than the date on which such transfer occurs, notify the transferee in writing of the requirements to:

(A) obtain flood insurance in accordance with applicable Federal law with respect to such property, if the property is not so insured as of the date on which the property is transferred; and

(B) maintain flood insurance in accordance with applicable Federal law with respect to such property. Such written notification shall be contained in documents evidencing the transfer of ownership of the property.

(2) Failure to notify. If a transferor described in paragraph (1) fails to make a notification in accordance with such paragraph and, subsequent to the transfer of the property:

(A) the transferee fails to obtain or maintain flood insurance in accordance with applicable Federal law with respect to the property;

(B) the property is damaged by a flood disaster; and

(C) Federal disaster relief assistance is provided for the repair, replacement, or restoration of the property as a result of such damage, the transferor shall be required to reimburse the Federal Government in an amount equal to the amount of the Federal disaster relief assistance provided with respect to the property.

(3) Property described. For purposes of paragraph (1), a property is described in this paragraph if it is personal, commercial, or residential property for which Federal disaster

relief assistance made available in a flood disaster area has been provided, prior to the date on which the property is transferred, for repair, replacement, or restoration of the property, if such assistance was conditioned upon obtaining flood insurance in accordance with applicable Federal law with respect to such property.

(c) [Omitted.]

(d) Definition. For purposes of this section, the term "flood disaster area" means an area with respect to which:

(1) the Secretary of Agriculture finds, or has found, to have been substantially affected by a natural disaster in the United States pursuant to section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)); or

(2) the President declares, or has declared, the existence of a major disaster or emergency pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. § 5121 et seq.), as a result of flood conditions existing in or affecting that area.

(e) Effective date. This section and the amendments made by this section [adding this section and amending 42 USCS § 4012a(a)] shall apply to disasters declared after September 23, 1994.

{312} §5155. Duplication of benefits

(a) General prohibition. The President, in consultation with the head of each Federal agency administering any program providing financial assistance to persons, business concerns, or other entities suffering losses as a result of a major disaster or emergency, shall assure that no such person, business concern, or other entity will receive such assistance with respect to any part of such loss as to which he has received financial assistance under any other program or from insurance or any other source.

(b) Special rules.

(1) Limitation. This section shall not prohibit the provision of Federal assistance to a person who is or may be entitled to receive benefits for the same purposes from another source if such person has not received such other benefits by the time of application for Federal assistance and if such person agrees to repay all duplicative assistance to the agency providing the Federal assistance.

(2) Procedures. The President shall establish such procedures as the President considers necessary to ensure uniformity in preventing duplication of benefits.

(3) Effect of partial benefits. Receipt of partial benefits for a major disaster or emergency shall not preclude provision of additional Federal assistance for any part of a loss or need for which benefits have not been provided.

(c) Recovery of duplicative benefits. A person receiving Federal assistance for a major disaster or emergency shall be liable to the United States to the extent that such assistance duplicates benefits available to the person for the same purpose from another source. The agency which provided the duplicative assistance shall collect such duplicative assistance from the recipient in accordance with chapter 37 of Title 31 relating to debt collection, when the head of such agency considers it to be in the best interest of the Federal Government.

(d) Assistance not income. Federal major disaster and emergency assistance provided to individuals and families under this chapter, and comparable disaster assistance provided by States, local governments, and disaster assistance organizations, shall not be considered as income or a resource when determining eligibility for or benefit levels under federally funded income assistance or resource-tested benefit programs.

{313} §5156. Standards and reviews

The President shall establish comprehensive standards which shall be used to assess the efficiency and effectiveness of Federal major disaster and emergency assistance programs administered under this chapter. The President shall conduct annual reviews of the activities of Federal agencies and State and local governments in major disaster and emergency preparedness and in providing major disaster and emergency assistance in order to assure maximum coordination and effectiveness of such programs and consistency in policies for reimbursement of States under this chapter.

{314} §5157. Penalties

(a) Misuse of funds. Any person who knowingly misapplies the proceeds of a loan or other cash benefit obtained under this chapter shall be fined an amount equal to one and one-half times the misapplied amount of the proceeds or cash benefit.

(b) Civil enforcement. Whenever it appears that any person has violated or is about to violate any provision of this chapter, including any civil penalty imposed under this chapter, the Attorney General may bring a civil action for such relief as may be appropriate. Such action may be brought in an appropriate United States district court.

(c) Referral to Attorney General. The President shall expeditiously refer to the Attorney General for appropriate action any evidence developed in the performance of functions under this chapter that may warrant consideration for criminal prosecution.

(d) Civil penalty. Any individual who knowingly violates any order or regulation issued under this chapter shall be subject to a civil penalty of not more than \$5,000 for each violation.

{315} §5158. Availability of materials

The President is authorized, at the request of the Governor of an affected State, to provide for a survey of construction materials needed in the area affected by a major disaster on an emergency basis for housing repairs, replacement housing, public facilities repairs and replacement, farming operations, and business enterprises and to take appropriate action to assure the availability and fair distribution of needed materials, including, where possible, the allocation of such materials for a period of not more than one hundred and eighty days after such major disaster. Any allocation program shall be implemented by the President to the extent possible, by working with and through those companies which traditionally supply construction materials in the affected area. For the purposes of this section "construction materials" shall include building materials and materials required for repairing housing, replacement housing, public facilities repairs and replacement, and for normal farm and business operations.

{316} §5159. Protection of environment

An action which is taken or assistance which is provided pursuant to section 5170a, 5170b, 5172, 5173 or 5192 of this title, including such assistance provided pursuant to the procedures provided for in section 5189 of this title, which has the effect of restoring a facility substantially to its condition prior to the disaster or emergency, shall not be deemed a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (83 Stat. 852) [42 U.S.C. 4321 et seq.]. Nothing in this section shall alter or affect the applicability of the National Environmental Policy Act of 1969 to other Federal actions taken under this chapter or under any other provisions of law.

{317} §5160. Recovery of assistance

(a) Party liable. Any person who intentionally causes a condition for which Federal assistance is provided under this chapter or under any other Federal law as a result of a declaration of a major disaster or emergency under this chapter shall be liable to the United States for the reasonable costs incurred by the United States in responding to such disaster or emergency to the extent that such costs are attributable to the intentional act or omission of such person which caused such condition. Such action for reasonable costs shall be brought in an appropriate United States district court.

(b) Rendering of care. A person shall not be liable under this section for costs incurred by the United States as a result of actions taken or omitted by such person in the course of rendering care or assistance in response to a major disaster or emergency.

{318} §5161. Audits and investigations

(a) In general. Subject to the provisions of chapter 75 of Title 31, relating to requirements for single audits, the President shall conduct audits and investigations as necessary to assure compliance with this chapter, and in connection therewith may question such persons as may be necessary to carry out such audits and investigations.

(b) Access to records. For purposes of audits and investigations under this section, the President and Comptroller General may inspect any books, documents, papers, and records of any person relating to any activity undertaken or funded under this chapter.

(c) State and local audits. The President may require audits by State and local governments in connection with assistance under this chapter when necessary to assure compliance with this chapter or related regulations.

{319} §5162. Advance of Non-Federal Share

(a) In general. The President may lend or advance to an eligible applicant or a State the portion of assistance for which the State is responsible under the cost-sharing provisions of this chapter in any case in which—

(1) the State is unable to assume its financial responsibility under such cost-sharing provisions—

(A) with respect to concurrent, multiple major disasters in a jurisdiction, or

(B) after incurring extraordinary costs as a result of a particular disaster; and

(2) the damages caused by such disasters or disaster are so overwhelming and severe that it is not possible for the applicant or the State to assume immediately their financial responsibility under this chapter.

(b) Terms of loans and advances.

(1) In general. Any loan or advance under this section shall be repaid to the United States.

(2) Interest. Loans and advances under this section shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current market yields on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the reimbursement period of the loan or advance.

(c) Regulations. The President shall issue regulations describing the terms and conditions under which any loan or advance authorized by this section may be made.

{320} §5163. Limitation on use of sliding scales

No geographic area shall be precluded from receiving assistance under this chapter solely by virtue of an arithmetic formula or sliding scale based on income or population.

{321} §5164. Rules and regulations

The President may prescribe such rules and regulations as may be necessary and proper to carry out the provisions of this chapter, and may exercise, either directly or through such Federal agency as the President may designate, any power or authority conferred to the President by this chapter.

SUBCHAPTER IV—MAJOR DISASTER ASSISTANCE PROGRAMS**{401} §5170. Procedure for declaration**

All requests for a declaration by the President that a major disaster exists shall be made by the Governor of the affected State. Such a request shall be based on a finding that the disaster is of such severity and magnitude that effective response is beyond the capabilities of the State and the affected local governments and that Federal assistance is necessary. As part of such request, and as a prerequisite to major disaster assistance under this chapter, the Governor shall take appropriate response action under State law and direct execution of the State's emergency plan. The Governor shall furnish information on the nature and amount of State and local resources which have been or will be committed to alleviating the results of the disaster, and shall certify that, for the current disaster, State and local government obligations and expenditures (of which State commitments must be a significant proportion) will comply with all applicable cost-sharing requirements

of this chapter. Based on the request of a Governor under this section, the President may declare under this chapter that a major disaster or emergency exists.

{402} §5170a. General Federal Assistance

In any major disaster, the President may—

- (1) direct any Federal agency, with or without reimbursement, to utilize its authorities and the resources granted to it under Federal law (including personnel, equipment, supplies, facilities, and managerial, technical, and advisory services) in support of State and local assistance efforts;
- (2) coordinate all disaster relief assistance (including voluntary assistance) provided by Federal agencies, private organizations, and State and local governments;

(b) Federal share. The Federal share of assistance under this section shall be not less than 75 percent of the eligible cost of such assistance.

(c) Utilization of DOD resources

(1) General rule. During the immediate aftermath of an incident which may ultimately qualify for assistance under this title or title V of this Act [42 U.S.C. 5170 et seq. or 5191 et seq.], the Governor of the State in which such incident occurred may request the President to direct the Secretary of Defense to utilize the resources of the Department of Defense for the purpose of performing on public and private lands any emergency work which is made necessary by such incident and which is essential for the preservation of life and property. If

the President determines that such work is essential for the preservation of life and property, the President shall grant such request to the extent the President determines practicable. Such emergency work may only be carried out for a period not to exceed 10 days.

(2) Rules applicable to debris removal. Any removal of debris and wreckage carried out under this subsection shall be subject to section 5173(b) of this title [42 U.S.C. 5173(b)], relating to unconditional authorization and indemnification for debris removal.

(3) Expenditures out of disaster relief funds. The cost of any assistance provided pursuant to this subsection shall be reimbursed out of funds made available to carry out this Act.

(5) Guidelines. Not later than 180 days after the date of the enactment of the Disaster Relief and Emergency Assistance Amendments of 1988 [enacted Nov. 23, 1988], the President shall issue guidelines for carrying out this subsection. Such guidelines shall consider any likely effect assistance under this subsection will have on the availability of other forms of assistance under this Act.

(6) Definitions. For purposes of this section—

(A) Department of Defense. The term 'Department of Defense' has the meaning the term "department" has under section 101 of title 10, United States Code.

(B) Emergency work. The term "emergency work" includes clearance and removal of debris and wreckage and temporary restoration of essential public facilities and services.

{404} §5170c. Hazard Mitigation

(a) In General. The President may contribute up to 75 percent of the cost of hazard mitigation measures which the President has determined are cost-effective and which substantially reduce the risk of future damage, hardship, loss, or suffering in any area affected by a major disaster. Such measures shall be identified following the evaluation of natural hazards under section 5176 of this title and shall be subject to approval by the President. The total of contributions under this section for a major disaster shall not exceed 15 percent of the estimated aggregate amount of grants to be made (less any associated administrative costs) under this chapter with respect to the major disaster.

(b) Property acquisition and relocation assistance.

(1) General authority. In providing hazard mitigation assistance under this section in connection with flooding, the Director of the Federal Emergency Management Agency may provide property acquisition and relocation assistance for projects that meet the requirements of paragraph (2).

(2) Terms and conditions. An acquisition or relocation project shall be eligible to receive assistance pursuant to paragraph (1) only if—

(A) the applicant for the assistance is otherwise eligible to receive assistance under the hazard mitigation grant program established under subsection (a) of this section; and

(B) on or after December 3, 1993, the applicant for the assistance enters into an agreement with the Director that provides assurances that—

(i) any property acquired, accepted, or from which a structure will be removed pursuant to the project will be dedicated and maintained in perpetuity for a use that is

compatible with open space, recreational, or wetlands management practices;

(I) no subsequent application for additional disaster assistance for any purpose will be made by the recipient to any Federal entity; and

(II) no assistance referred to in subclause (I) will be provided to the applicant by any Federal source.

(3) Statutory construction. Nothing in this subsection is intended to alter or otherwise affect an agreement for an acquisition or relocation project carried out pursuant to this section that was in effect on December 3, 1993.

{405} §5171. Federal facilities

(a) Repair, reconstruction, restoration or replacement of United States facilities. The President may authorize any Federal agency to repair, reconstruct, restore, or replace any facility owned by the United States and under the jurisdiction of such agency which is damaged or destroyed by any major disaster if he determines that such repair, reconstruction, restoration, or replacement is of such importance and urgency that it cannot reasonably be deferred pending the enactment of specific authorizing legislation or the making of an appropriation for such purposes, or the obtaining of congressional committee approval.

(b) Availability of funds appropriated to agency for repair, reconstruction, restoration, or replacement of agency facilities. In order to carry out the provisions of this section, such repair, reconstruction, restoration, or replacement may be begun notwithstanding a lack or an insufficiency of funds appropriated for such purpose, where such lack or insufficiency can be remedied by the transfer, in accordance with law, of funds appropriated to that agency for another purpose.

(c) Steps for mitigation of hazards. In implementing this section, Federal agencies shall evaluate the natural hazards to which these facilities are exposed and shall take appropriate action to mitigate such hazards, including safe land-use and construction practices, in accordance with standards prescribed by the President.

{406} §5172. Repair, restoration, and replacement of damaged facilities

(a) Contributions. The President may make contributions—

(1) to a State or local government for the repair, restoration, reconstruction, or replacement of a public facility which is damaged or destroyed by a major disaster and for associated expenses incurred by such government; and

(2) to a person who owns or operates a private nonprofit facility damaged or destroyed by a major disaster for the repair, restoration, reconstruction, or replacement of such facility and for associated expenses incurred by such person.

(b) Minimum Federal share. The Federal share of assistance under this section shall be not less than—

(1) 75 percent of the net eligible cost of repair, restoration, reconstruction, or replacement carried out under this section;

(2) 100 percent of associated expenses described in subsections (f)(1) and (f)(2) of this section; and

(3) 75 percent of associated expenses described in subsections (f)(3), (f)(4), and (f)(5) of this section.

(c) Large in lieu contributions.

(1) For public facilities. In any case where a State or local government determines that the public welfare would not be best served by repairing, restoring, reconstructing, or replacing any public facility owned or controlled by such State or local government, it may elect to receive, in lieu of a contribution under subsection (a)(1) of this section, a contribution of not to exceed 90 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing such facility and of associated expenses. Funds contributed under this subsection may be used to repair, restore, or expand other selected public facilities, to construct new facilities, or to fund hazard mitigation measures which the State or local government determines to be necessary to meet a need for governmental services and functions in the area affected by the major disaster.

(2) For private nonprofit facilities. In any case where a person who owns or operates a private nonprofit facility determines that the public welfare would not be best served by

repairing, restoring, reconstructing, or replacing such facility, such person may elect to receive, in lieu of a contribution under subsection (a)(2) of this section, a contribution of not to exceed 90 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing such facility and of associated expenses. Funds contributed under this subsection may be used to repair, restore, or expand other selected private nonprofit facilities owned or operated by such person, to construct new private nonprofit facilities to be owned or operated by such person, or to fund hazard mitigation measures which such person determines to be necessary to meet a need for its services and functions in the area affected by the major disaster.

(3) Restriction on use for State or local contribution. Funds provided under this subsection shall not be used for any State or local government cost-sharing contribution required under this chapter.

(d) Flood insurance.

(1) Reduction of Federal assistance. If a public facility or private nonprofit facility located in a special flood hazard area identified for more than 1 year by the Director pursuant to the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.) is damaged or destroyed, after the 180th day following November 23, 1988, by flooding in a major disaster and such facility is not covered on the date of such flooding by flood insurance, the Federal assistance which would otherwise be available under this section with respect to repair, restoration, reconstruction, and replacement of such facility and associated expenses shall be reduced in accordance with paragraph (2).

(2) Amount of reduction. The amount of a reduction in Federal assistance under this section with respect to a facility shall be the lesser of—

(A) the value of such facility on the date of the flood damage or destruction, or

(B) the maximum amount of insurance proceeds which would have been payable with respect to such facility if such facility had been covered by flood insurance under the National Flood Insurance Act of 1968 [42 U.S.C. 4001 et seq.] on such date.

(3) Exception. Paragraphs (1) and (2) shall not apply to a private nonprofit facility which is not covered by flood insurance solely because of the local government's failure to participate in the flood insurance program established by the National Flood Insurance Act.

(4) Dissemination of information. The President shall disseminate information regarding the reduction in Federal assistance provided for by this subsection to State and local governments and the owners and operators of private nonprofit facilities who may be affected by such a reduction.

(e) Net eligible cost

(1) General rule. For purposes of this section, the cost of repairing, restoring, reconstructing, or replacing a public facility or private nonprofit facility on the basis of the design of such facility as it existed immediately prior to the major disaster and in conformity with current applicable codes, specifications, and standards (including floodplain management and hazard mitigation criteria required by the President or by the Coastal Barrier Resources Act (16 U.S.C. 3501 et seq.)) shall, at a minimum, be treated as the net eligible cost of such repair, restoration, reconstruction, or replacement.

(2) Special rule. In any case in which the facility being repaired, restored, reconstructed, or replaced under this section was under construction on the date of the major disaster, the cost of repairing, restoring, reconstructing, or

replacing such facility shall include, for purposes of this section, only those costs which, under the contract for such construction, are the owner's responsibility and not the contractor's responsibility.

(f) Associated expenses. For purposes of this section, associated expenses include the following:

(1) Necessary costs. Necessary costs of requesting, obtaining, and administering Federal assistance based on a percentage of assistance provided as follows:

(A) For an applicant whose net eligible costs equal less than \$100,000, 3 percent of such net eligible costs.

(B) For an applicant whose net eligible costs equal \$100,000 or more but less than \$1,000,000, \$3,000 plus 2 percent of such net eligible costs in excess of \$100,000.

(C) For an applicant whose net eligible costs equal \$1,000,000 or more but less than \$5,000,000, \$21,000 plus 1 percent of such net eligible costs in excess of \$1,000,000.

(D) For an applicant whose net eligible costs equal \$5,000,000 or more, \$61,000 plus 1/2 percent of such net eligible costs in excess of \$5,000,000.

(2) Extraordinary costs. Extraordinary costs incurred by a State for preparation of damage survey reports, final inspection reports, project applications, final audits, and related field inspections by State employees, including overtime pay and per diem and travel expenses of such employees, but not including pay for regular time of such employees, based on the total amount of assistance provided under sections 5170b, 5170c, 5172, 5173, 5192 and 5193 of this title in such State in connection with the major disaster as follows:

(A) If such total amount is less than \$100,000, 3 percent of such total amount.

(B) If such total amount is \$100,000 or more but less than \$1,000,000, \$3,000 plus 2 percent of such total amount in excess of \$100,000.

(C) If such total amount is \$1,000,000 or more but less than \$5,000,000, \$21,000 plus 1 percent of such total amount in excess of \$1,000,000.

(D) If such total amount is \$5,000,000 or more, \$61,000 plus 1/2 percent of such total amount in excess of \$5,000,000.

(3) Costs of National Guard. The costs of mobilizing and employing the National Guard for performance of eligible work.

(4) Costs of prison labor. The costs of using prison labor to perform eligible work, including wages actually paid, transportation to a worksite, and extraordinary costs of guards, food, and lodging.

(5) Other labor costs. Base and overtime wages for an applicant's employees and extra hires performing eligible work plus fringe benefits on such wages to the extent that such benefits were being paid before the disaster.

{407} §5173. Debris removal

- (a) Presidential authority. The President may make contributions-
- (1) through the use of Federal departments, agencies, and instrumentalities, to clear debris and wreckage resulting from a major disaster from publicly and privately owned lands and waters; and
 - (2) to make grants to any State or local government or owner or operator of a private nonprofit facility for the purpose of removing debris or wreckage resulting from a major disaster from publicly or privately owned lands and waters.
- (b) Authorization by State or local government; indemnification agreement. No authority under this section shall be exercised unless the affected State or local government shall first arrange an unconditional authorization for removal of such debris or wreckage from public and private property, and, in the case of removal of debris or wreckage from private property, shall first agree to indemnify the Federal Government against any claim arising from such removal.
- (c) Rules relating to large lots. The President shall issue rules which provide for recognition of differences existing among urban, suburban, and rural lands in implementation of this section so as to facilitate adequate removal of debris and wreckage from large lots.
- (d) Federal share. The Federal share of assistance under this section shall be not less than 75 percent of the eligible cost of debris and wreckage removal carried out under this section.

{408} §5174. Temporary housing assistance

- (a) Provision of temporary housing

(1) In general. The President may—

(A) provide, by purchase or lease, temporary housing (including unoccupied habitable dwellings), suitable rental housing, mobile homes, or other readily fabricated dwellings to persons who, as a result of a major disaster, require temporary housing; and

(B) reimburse State and local governments in accordance with paragraph (4) for the cost of sites provided under paragraph (2).

(2) Mobile home site.

(A) In general. Any mobile home or other readily fabricated dwelling provided under this section shall whenever possible be located on a site which—

(i) is provided by the State or local government; and

(ii) has utilities provided by the State or local government, by the owner of the site, or by the occupant who was displaced by the major disaster.

(B) Other sites. Mobile homes and other readily fabricated dwellings may be located on sites provided by the President if the President determines that such sites would be more economical or accessible than sites described in subparagraph (A).

(3) Period. Federal financial and operational assistance under this section shall continue for not longer than 18 months after the date of the major disaster declaration by the President, unless the President determines that due to extraordinary circumstances it would be in the public interest to extend such 18-month period.

(4) Federal share. The Federal share of assistance under this section shall be 100 percent; except that the Federal share of assistance under this section for construction and site development costs (including installation of utilities) at a mobile home group site shall be 75 percent of the eligible cost of such assistance. The State or local government receiving assistance under this section shall pay any cost which is not paid for from the Federal share.

(b) Temporary mortgage and rental payments. The President is authorized to provide assistance on a temporary basis in the form of mortgage or rental payments to or on behalf of individuals and families who, as a result of financial hardship caused by a major disaster, have received written notice of dispossession or eviction from a residence by reason of a foreclosure of any mortgage or lien, cancellation of any contract of sale, or termination of any lease, entered into prior to such disaster. Such assistance shall be provided for the duration of the period of financial hardship but not to exceed 18 months.

(c) In lieu expenditures. In lieu of providing other types of temporary housing after a major disaster, the President is authorized to make expenditures for the purpose of repairing or restoring to a habitable condition owner-occupied private residential structures made uninhabitable by a major disaster which are capable of being restored quickly to a habitable condition.

(d) Transfer of temporary housing

(1) Direct sale to occupants. Notwithstanding any other provision of law, any temporary housing acquired by purchase may be sold directly to individuals and families who are occupants of temporary housing at prices that are fair and equitable, as determined by the President.

(2) Transfers to states, local governments, and voluntary organizations. The President may sell or otherwise make available temporary housing units directly to States, other governmental entities, and voluntary organizations. The President shall impose as a condition of transfer under this paragraph a covenant to comply with the provisions of section 308 [42 U.S.C. 5171] requiring nondiscrimination in occupancy of such temporary housing units. Such disposition shall be limited to units purchased under the provisions of subsection (a) of this section and to the purposes of providing temporary housing for disaster victims in major disasters or emergencies.

The amount of any such loan shall be based on need, and shall not exceed 25 percent of the annual operating budget of that local government for the fiscal year in which the major disaster occurs. Repayment of all or any part of such loan to the extent that revenues of the local government during the three full fiscal year period following the major disaster are insufficient to meet the operating budget of the local government, including additional disaster-related expenses of a municipal operation character shall be cancelled.

(b) Any loans made under this section shall not reduce or otherwise affect any grants or other assistance under this chapter.

Where an existing timber sale contract between the Secretary of Agriculture or the Secretary of the Interior and a timber purchaser does not provide relief from major physical change not due to negligence of the purchaser prior to approval of construction of any section of specified road or of any other specified development facility and, as a result of a major disaster, a major physical change results in additional construction work in connection with such road or facility by such purchaser with an estimated cost, as determined by the appropriate Secretary, (1) of more than \$1,000 for sales under one million board feet, (2) of more than \$1 per thousand board feet for sales of one to three million board feet, or (3) of more than \$3,000 for sales over three million board feet, such increased construction cost shall be borne by the United States.

(c) Public notice of sale. The Secretary of Agriculture is authorized to reduce to seven days the minimum period of advance public notice required by section 476 of Title 16, in connection with the sale of timber from national forests, whenever the Secretary determines that (1) the sale of such timber will assist in the construction of any area of a State damaged by a major disaster, (2) the sale of such timber will assist in sustaining the economy of such area, or (3) the sale of such timber is necessary to salvage the value of timber damaged in such major disaster or to protect undamaged timber.

SUBCHAPTER IV-A—EMERGENCY ASSISTANCE PROGRAMS

{501} §5191. Procedure for declaration

(a) Request and declaration. All requests for a declaration by the President that an emergency exists shall be made by the Governor of the affected State. Such a request shall be based on a finding that the situation is of such severity and magnitude that effective response is beyond the capabilities of the State and the affected local governments and that Federal assistance is necessary. As a part of such request, and as a prerequisite to emergency assistance under this chapter, the Governor shall take appropriate action under State law and direct execution of the State's emergency plan. The Governor shall furnish information describing the State and local efforts and resources which have been or will be used to alleviate the emergency, and will define the type and extent of Federal aid required. Based upon such Governor's request, the President may declare that an emergency exists.

(b) Certain emergencies involving Federal primary responsibility. The President may exercise any authority vested in him by section 5192 of this title or section 5193 of this title with respect to an emergency when he determines that an emergency exists for which the primary responsibility for response rests with the United States because the emergency involves a subject area for which, under the Constitution or laws of the United States, the United States exercises exclusive or preeminent responsibility and authority. In determining whether or not such an emergency exists, the President

shall consult the Governor of any affected State, if practicable. The President's determination may be made without regard to subsection (a) of this section.

{502} §5192. Federal emergency assistance

(a) Specified. In any emergency, the President may—

(1) direct any Federal agency, with or without reimbursement, to utilize its authorities and the resources granted to it under Federal law (including personnel, equipment, supplies, facilities, and managerial, technical and advisory services) in support of State and local emergency assistance efforts to save lives, protect property and public health and safety, and lessen or avert the threat of a catastrophe;

(2) coordinate all disaster relief assistance (including voluntary assistance) provided by Federal agencies, private organizations, and State and local governments;

(3) provide technical and advisory assistance to affected State and local governments for—

(A) the performance of essential community services;

(E) management, control, and reduction of immediate threats to public health and safety;

(4) provide emergency assistance through Federal agencies;

(5) remove debris in accordance with the terms and conditions of section 5173 of this title;

(6) provide temporary housing assistance in accordance with section 5174 of this title; and

(7) assist State and local governments in the distribution of medicine, food, and other consumable supplies, and emergency assistance.

(b) General. Whenever the Federal assistance provided under subsection (a) of this section with respect to an emergency is inadequate, the President may also provide assistance with respect to efforts to save lives, protect property and public health and safety, and lessen or avert the threat of a catastrophe.

{503} §5193. Amount of assistance

(a) Federal share. The Federal share for assistance provided under this subchapter shall be equal to not less than 75 percent of the eligible costs.

(b) Limit on amount of assistance.

(1) In general. Except as provided in paragraph (2), total assistance provided under this subchapter for a single emergency shall not exceed \$5,000,000.

(2) Additional assistance. The limitation described in paragraph (1) may be exceeded when the President determines that—

(A) continued emergency assistance is immediately required;

(B) there is a continuing and immediate risk to lives, property, public health or safety; and

(C) necessary assistance will not otherwise be provided on a timely basis.

(3) Report. Whenever the limitation described in paragraph (1) is exceeded, the President shall report to the Congress on the nature and extent of emergency assistance requirements and shall propose additional legislation if necessary.

SUBCHAPTER IV-B—EMERGENCY PREPAREDNESS
