

the general mining laws for the protection of the Bureau of Reclamation Silver Jack Recreation Area. This notice gives the public an opportunity to comment on the proposed action and to request a public meeting.

DATES: Comments and requests for a public meeting must be received by June 5, 2007.

ADDRESSES: Comments and meeting requests should be sent to the State Director, Colorado State Office, Bureau of Land Management (BLM), 2850 Youngfield Street, Lakewood, Colorado 80215-7093.

FOR FURTHER INFORMATION CONTACT: John D. Beck, Branch of Lands and Realty, Colorado State Office, at 303-239-3882.

SUPPLEMENTARY INFORMATION: The withdrawal created by PLO No. 6733 (54 FR 30213) will expire July 18, 2009, unless extended by the Secretary of the Interior pursuant to section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714. The public land withdrew 100 acres of National Forest land from the mining laws to protect the BOR Silver Jack Recreation Area. A legal description of the subject land can be found in the published public land order, and if requested, copies of the order will be provided by the BLM, Colorado State Office.

As extended, the withdrawal would not alter the applicability of those land laws governing the use of the land under lease, license, or permit, or governing the disposal of the mineral or vegetative resources other than under the mining laws.

The use of a right-of-way or a cooperative agreement would not provide adequate protection of the Federal investment in the area.

There are no suitable alternative sites as the described lands contain the facilities and resource values in need of protection. The withdrawal would not displace any existing uses.

Water rights will not be needed to fulfill the purpose of the requested withdrawal.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments in connection with the proposed withdrawal extension may present their views in writing to the BLM, Colorado State Director at the address above. Comments, including names and street addresses of respondents, will be available for public review during regular business hours at the BLM Colorado State Office. Relevant BLM records as to the BOR application and comments, including names and street addresses of respondents, will be available for public review during

regular business hours at the BLM Colorado State Office. Individuals may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal extension must submit a written request to the BLM Colorado State Director at the address given above within 90 days from the publication of this notice. If the authorized officer determines a public meeting will be held, a notice of the time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting.

The withdrawal extension application will be processed in accordance with the regulations set forth in 43 CFR 2310.4.

(Authority: 43 CFR 2310.3-1 (a)).

Dated: December 15, 2006.

John D. Beck,
Chief, Branch of Lands and Realty.

BILLING CODE 4310-JB-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection, Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of a revision of a currently approved information collection (OMB Control Number 1010-0120).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval.

The title of this information collection request (ICR) is "30 CFR Part 206—Product Valuation, Subparts F and J; Part 210—Forms and Reports, Subparts E and H; and Part 218—Collection of Royalties, Rentals, Bonuses and Other Monies Due the Federal Government, Subpart E." We changed the title of this ICR to clarify the regulatory language we are covering under 30 CFR parts 206, 210, and 218 and to reflect OMB consolidation approval of two solid mineral-related ICRs. Those ICRs were titled:

- 1010-0074: 30 CFR Part 206—Product Valuation, Subpart J—Indian Coal (Forms MMS-4292, Coal Washing Allowance Report, and MMS-4293, Coal Transportation Allowance Report); and

- 1010-0120: 30 CFR Part 206, Subpart F—Federal Coal and Subpart J—Indian Coal; Part 210, Subpart B—Oil, Gas, and OCS Sulfur—General, Subpart E—Solid Minerals, General, Subpart H—Geothermal Resources; Part 218, Subpart B—Oil and Gas, General, Subpart E—Solid Minerals—General (Form MMS-4430, Solid Minerals Production and Royalty Report).

In the two ICRs, much of the general information was repeated and cross referenced. This consolidated ICR 1010-0120 eliminates that duplication of effort and redundancy of data and also provides for review of all solids and geothermal information collection requirements on a MMS Solids and Geothermal Compliance and Asset Management program-wide basis. The current ICR does not expire until October 31, 2007 and has a total of 1,751 burden hours as of OMB Notice of Change dated December 9, 2005, which consolidated the burden hours from ICRs 1010-0074 and 1010-0120.

DATES: Submit written comments on or before May 7, 2007.

ADDRESSES: Submit written comments to Sharron L. Gebhardt, Lead Regulatory Specialist, Minerals Management Service, Minerals Revenue Management, P.O. Box 25165, MS 302B2, Denver, Colorado 80225. If you use an overnight courier service or wish to hand-carry your comments, our courier address is Building 85, Room A-614, Denver Federal Center, West 6th Ave. and Kipling Blvd., Denver, Colorado 80225. You may also e-mail your comments to us at mrm.comments@mms.gov. Include the title of the information collection and the OMB control number in the "Attention" line of your comment. Also include your name and return address. If you do not receive a confirmation that we have received your e-mail, contact Ms. Gebhardt at (303) 231-3211.

SUPPLEMENTARY INFORMATION: Title: 30 CFR Part 206—Product Valuation, Subparts F and J; Part 210—Forms and Reports, Subparts E and H; and Part 218—Collection of Royalties, Rentals, Bonuses and Other Monies Due the Federal Government, Subpart E.

OMB Control Number: 1010-0120.

Bureau Form Numbers: Forms MMS-4430, MMS-4292, and MMS-4293.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for collecting royalties from lessees who produce minerals from leased Federal and Indian lands. The Secretary is required by various laws to manage mineral resources production on Federal and Indian lands, collect the royalties due, and distribute the funds in accordance with those laws. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the royalty management functions and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

Minerals produced from Federal and Indian leases vary greatly in the nature of occurrence, production and processing methods, and markets served. Also, lease terms, statutory requirements, and regulations vary significantly among the different minerals.

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share (royalty) of the value received from production from the leased lands. The lease creates a business relationship between the lessor and the lessee. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is similar to data reported to private and public mineral interest owners and is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information collected includes data necessary to ensure that the royalties are accurately valued and appropriately paid.

Applicable citations of the laws pertaining to mineral leases on Federal and Indian lands include: 25 U.S.C. 2103, Indian Mineral Development Act of 1982; 30 U.S.C. 189, Leases and

Prospecting Permits; 30 U.S.C. 359, Lease of Mineral Deposits within Acquired Lands; 25 U.S.C. 396D, Chapter 12—Lease, Sale, or Surrender of Allotted or Unallotted Lands; 30 U.S.C. 1001, 1002, Geothermal Steam and Associated Steam Resources; and 43 U.S.C. 1334, Outer Continental Shelf Lands Act.

Applicable Code of Federal Regulations (CFR) include 30 CFR part 206, subparts F and J; part 210, subparts E and H; and part 218, subpart E. Forms associated with this ICR are Forms MMS-4430, Solid Minerals Production and Royalty Report; MMS-4292, Coal Washing Allowance Report; and MMS-4293, Coal Transportation Allowance Report.

Governing citations require the lessees, producers, or other directly involved persons to accurately submit solid minerals royalty and production data and provide additional reasonable information as defined by the Secretary regarding solid minerals production. This ICR provides for the collection of solid minerals royalty and production information on Form MMS-4430 and on other associated data formats such as associated sales summaries, facility data, sales contracts, payment information, as well as additional documents described below. The current information collection requirements (1) Provide MMS with the ability to verify that revenue due the Federal Government is accurately reported and correctly paid under applicable laws, regulations, and lease terms; and (2) support the fulfillment of our trust, financial and compliance mission requirements. It also provides MMS with the ability to timely disburse mineral revenues to the correct recipients. We encourage electronic submission by way of attachments to e-mail messages from Federal reporters only; however, hard-copy submissions are allowed from both Federal and Indian reporters. \

Specific lease language varies. However, respondents agree by the lease terms to furnish statements providing the details of all solid minerals operations conducted on a Federal or Indian lease and the quantity and quality of all production from the lease at such times and in such form as the Secretary may prescribe.

The MMS, acting for the Secretary, uses all of the collected information to support the Compliance and Asset Management (CAM) and Financial Management (FM) processes, and to assure that royalties reported and paid are based upon correct product valuation. The MMS uses the collected information, as do other Federal

Government, state and tribal entities, for audit purposes and to evaluate the reasonableness of product valuation or allowance claims submitted by lessees. Specifically, MMS provides the Bureau of Land Management (BLM) and the Bureau of Indian Affairs (BIA) access to this information, which they use to conduct production verification, ensure lease diligence, and monitor plant efficiencies and inventories for maximum recovery, and secondary products. The determination of the appropriate product value or allowance rate directly affects the royalties due. Failure to collect such data would prevent the Secretary from accomplishing statutory and trust responsibilities.

*Form MMS-4430, Solid Minerals Production and Royalty Report—*Producers of coal and other solid minerals from Federal and Indian leases electronically file this form monthly. The form contains basic lease-level volume and valuation information. Additionally, the form collects non-Federal production information from mines.

- *Contracts and Contract Amendments—*Coal and metal producers submit sales contracts, agreements, and contract amendments semi-annually. Sodium, potassium, phosphate, and other solid mineral producers, with leases containing ad valorem royalty terms, submit the required documents only if specifically requested to do so by MMS.

- *Sales Summary—*The CAM process compares sales summary information from purchasers to Form MMS-4430 and facility data.

- *Facility Data—*Operators of wash plants and of refining, ore concentration, or other processing facilities for any coal, sodium, potassium, metals, or other solid minerals submit facility data information for months in which they process or carry an inventory.

- *Additional Documents or Evidence—*The MMS requests detailed statements, documents, or other evidence supporting our CAM responsibilities under Federal and Indian lease terms. Spot sale invoices, weigh tickets, laboratory quality reports, transportation contracts, and service contracts are all examples of additional documents we might request. The information might further define a cost or verify a claim made by the producer.

- *Payment Information—*The MMS collects payment data to use in the Financial Management process.

Form MMS-4292—Coal Washing Allowance Report and Form MMS-4293—Coal Transportation Allowance

Report—This ICR also provides for the collection of coal washing and transportation information for Indian leases. The information collected is essential for the royalty valuation process.

We developed Forms MMS-4292, Coal Washing Allowance Report, and MMS-4293, Coal Transportation Allowance Report, for industry to complete when reporting or requesting a washing or transportation allowance.

Summary—The information we collect under this ICR is essential for the royalty valuation process. Not collecting this information would limit the

Secretary’s ability to discharge fiduciary duties and may also result in the inability to confirm the accurate royalty value.

Proprietary information submitted to MMS under this collection is protected. No items of a sensitive nature are collected. The requirement to respond is mandatory for Form MMS-4430. A response is required to obtain benefits for Forms MMS-4292 and MMS-4293.

Frequency of Response: On occasion, annually, monthly.

Estimated Number and Description of Respondents: 149 reporters.

Estimated Annual Reporting and Recordkeeping “Hour” Burden: 1,778 hours.

We are revising this ICR to include reporting requirements from part 206 citations that were overlooked in the previous renewal and reporting requirements for ICR 1010-0074 that were added to this information collection. We have not included in our estimates certain requirements performed in the normal course of business and considered usual and customary. The following chart shows the estimated burden hours by CFR section and paragraph:

RESPONDENTS’ ESTIMATED ANNUAL BURDEN HOURS

Citation 30 CFR	Reporting & recordkeeping requirement	Hour burden	Average No. annual responses	Annual burden hours
Part 206—Product Valuation Subpart F—Federal Coal				
206.253(c)	Coal subject to royalties—general provisions (c) * * * The lessee shall maintain accurate records to determine to which individual Federal lease coal in the waste pit or slurry pond should be allocated * * *.	Hour burden covered under § 206.254.		
206.254	Quality and quantity measurement standards for reporting and paying royalties. * * * Coal quantity information shall be reported on appropriate forms required under 30 CFR part 216 and on the Solid Minerals Production and Royalty Report, Form MMS-4430, as required under 30 CFR part 210.	.4166	816	340
206.257(b)(1)	Valuation standards for ad valorem leases (b)(1) * * * The lessee shall have the burden of demonstrating that its contract is arm’s-length * * *.	AUDIT PROCESS See Note.		
206.257(b)(3)	(b)(3) * * * When MMS determines that the value may be unreasonable, MMS will notify the lessee and give the lessee an opportunity to provide written information justifying the lessee’s reported coal value.	AUDIT PROCESS See Note.		
206.257(b)(4)	(b)(4) The MMS may require a lessee to certify that its arm’s-length contract provisions include all of the consideration to be paid by the buyer, either directly or indirectly, for the coal production.	AUDIT PROCESS See Note.		
206.257(d)(1)	(d)(1) Where the value is determined pursuant to paragraph (c) of this section, that value does not require MMS’s prior approval. However, the lessee shall retain all data relevant to the determination of royalty value.	Hour burden covered under § 206.254.		
206.257(d)(2)	(d)(2) Any Federal lessee will make available upon request to the authorized MMS or State representatives, to the Inspector General of the Department of the Interior or other persons authorized to receive such information, arm’s-length sales value and sales quantity data for like-quality coal sold, purchased, or otherwise obtained by the lessee from the area.	AUDIT PROCESS See Note.

Estimated Annual Reporting and Recordkeeping “Non-hour Cost”

Burden: We have identified no “non-hour cost” burden associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting “non-hour cost” burden to respondents or recordkeepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the

period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request. The ICR also will be posted on our Web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We also will make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Upon request, we will withhold an individual respondent’s home address from the public record, as allowable by law. There also may be circumstances in which we would withhold a respondent’s identity, as allowable by law. If you request that we withhold your name and/or address, state your request prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as

representatives or officials of organizations or businesses, available for public inspection in their entirety.
