Step Three: Agency Participation.

If you wish to receive Electronic Institutional Student Information Record (ISIR) data, you must complete the following and by doing so you agree to obtain a signed release of information from the student prior to requesting the application record from the [Central Processing System \(CPS\)](#).

Since many states have programs which provide assistance to students attending institutions of higher education, and applicants for Federal student financial assistance generally also apply for assistance under state programs, the administration of such state programs would be greatly assisted if selected data received or generated by the U.S. Department of Education concerning applicants for Federal student aid were provided to the Agencies administering those programs. The Secretary of Education is willing to assist states in the administration of their student aid programs by providing them selected data in accordance with relevant provisions of the Privacy Act (5 U.S.C.552a) as long as such Agencies use that data for limited specified purposes and safeguard the confidentiality of the information provided.

Therefore, in order to facilitate the awarding of financial assistance to students attending institutions of higher education under State financial assistance programs, and to coordinate the awarding of such assistance with financial assistance provided by the Federal government under the Higher Education Amendments of 1992 (Pub. L. 102-325), the Secretary of Education (hereinafter referred to as the Secretary) will agree to furnish in accordance with relevant provisions of the Privacy Act to

Signature Page Instructions

You have successfully completed (1) **Step One**, identifying yourself and (2) **Step Two**, identifying the services you would like to add/modify. You are about to complete (3) **Step Three**, providing the destination point signature(s) and (4) **Step Four**, providing the authorizing official signatures of your organization and any necessary authorizing official signatures for the institutions you are servicing.

Step Three: Responsibilities of the Destination Point Administrator.

The U.S. Department of Education is required to collect the signature for each destination point administrator identified in Step Two. Each destination point administrator **must read and sign** this statement. All the original signature documents **must be submitted** to: CPS/SAIG Technical Support.

A copy of each signed and dated statement must be maintained by your organization. Once we receive all necessary signatures from you, we will process your enrollment. If your enrollment was for a new TG number, we will send you your SAIG TG and customer numbers.

Step Four: Certification of the President/CEO/Chancellor.

The U.S. Department of Education is required to collect the signature of the chief officer of the organization (President, CEO, Chancellor, equivalent person, or Designee) for each destination point administrator identified in Step Two. (Please note that in order for a person to be recognized as the "official" designee of an organization, SAIG must have on file the designee signature pages with the appropriate signature.)

For each destination point, the chief officer of the organization must sign this certification statement. If your organization is a third-party servicer acting on a school's behalf, both the school's chief officer and your organization's chief officer must sign. All the original signature documents **must be submitted** to: CPS/SAIG Technical Support.

A copy of each signed and dated statement must be maintained by your organization.

Printing and sending the signature pages.

To view and print the certification statements and instructions, push the **Print Signature Pages** button below.

Congratulations.

Confirmation Stamp: 00000078401

Congratulations on completing your SAIG Enrollment application! Your application was successfully transmitted to the U.S. Department of Education. We recommend you print this page as a confirmation that your application was received.

We will hold your application until we receive your signed signature page(s). Once we receive all necessary signatures from you, we will process your application. If you have established a new Destination Point, we will send the new Destination Point Administrator the enrollment information by the method selected (e-mail or mail).

If you have changed or added services, you may download your new software and/or documentation at www.fsadownload.ed.gov.

If you are a current DPA, you must collect and maintain SAIG User Statements from all individuals who you grant access to your SAIG mailbox. Even if you have no new enrollment information to submit to SAIG at this time, you must print and complete a copy of the User Statement if you have none on file for a current SAIG mailbox user. **Do not send this form to SAIG.** Keep a copy of the signed statement for your records.
