dhs cdc 60 day 07 0406 omb 0920-0406national center for health  
statistics - taking surveys even when not needed

i see no real need for collecting this information at all. no  
purpose for it is given. just another power spending grab by  
federal employees.

- (a) not necessary
- (b) far too much burden - more than projected
- (c) dont take this nonsensical non needed survey
