Defense Technical Information Center (DTIC [R])
DTIC Search Survey

We appreciate your assistance in helping us to make improvements to the DTIC search function. The survey will take approximately five minutes to complete. All responses will be confidential.

How often do you visit the DTIC Online Web sites when searching for scientific and technical information?

○ Daily
○ Weekly
○ Monthly
○ Several times per year

How likely would you be to search collaboratively (e.g., with a subject matter expert, librarian, DTIC employee, etc.) in a virtual world reference session if available?

○ Very likely
○ Somewhat likely
○ Neutral
○ Not very likely
○ Not at all likely

Please rate the importance of the following functions once locating a document of interest:

Create and apply tags so that I can find again	Create a review or provide comments	Recommend it to my colleagues	Order a paper copy	Download a copy to my computer	Download a copy to my mobile device
○ Very important	○ Very important	○ Very important	○ Very important	○ Very important	○ Very important
○ Somewhat important	○ Somewhat important	○ Somewhat important	○ Somewhat important	○ Somewhat important	○ Somewhat important
○ No opinion	○ No opinion	○ No opinion	○ No opinion	○ No opinion	○ No opinion
○ Not very important	○ Not very important	○ Not very important	○ Not very important	○ Not very important	○ Not very important
○ Not at all important	○ Not at all important	○ Not at all important	○ Not at all important	○ Not at all important	○ Not at all important

Which of the following search results display would you be most likely to utilize: [check all that apply]

☐ In chronological order [most recent first]

☐ In order of relevance [most relevant first]

☐ In the form of tag clouds (e.g., Visual depiction of a weighted tag list formed from tags used on a Web site. Tags listed alphabetically and a larger font is used to indicate more frequent term usage)

☐ In the form of treemaps (e.g., Entire collection divided into categories and viewable at a glance)

☐ In chunks (e.g., Combination of weblinks, blog entries, Wikipedia entries, non-text entries, etc. and bibliographic citations)

☐ With facets such as: corporate author, personal author, report date and subject

☐ Search history (e.g., Capability enables users to selectively preserve and reuse search strategies and results)

☐ Other _____

Please provide any additional comments or recommendations below.

_____
_____
_____

When locating a document of interest, I would be most likely to hyperlink to additional documents:

○ Similar in topic
○ By the same personal author
○ By the same corporate author
○ Referenced in my document (bibliography or footnotes)
○ That reference my document
○ None of the above
○ Other _____

Which of the following best describes your organization.
