## SEMI-ANNUAL PROGRESS REPORT FOR STOP Violence Against Indian Women Discretionary Grant Program

**Brief Instructions:** This form must be completed for each STOP Violence Against Indian Women Discretionary (STOP VAIW) grant received. The grant administrator or coordinator must ensure that the form is completed fully with regard to all grant activities. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators or coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer based on the activities supported under this grant during the current reporting period. Sections B, F, and subsections A1 and C2 of this form must be completed by all grantees. In sections D, E, and subsections A2, C1, C3, C4, C5, and C6, grantees must answer an initial question about whether they supported certain activities during the current reporting period. If the response is yes, then the grantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

For example, 1) if you are a victim services agency providing training and victim services with staff funded under this grant, you would complete A1, A2, B, C1, C2, D, and F (and answer 'no' in C3, C4, C5, C6, and E1-E5); or, 2) if you are a law enforcement agency receiving funds to pay for staff who provide training to other law enforcement officers, you would complete A1, A2, B, C1, C2, and F (and answer 'no' in C3, C4, C5, C6, D and E1-E5).

Throughout this form, the term "STOP VAIW funds" includes the 25% non-federal match. Grantees must report on activities supported through the STOP VAIW federal funds and the non-federal portion of the budget identified as the organization's 25% match. All information should reflect activities for the current reporting period only. The activities of volunteers or interns may be reported if they are coordinated or supervised by STOP VAIW grant-funded staff or if STOP VAIW grant funds substantially support their activities.

For further information on filling out this form, refer to the separate set of instructions, which contains detailed definitions and examples, illustrating how questions should be answered.

### 20. Number of victims/survivors served, partially served, and victims seeking services who were not served

Do not attempt to answer this question without referring to the separate set of instructions for further explanation and examples of how to distinguish among these categories. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who sought or received services during this reporting period should be counted only once and in only one of the listed categories. For purposes of this question, victims/survivors are those against whom the sexual assault, domestic violence, or stalking was directed.)
