## A. JUSTIFICATION

**A1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of the information.**

Information in the Migrant High School Equivalency Program (HEP) Annual Performance Report (APR) is being collected in compliance with Higher Education Act of 1965, as amended, Title IV, Sec. 418A; 20 U.S.C. 1070d-2 (special programs for students whose families are engaged in migrant and seasonal farmwork) (shown in appendix A), the Government Performance Results Act (GPRA) of 1993, Section 4 (1115) (shown in appendix B), and the Education Department General Administrative Regulations (EDGAR), 34 CFR 75.253. EDGAR states that recipients of multi-year discretionary grants must submit an APR demonstrating that substantial progress has been made towards meeting the approved objectives of the project. In addition, discretionary grantees are required to report on their progress toward meeting the performance measures established for the ED grant program.

A customized APR that goes beyond the generic 524B APR is requested to facilitate the collection of more standardized and comprehensive data to inform GPRA, to improve the overall quality of data collected, and to increase the quality of data that can be used to inform policy decisions.

**A2. Indicate how, by whom, and for what purpose the information will be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.**

Information will be collected via the APR submitted by HEP grantees to program office staff and in compliance with GPRA 1993 section 4, sub-section 1115. APRs are submitted once a year and are used to monitor grantee progress. A customized APR that goes beyond the generic 524B APR is requested to facilitate the collection of more standardized and comprehensive data to inform GPRA, to improve the overall quality of data collected, and to increase the quality of data that can be used for evaluation and to inform policy decisions.

With regard to information quality, OMB (2002) identified the following general guidelines for ensuring information quality<sup>1</sup>:

- 1) Soliciting input from a variety of sources and perspectives and
- 2) Subjecting draft materials to a review process as well as the following steps to assure information objectivity and utility:
  - a. Preparing a draft of the document after consulting the necessary parties, including government and non-government sources, as appropriate;
  - b. Determining/assuring accuracy and completeness of data sources;
  - c. Determining the expected uses by the government and public;
  - d. Determining necessary clearance points;
  - e. Determining where the final decision should be made;
  - f. Determining whether peer review would be appropriate and, if necessary, coordinating such review;
  - g. Obtaining clearances; and
  - h. Overcoming delays and, if necessary, presenting the matter to higher authority.

Further, OMB stipulated data integrity as a measure of information quality and recommended adequate

hardware, software, and operational support to ensure data is not compromised.

As it pertains to data a) collected from grantees in response to GPRA 1993 requirements and b) made public, either in original form or as documentation supporting other program reports, the program office will follow the recommended steps outlined above, to the extent practicable under circumstances at the time. Further, the program and its grantees will receive technical assistance through the ED's Data Quality Initiative to ensure data and analyses meet high technical standards and expectations.

**A3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.**

The revised APR form will be collected via an online form accessible only to grantees. This may improve the timeliness of submission, accuracy of data, and reduce cost or burden associated with regular mail or email. It will also reduce the program office's cost associated with data analysis. All information collected in support of the APR will be collected in compliance with grantee evaluation requirements.

**A4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in item 2 above.**

There is no duplication of reporting on the HEP APR. Data are reported annually covering the specified reporting period. The information requested on the APR from HEP grantees is not collected or reported elsewhere. It will replace and enhance the data currently collected by the 524-B form.

**A5. If the collection of information involves small businesses or other small entities, describe any methods used to minimize burden.**

The data collection does not involve small businesses or other small entities.

**A6. Describe the consequences to the Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.**

The APR is a requirement of funded HEP projects, as stipulated in GPRA 1993, Section 4. Annual reporting ensures each grantee is:

- implementing project activities as described in their grant proposal and funding agreement;
- reducing waste and inefficiencies through the collection, analysis and use of formative information;
- contributing to desired progress on program indicators.

Less frequent or no annual reporting risks waste, inefficiency and/or lack of progress on desired indicators due to insufficient oversight. In addition, the HEP program's most recent PART rating was "results not demonstrated," and ED would like to use data from the customized APR to improve that rating.

**A7. Explain any special circumstances that require the collection to be conducted in a manner inconsistent with OMB guidelines.**

There are no special circumstance that would require the collection to be conducted in a manner inconsistent with OMB guidelines.

**A8. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comment on the information collection prior to submission to OMB. Summarize the public comments received in response to that notice and describe the actions taken by the agency in response to those comments. Specifically address comments received on cost and hour burden. Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.**

We will publish both the 60-day and 30-day Federal Register notices and will provide them with this document when available.

[INSERT FEDERAL REGISTER NOTICES HERE.]

The plan to revise the APR was initially introduced to HEP grantees during a presentation at the annual meeting of HEP directors on February 14 and 15, 2007 in Washington, DC. At that time, we received verbal feedback on the plan from approximately 80 HEP directors and program evaluators. Pre-OMB review of the draft revised APR on the topics of the availability of data, the frequency of collection, the clarity of instructions, and recordkeeping was provided on April 27, 2007 via conference call by the following HEP grantees:

- 1) Olga Contreras, HEP Project Coordinator, Abraham Baldwin Agricultural College (Georgia)
- 2) Pablo Jasis, HEP Director, ARC Associates, Inc. (California)
- 3) Miguel Landa, HEP Director, Barry University (Florida)
- 4) Michelle Kelly, Associate HEP Director and Scott Willison, HEP Director and Evaluator, Boise State University (Idaho)
- 5) Adan Suarez, HEP Project Director, Columbia Basin Community College (Washington)
- 6) Cynthia Bartelsmeyer, HEP Director, Fort Scott Community College (Kansas)
- 7) Guillermo Duron, META Associates, Colorado

Further, all grantees will be encouraged via a listserv to submit feedback during the 60-day public comment period.

**A9. Explain any decision to provide payments or gifts to respondents, other than remuneration of contractors or grantees.**

There are no payments or gifts to grantees in support of the data collection.

**A10. Describe any assurance of confidentiality provided to respondents and the basis for assurance in statute, regulation, or agency policy.**

There are no assurances of confidentiality to grantees.

**A11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.**

There are no questions of a sensitive nature on the APR.

**A12. Provide an estimate in hours of the burden of the collection of information.**

We anticipate a burden of approximately 40 hours per grantee. With 61 grantees, that would be a total of about 2,440 hours. Using a cost estimate of \$40 per hour, the cost burden per grantee would be about

\$1,600, or a total for all 61 grantees of about \$97,600. We consulted with seven potential respondents to arrive at the 40 hour response estimate.

**A13. Provide an estimate of the total annual cost burden to the respondents or recordkeepers resulting from the collection of information (do not include the cost of any hour burden shown in items #12 and #14).**

There are no additional costs to respondents or record-keepers resulting from the collection other than already reported in A12 and A14, including capital or start-up costs, or operation, maintenance, or purchase of services.

**A14. Provide estimates of annualized cost to the Federal government.**

The Migrant HEP program office staff will conduct the data collection for the APR. There are currently 61 HEP grantees. Assuming that the response for each grantee takes on average about one hour of program office staff time, and that each hour of program office staff time (including overhead) costs the federal government about \$42 (grade 13, step 5), the annualized federal cost will be about \$2,562.

**A15. Explain the reasons for any program changes or adjustments reported in Items 13 or 14 of the OMB 83-I.**

As a new collection, all this burden is considered new and a program change.

The annual reporting burden shows 2,440 hours. In previous years, the program office collected similar information (not in standardized form) through ED's generic APR form 524B. The reporting templates in the new customized APR will allow the program office to aggregate information for GPRA reporting and will increase data quality.

As a new collection, all this burden is consider new and a program change.

**A16. For collections whose results will be published, outline the plans for tabulation and publication.**

Findings from aggregated grantee reports, as they pertain to the evaluation questions stated in the APR, will be published for public record and for program and grantee use in better understanding effective service models and strategies. The program office will follow OMB recommended steps (outlined above) to ensure information quality. Following this, the program will engage in peer review by Education Department colleagues as well as experts in the field for any publication of analyses resulting from APRs.

**A17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons why display would be inappropriate.**

The OMB number and expiration date will be displayed on the data collection form.

**A18. Explain each exception to the certification statement identified in Item 19 of the OMB 83-I.**

There are no exceptions to the certification statement.

## **B. COLLECTIONS OF INFORMATION EMPLOYING STATISTICAL METHODS**

Data collection does not employ statistical methods.

"Sec. 1115. Performance plans

(a) In carrying out the provisions of section 1105(a)(29), the Director of the Office of Management and Budget shall require each agency to prepare an annual performance plan covering each program activity set forth in the budget of such agency. Such plan shall-

"(1) establish performance goals to define the level of performance to be achieved by a program activity;

"(2) express such goals in an objective, quantifiable, and measurable form unless authorized to be in an alternative form under subsection (b);

"(3) briefly describe the operational processes, skills and technology, and the human, capital, information, or other resources required to meet the performance goals;

"(4) establish performance indicators to be used in measuring or assessing the relevant outputs, service levels, and outcomes of each program activity;

"(b) If an agency, in consultation with the Director of the Office of Management and Budget, determines that it is not feasible to express the performance goals for a particular program activity in an objective, quantifiable, and measurable form, the Director of the Office of Management and Budget may authorize an alternative form. Such alternative form shall-

"(1) include separate descriptive statements of-

"(A)(i) a minimally effective program, and

"(ii) a successful program, or

"(B) such alternative as authorized by the Director of the Office of Management and Budget, with sufficient precision and in such terms that would allow for an accurate, independent determination of whether the program activity's performance meets the criteria of the description; or

"(2) state why it is infeasible or impractical to express a performance goal in any form for the program activity.

"(c) For the purpose of complying with this section, an agency may aggregate, disaggregate, or consolidate program activities, except that any aggregation or consolidation may not omit or minimize the significance of any program activity constituting a major function or operation for the agency.

"(d) An agency may submit with its annual performance plan an appendix covering any portion of the plan that-

"(1) is specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy; and

"(2) is properly classified pursuant to such Executive order.

"(e) The functions and activities of this section shall be considered to be inherently Governmental functions. The drafting of performance plans under this section shall be performed only by Federal employees.

"(f) For purposes of this section and sections 1116 through 1119, and sections 9703 and 9704 the term-

"(1) 'agency' has the same meaning as such term is defined under section 306(f) of title 5;

"(2) 'outcome measure' means an assessment of the results of a program activity compared to its intended purpose;

"(3) 'output measure' means the tabulation, calculation, or recording of activity or effort and can be expressed in a quantitative or qualitative manner;

"(4) 'performance goal' means a target level of performance expressed as a tangible, measurable objective, against which actual achievement can be compared, including a goal expressed as a quantitative standard, value, or rate;

"(5) 'performance indicator' means a particular value or characteristic used to measure output or outcome;

"(6) 'program activity' means a specific activity or project as listed in the program and financing schedules of the annual budget of the United States Government; and

"(7) 'program evaluation' means an assessment, through objective measurement and systematic analysis, of the manner and extent to which Federal programs achieve intended objectives.

"Sec. 1116. Program performance reports

"(a) No later than March 31, 2000, and no later than March 31 of each year thereafter, the head of each agency shall prepare and submit to the President and the Congress, a report on program performance for the previous fiscal year.

"(b)(1) Each program performance report shall set forth the performance indicators established in the agency performance plan under section 1115, along with the actual program performance achieved compared with the performance goals expressed in the plan for that fiscal year.

"(2) If performance goals are specified in an alternative form under section 1115(b), the results of such program shall be described in relation to such specifications, including whether the performance failed to meet the criteria of a minimally effective or successful program.

"(c) The report for fiscal year 2000 shall include actual results for the preceding fiscal year, the report for fiscal year 2001 shall include actual results for the two preceding fiscal years, and the report for fiscal year 2002 and all subsequent reports shall include actual results for the three preceding fiscal years.

"(d) Each report shall-

"(1) review the success of achieving the performance goals of the fiscal year;

"(2) evaluate the performance plan for the current fiscal year relative to the performance achieved toward the performance goals in the fiscal year covered by the report;

"(3) explain and describe, where a performance goal has not been met (including when a program activity's performance is determined not to have met the criteria of a successful program activity under section 1115(b)(1)(A)(ii) or a corresponding level of achievement if another alternative form is used)-

"(A) why the goal was not met;

"(B) those plans and schedules for achieving the established performance goal; and

"(C) if the performance goal is impractical or infeasible, why that is the case and what action is recommended;

"(4) describe the use and assess the effectiveness in achieving performance goals of any waiver under section 9703 of this title; and

"(5) include the summary findings of those program evaluations completed during the fiscal year covered by the report.

"(e) An agency head may include all program performance information required annually under this section in an annual financial statement required under section 3515 if any such statement is submitted to the Congress no later than March 31 of the applicable fiscal year.

"(f) The functions and activities of this section shall be considered to be inherently Governmental functions. The drafting of program performance reports under this section shall be performed only by Federal employees.

"Sec. 1117. Exemption

"The Director of the Office of Management and Budget may exempt from the requirements of sections 1115 and 1116 of this title and section 306 of title 5, any agency with annual outlays of \$20,000,000 or less."
