

Note: This is the English-version flyer we submitted to OMB on July 20. The flyer will be translated into Spanish and used to recruit Spanish-speaking mothers.

Mothers Wanted for Research Study

The National Center for Health Statistics is looking for mothers (aged 18 and over) with babies 2-12 months old to test questions that may be used on a national survey. All mothers are welcome, but we are especially interested in mothers who had a C-section, mothers who used medical treatment to get pregnant, mothers with additional children, and smokers. The interview will be no longer than 60 minutes and participants will receive \$50.
