Description of Revised Courses Funded by HBCU-UP

The National Science Foundation (NSF) requests information on courses developed or revised **using HBCU-UP funds** that meet the following criterion established by the American Competitiveness Council (ACC):

Courses that “integrate the use of instruments, methods, and procedures that are commonly used in academic, industry, and government laboratories.”

As a grantee of the HBCU-UP Program, please provide the following information:

- As part of your HBCU-UP project, have you revised or developed a course or courses to “integrate the use of instruments, methods, and procedures that are commonly used in academic, industry, and government laboratories?” (please circle)

Yes No

- If you answered “yes” above, please fill out the table—and submit a syllabus—for *each course* that was revised or created fitting the description above.

For each course listed, please indicate whether the revision or development of the course involved the integration of innovative technology into the course (example: virtual or simulated labs or digital portfolios NOT instructional aids such as Blackboard or Power Point).
