

Justification – Non-substantial Change to FS-1800-7
October 3, 2007

Upon release of form FS-1800-7, a field employee discovered a discrepancy in the form. Item 4 will be changed to read: “All of the above described work will be noncompensable. Except as otherwise provided, I understand this service will **not** confer on me the status of a federal employee.”

The word “not” was inadvertently omitted from the form when it was submitted to OMB for approval.
