Subject: public comment on federal register o 2/12/07 vol 72 #28 pg 6570

dhs fed reg doc e7 2309 - 60 day 07 0527 omb 0920 0527 cyanobacteria

this agency flubbed the test the first time and now wants taxpayers to pay for a second one. i oppose this effort. this agency is obviously ineffective and inefficient.

Dear Ms. Sachau,

Thank you for your comments concerning the Centers for Disease Control 60 Day Federal Register Notice for 0920-0527—Human Exposure to Cyanobacterial Toxins in Water. We have given the concerns you described careful consideration.

For further information regarding the unique mission of CDC, please refer to our website at [www.cdc.gov](http://www.cdc.gov).

Thank you for your continued interest in CDC.

Sincerely,

Division of Environmental Hazards and Health Effects
