PAPERWORK REDUCTION ACT BURDEN STATEMENT

In accordance with the Privacy Act (5 U.S.C. 552a) and the Paperwork Reduction Act (44 U.S.C. 3501), please note the following information. This information collection is authorized by the National Wildlife Refuge Improvement Act of 1997. The Fish and Wildlife Service will use this information to make management and policy decisions. Your response is voluntary. We will aggregate the information and use only for statistical purposes. We do not maintain personal identifying information. OMB has assigned OMB Control No. 1018-XXXX, which expires XX/XX/XXXX. Response is not required unless a currently valid OMB control number is displayed. We estimate that it will take 20 minutes to complete this survey. You may direct comments regarding the burden estimate or any other aspect of the form to the Service Information Collection Clearance Officer, Fish and Wildlife Service, Mail Stop 222, Arlington Square, U.S. Department of the Interior, 1849 C Street, NW., Washington D.C. 20240.

NWRS Partner Survey

Introduction and Organizational Information

This survey is being conducted as part of an evaluation of the effectiveness of the National Wildlife Refuge System (NWRS). The evaluation is being conducted by Management Systems International under contract to the NWRS.

All responses will be anonymous as the survey does not ask for the respondent's name or information that could identify an individual/organization. The answers you provide in this survey will be used, in combination with other information, to assess the effectiveness of various components of the NWRS. This information will also serve as a basis for developing recommendations to strengthen the Refuge System's performance.

This survey has been designed to be completed by representatives of Friends Groups, community-based organizations, and other organizations that support and partner with the Refuge System.

The survey will collect information on two general topic areas:

- 1) The quality of your organization's partnership with the NWRS, and
- 2) Your view as to the NWRS' effectiveness in achieving its objectives.

This survey should take approximately 20 minutes to complete.

If you have any questions before you begin, please contact Dennis Marotta at dmarotta@msi-inc.com. Thank you very much.

NWRS Partner Survey

Quality of Partnership

We are interested in understanding more about the nature and quality of your organization's partnership with the NWRS. A number of the questions in this section include a space for you to include a narrative explanation of your immediately preceding close-ended responses. Please provide explanatory details as you find appropriate.

3. Please review the following list of specific areas of partnership. For those areas in which you have an active partnership with the Refuge System, provide a rating of the quality of the partnership. If you do not actively partner in a given area then you may select "N/A - We do not partner in this area."

	1 - Poor	2 - Fair	3 - Good	4 - Very Good	5 - Excellent	N/A - We do not partner in this area

You may use this space to comment on aspects of particular program partnerships.

4. Please summarize the overall quality of the working relationship between your organization and the National Wildlife Refuge System.

5. You may use this space to provide general comments on your partnership with the Refuge System, including the best/most productive aspects of the relationship or the most challenging.

NWRS Program Effectiveness

The NWRS has defined a set of long-term goals that cover its full range of program and management activities. In this section of the survey you will be asked to provide your viewpoint on the effectiveness of the NWRS in achieving these goals. Similar to the preceding section of the survey, please provide explanatory narratives if and when you feel it is helpful to do so.

Each of your responses should be based on your knowledge of NWRS' work in a particular program area. If you do not have a familiarity of the Refuge System's work in a particular area you should not provide a rating as to their effectiveness for that area.

6. Rate the effectiveness of the Refuge System in achieving the following goals:

	1- Ineffective	2-Somewhat 3 Ineffective	3-Moderatel Effective	y 4-Very Effective	5-Extremely Effective	No Opinion/ N/A
Conserve, manage and where appropriate, restore fish, wildlife, and plant resources and their habitats to fulfill refuge purposes, trust resource responsibilities, and biological diversity/integrity.	j'n	j'n	ja	j'n	jα	ja
