Public Perceptions of the Military Health System Study

Thank you for participating in this important study conducted by ICF International for TRICARE, the Department of Defense's health system. Our goal is to better understand how the public views the military healthcare system.

To participate in this study, you will join in today's discussion and complete a short form, anonymously, giving some background information about yourself, such as your age and race. The group discussion will be audio taped and takes about one and one-half hours.

Your participation is voluntary and you do not have to answer any question you don't want to answer.

All of your answers are completely anonymous. They will not be shared with anyone outside of the research team at ICF. Your name will never be linked to your answers or to any comments you make during the discussion.

If you agree to participate, please sign below and write in the date.

I agree to participate in the Public Perceptions of the Military Health System Study.
