## INSTRUCTIONS FOR THE JOHNE'S PROGRAM TEST RECORD CONTINUATION SHEET (VS FORM 4-30)

The purpose is to outline the Voluntary Bovine Johne's Disease Control Program test record form. The major objectives of the test record are to provide uniformity in recording and reporting tests for Johne's disease. To show specific information relative to each test in a herd and to include all pertinent information concerning the results. In addition, to facilitate the recording of uniform statistics information so that it will be readily available for special herd studies and program evaluation.

The instructions for the Continuation Johne's Test Record, below are listed within the record.

1. Enter State postal code.

2. Enter the County's name.

3. Premise ID number, owner number, and the kind of herds: Premise ID number is the code number for the herd, farm, ranch, dairy, or premises ID is to be recorded in this block by the States that are maintaining a master identification file.

4. Owner's Name and Address: Owner's Name and Address: In the top center portion of the form the herd owner's last name, first name, and middle initial should be printed or legibly written.

5. Completed Herd Test of All Eligible Animals- The testing veterinarian should check the applicable block. When the "No" block is checked, the total number of eligible animals in the herd should be recorded.

6. Sample Collection:

- Samples No: Identifies the sample with animal identification.
- · Record all identification number(s):Record all Eartags(s) and Tattoo(s).
- · Vacc Tattoo: If vaccinated, the vaccination tattoo should be recorded in this space.
