SCALE RECORD LOG

SCALE I.D. _____

DATE _____
(FROM) _____ (TO)

WARNING: Any person who shall knowingly falsely make, issue, alter, forge, or counterfeit this document, or participate in any such action or otherwise violate provisions in the U.S. Grain Standards Act is subject to criminal prosecution and assessment of civil penalties.

This form is a hard back book.

INSIDE JACKET

INSTRUCTIONS FOR USE

1. On front cover, complete scale ID and enter dates the log covers.
2. On outside back cover, complete the elevator name, location, serial number, and scale capacity.
3. Record the placement or removal of seals on pages headed "Seal Record", at the back of the book.
4. On the inside pages, record: (1) the dates and results of scale tests, (2) scale and related equipment malfunctions, and (3) any additional data required by the field office manager.
5. When the log is full, file at the field office, delegated State or designated agency office, as appropriate, and retain as a historical record of the scale's performance.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0580-0013. The time required to complete this information collection is estimated to average 8.50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
