Line Item Instructions for Attachment C, Benchmark Evaluations

Item	Data Elements	Instructions
1	Awarding Federal agency	Enter the name of the awarding Federal agency and organizational
	and Organizational	element identified in the award document or otherwise instructed by
	Element to Which Report	the agency. The organizational element is a sub-agency within an
	is Submitted	awarding Federal agency.
2	Federal Grant or Other	Enter the grant/award number contained in the award document.
	Identifying Number	
	Assigned by the awarding	
3a	Federal agency DUNS Number	Enter the recipient organization's Data Universal Numbering System
Sa	DONS Number	(DUNS) number or Central Contract Registry extended DUNS
		number.
3b	EIN	Enter the recipient organization's Employer Identification Number
0.5		(EIN) provided by the Internal Revenue Service.
4	Reporting Period End	Enter the ending date of the reporting period. For quarterly, semi-
	Date	annual, and annual reports, the following calendar quarter reporting
		period end dates shall be used: 3/31; 6/30; 9/30 and or 12/31. For
		final PPRs, the reporting period end date shall be the end date of the
		project/grant period. The frequency of required reporting is usually
		established in the award document.
	nark Evaluations	Indicate in this palmon the months of the Colonia A
C.(1a)	Strategic Goals	Indicate in this column the number or label of the Federal Award Agency-specified or Program-specific goal(s) that your proposed
		service or activity is designed to achieve.
		(Awarding Federal agencies may provide guidance on format
		and purpose of this number or label. —For example, an agency
		may prescribe specific activities, may prescribe how to map
		activities to specific goals/objectives or program/priority areas.
		activities to specific goals/objectives or program/priority areas, or may leave the determination to the recipient).
C.(1b)	Policy Priorities	
C.(1b)	Policy Priorities	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service
, ,	-	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes.
C.(1b)	Policy Priorities Problem, Need Situation	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for
C.(2)	Problem, Need Situation	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity.
, ,	Problem, Need Situation Service or Activity /	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your
C.(2)	Problem, Need Situation	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not
C.(2)	Problem, Need Situation Service or Activity / Output	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome.
C.(2)	Problem, Need Situation Service or Activity /	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units
C.(2)	Problem, Need Situation Service or Activity / Output	or may leave the determination to the recipient). Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the

Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the progress of your services or activities. Units/Quantity asks for specific interim or final products (call outputs) that you establish for your program's services or activities. Use quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and the Federal Awarding Agency to monitor and assess your progress in achieving your program workplan. Units/Quantity should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to
C.(2) C.(3)	Problem, Need Situation Service or Activity / Output Benchmark Measures	Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the progress of your services or activities. Units/Quantity asks for specific interim or final products (call outputs) that you establish for your program's services or activities. Use quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and the Federal Awarding Agency to monitor and assess your progress in achieving your program workplan. Units/Quantity should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to measure performance. These outputs should lead to targets for
C.(2) C.(3)	Problem, Need Situation Service or Activity / Output Benchmark Measures	Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the progress of your services or activities. Units/Quantity asks for specific interim or final products (call outputs) that you establish for your program's services or activities. Use quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and the Federal Awarding Agency to monitor and assess your progress in achieving your program workplan. Units/Quantity should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to measure performance. These outputs should lead to targets for achievement of outcomes. Results should be represented by both
C.(2) C.(3)	Problem, Need Situation Service or Activity / Output Benchmark Measures	Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the progress of your services or activities. Units/Quantity asks for specific interim or final products (call outputs) that you establish for your program's services or activities. Use quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and the Federal Awarding Agency to monitor and assess your progress in achieving your program workplan. Units/Quantity should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to measure performance. These outputs should lead to targets for achievement of outcomes. Results should be represented by both the actual # and % of the goal achieved. Report actual result of your
C.(2) C.(3)	Problem, Need Situation Service or Activity / Output Benchmark Measures	Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the progress of your services or activities. Units/Quantity asks for specific interim or final products (call outputs) that you establish for your program's services or activities. Use quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and the Federal Awarding Agency to monitor and assess your progress in achieving your program workplan. Units/Quantity should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to measure performance. These outputs should lead to targets for achievement of outcomes. Results should be represented by both the actual # and % of the goal achieved. Report actual result of your benchmarks. The actual result could be numbers of units
C.(2) C.(3) C.(4)	Problem, Need Situation Service or Activity / Output Benchmark Measures	Indicate I this column the number or label of the Federal Awarding Agency-specified or Program-specific, if any, your proposed service or activity promotes. Provide a general statement of need that provides the rationale for the proposed service or activity. Identify the activities or services that you are undertaking in your work plan, which are crucial to the success of your program. Not every activity or service yields a direct outcome. The Benchmark or Output Measure columns ask you to identify units of measure and the quantity that will be used in measuring the progress of your services or activities. Units/Quantity asks for specific interim or final products (call outputs) that you establish for your program's services or activities. Use quantifiable output goals, including timeframes. These should be products or interim products, which will allow you and the Federal Awarding Agency to monitor and assess your progress in achieving your program workplan. Units/Quantity should identify the results associated with the product or output. These may be numerical measures characterizing the results of a program activity, service or intervention and are used to measure performance. These outputs should lead to targets for achievement of outcomes. Results should be represented by both the actual # and % of the goal achieved. Report actual result of your
