### List of WIA, Wagner-Peyser Employment Service, Jobs for Veterans State Grants - DVOP and LVER, and TAA Program Reporting Requirements to be Replaced by WISPR

The data collection and quarterly reporting requirements contained within the proposed WISPR system will replace the current reporting requirements of the following 7 ETA programs:

- Wagner-Peyser Employment Service
- Jobs for Veterans State Grants - DVOP and LVER
- WIA Adult
- WIA Dislocated Worker
- WIA Youth
- National Emergency Grants
- Trade Adjustment Assistance

These programs currently require the states to produce 11 separate quarterly reports and record submissions. Quarterly customer satisfaction reports for the WIA and ES programs, which were originally proposed for elimination under the EMILE, have already been discontinued by ETA through OMB approval (February 2006) to revisions in these program reporting systems (see latest OMB notices of action on No. 1205-0420, dated 02/22/2006, and 1205-0240, dated 02/15/2006).
