This report is required by regulation (9CFR 116). No biological product can be released by the license (and will be withheld from distribution) unless a completed report has been received for recommendation.

Public reporting burden for this collection of information is estimated to average 1.3 hours per response, including the time for reviewing instruction, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information, including suggestions for reducing this burden, to Department of Agriculture, Clearance Officer, OIRM, Room 404-W, Washington, D.C. 20250; and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, D.C. 20503
