

# Compassion Capital Fund Communities Empowering Youth Baseline Survey

## **Note to OMB Examiners:**

This information collection instrument contains all questions proposed to be asked of all respondents. Throughout the instrument, any questions that would be uniquely asked of a selected set of respondents are annotated with a superscript:

L – to be asked only of lead organizations;

P – to be asked only of partner organizations (and not of lead organizations); or

06 – to be asked only of organizations in the 2006 grantee cohort.

In some cases for the 2006 grantee cohort, there are two superscripts (e.g., “L 06” indicating the question would be asked only of lead organizations in the 2006 cohort). Questions without a superscript would be asked of all respondents.

When the survey is formatted for web-posting or hard-copy, the non-relevant questions will be excluded from the instrument to be completed by specific groups of respondents.

A legend indicating what superscripts stand for is repeated on each page of the survey for your convenience.

# Compassion Capital Fund Communities Empowering Youth Baseline Survey

The Administration for Children and Families, Office of Community Services (OCS) has sponsored a research study of the Compassion Capital Fund Communities Empowering Youth (CEY) program. As part of this study, a series of surveys will be used to gauge the level of **organizational capacity growth** and **community partnership development** that is stimulated through participation in the CEY program over the entire grant period. Your responses to this survey will provide researchers with information about your organization at or near the beginning of CEY grant activities. Please answer questions as honestly as possible to establish a baseline from which progress may be documented.

Completing this survey is part of the CEY grant requirements. Information obtained through this survey will be used to report about grantees as a group. That is, information about specific organizations and partnerships will not be reported. Federal CEY grant administrators will not view your organization's survey responses. Other members of your partnership, including your designated lead organization, will not view your survey responses. Responses will be accessed only by staff at the research firm that is conducting the evaluation of the CEY program for OCS. All answers will be kept confidential to the best of the research contractor's ability, as allowed by law.

As mentioned above, this survey involves collecting baseline information at or near the outset of your CEY project implementation. Additional surveys will be sent to your organization to obtain updated information in the future. Your cooperation in completing this survey and returning it by the date requested is appreciated.

## The Paperwork Reduction Act of 1995

**Notice:** The Paperwork Reduction Act of 1995 requires the agency to inform all potential persons who respond to this collection of information that such persons are not required to respond unless it displays a currently valid OMB control number. (See 5 C.F.R. 1420.5(b)(2)(i)). The time required to complete this collection of information is estimated to average 45 minutes per response, including the time to review instructions and complete the information collection.

Responses to this data collection will be used only for statistical purposes. The reports prepared for this study will summarize findings across organizations and will not associate responses with a specific organization or individual. All information that identifies you or your organization to anyone outside the study team will be protected to the best of the research contractor's ability, except as required by law.

# Instructions

---

Please answer all questions about your organization. "YOUR ORGANIZATION" refers to the primary beneficiary of the assistance provided through the CEY program. If your organization is hosted by a larger organization (e.g., a church, community development organization, United Way), please answer only for the component that is a part of CEY grant activity. Please do not answer for or about other partners or for contractors (e.g., outside consultants you may have hired to provide training and/or technical assistance on organizational capacity building).

Please mark ONE response per line. Where "Select one" is indicated, please select ONLY ONE response from the list of response options.

For some questions, you may select "Other;" in those instances, please write in a description as requested.

Instructions that pertain to specific questions are imbedded within the survey itself. Instructions are always written in ***bold italicized*** font.

Examples provided as part of instructions are meant to be illustrative. They are not all inclusive. That is, if your organization has engaged or currently engages in activities that could reasonably be included as part of the list of examples but were not specifically mentioned, please respond to the questions following.

For this paper version, please take note that you will be required to manually skip over or select "NA" to questions that do not apply to your organization. Prompts are included to facilitate this process. If you need additional support in responding to these questions, please consult the "How to fill out this survey" section found on the last pages of this document or contact [insert contact information for contractor staff].
