

We recently contacted you regarding a **U.S. Department of Transportation's Federal Motor Carrier Safety Administration (FMCSA)** study aimed at improving scientific guidance on medical examiner performance that impacts interstate commercial motor vehicle (CMV) driver health and safety, but have not heard back from you. We are hoping you will take a few moments to consider responding to an important online survey.

The anonymous survey includes:

studies

- CMV driver physical examination case
- An opportunity to share uncertainties encountered during physical examinations
- Questions regarding examination tasks
- Your feedback to FMCSA regarding the physical examination process

delegated to support personnel

Your participation in this survey allows you to represent your colleagues.

Your professional insight is invaluable.

Please register to complete this survey at the following url:
