

# Multifamily Summary Appraisal Report

U.S. Department of Housing and Urban Development
Office of Housing
Federal Housing Commissioner

OMB Approval No. 2502-0029
(exp. 05/31/2006)

This form is in compliance with the requirements of the Uniform Standards of Professional Appraisal Practice for written reports, except where the Jurisdictional Exception is invoked to allow for minor deviations, as noted throughout.
Additional technical direction is contained in the HUD Handbooks referenced in the lower right corner.

**L. Comparison Approach to Value**

7. The undersigned has recited three sales of properties most similar and proximate to the subject property and has described and analyzed these in this analysis. If there is a significant variation between the subject and comparable properties, the analysis includes a dollar adjustment reflecting the market reaction to those items or an explanation supported by the market data. If a significant item in the comparable property is superior to, or more favorable than, the subject property, a minus (-) adjustment is made, thus reducing the indicated value of the subject property. If a significant item in the comparable property is inferior to, or less favorable than, the subject property, a plus (+) adjustment is made, thus increasing the indicated value of the subject property. \*[(1) equals the Sales Price divided by Gross Annual Rent]

9. The market value (or replacement cost) of the property, as of the effective date of the appraisal, is \$ \_\_\_\_\_ **\*\* see note below**

**\*\* Note:** For Section 221 mortgage insurance application processing, acceptable risk analysis produces a supportable replacement cost estimate, and the estimate reflected here is the replacement cost new/summation approach result. In effect, such "appraisals" are in fact USPAP "consultations" concerning economically supportable cost limits. For Section 207 and 223 processing, all three approaches to value are included in the appraisal, but the subject property is appraised for its intended multifamily use, not necessarily its "highest and best use." The definition provided in USPAP for "market value" is generally observed, but see Handbook 4465.1, paragraph 8-4, for qualifications.

Effective Dates: For new construction or substantial rehabilitation proposals, the effective date of the improvements component cost estimation is the Line G53 month estimate added to the report and certification date below. The land component is valued as of the inspection date. For Section 223, the effective date of the appraisal is the same as the reporting date, but assumes (hypothetically) the completion of all required repairs/work write-up items.

Comments on: (continue on separate page if necessary)

- Sales comparison (including reconciliation of all indicators of value as to consistency and relative strength and evaluation of the typical investors'/purchasers' motivation in that market).
- Analysis of any current agreement of sale, option, or listing of the subject property and analysis of any prior sales of subject and comparables within three years of the date of appraisal.

Public Reporting Burden for this collection of information is estimated to average 114 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

This information is being collected under Public Law 101-625 which requires the Department of to implement a system for mortgage insurance for mortgages insured under Sections 207,221,223,232, or 241 of the National Housing Act. The information will be used by HUD to approve rents, property appraisals, and mortgage amounts, and to execute a firm commitment. Confidentiality to respondents is ensured if it would result in competitive harm in accord with the Freedom of Information Act (FOIA) provisions or if it could impact on the ability of the Department's mission to provide housing units under the various Sections of the Housing legislation.
