Number of Employees

NUMBER OF EMPLOYEES — Employees on the payroll at the end of FY 2007 including part-time employees, but excluding temporary and contract employees not included on your payroll records. A count taken at some other date during the reporting period may be given provided it is a reasonable estimate of employees on the payroll at the end of FY 2007. If the number of employees at the end of FY 2007 (or when the count was taken) was unusually high or low due to temporary factors (e.g., a strike), enter the number of employees that reflects normal operations. If the number of employees fluctuates widely during the year due to seasonal business variations, report the average number of employees on the payroll during FY 2007. Base such an average on the number of employees on the payroll at the end of each pay period, month or quarter. If precise figures are not available, give your best estimate.

ANNUAL SURVEY OF U.S. DIRECT INVESTMENT ABROAD — 2007
FORM BE-11B(EZ)
ADDITIONAL INSTRUCTIONS BY LINE ITEM

Part I — IDENTIFICATION OF FOREIGN AFFILIATE

3. Country of location — If the affiliate is engaged in petroleum shipping, other water transportation, or oil and gas drilling, and has operations spanning more than one country, use country of incorporation for country of location. For example, classify in country of incorporation an oil drilling rig that moves from country to country during the year.

6. Ownership interest held by U.S. Reporter named in item 1.

Voting interest is the U.S. Reporter's direct ownership in just the voting equity of the affiliate. Examples of voting equity include voting stock and a general partner's interest in a partnership. Thus, a U.S. Reporter could have a 100 percent direct voting interest in an affiliate but own less than 100 percent of the affiliate's total equity.

Holding companies (ISI code 5512) must show total income. To be considered a holding company, a company's equity in net income of affiliates that it holds must constitute a majority of its total income. In addition, normally at least 50 percent of total assets must consist of investments in affiliates. ISI code 5512 (holding company) is an invalid classification if more than 50 percent of income generated, or expected to be generated, by an affiliate is from non-holding company activities.

14. Net income (loss) — Net income for the year, after provision for foreign income taxes, but before provision for common and preferred dividends. Include income from equity investments and realized and unrealized gains (losses) (net of income tax effects) included in the determination of net income.

Part II — FINANCIAL AND OPERATING DATA OF FOREIGN AFFILIATE

13. Sales or gross operating revenues, excluding sales taxes — Report gross operating revenues or gross sales minus returns, allowances, and discounts. Exclude sales or consumption taxes levied directly on the consumer. Exclude net value-added and excise taxes levied on manufacturers, wholesalers, and retailers. Affiliates classified in ISI codes 5223, 5224, 5231, 5238, 5252 and 5331 report interest income on this line. Insurance companies with ISI codes 5243 and 5249 should include gross investment income on this line. (Dealers in financial instruments and finance, insurance, and real estate companies see **Special Instructions** below.)

SPECIAL INSTRUCTIONS FOR DEALERS IN FINANCIAL INSTRUMENTS, FINANCE COMPANIES, INSURANCE COMPANIES AND REAL ESTATE COMPANIES

A. Certain realized and unrealized gains (losses) for (1) dealers in financial instruments and finance and insurance companies, and (2) real estate companies.

1. Dealers in financial instruments (including securities, currencies, derivatives, and other financial instruments) and finance and insurance companies — Include in the calculation of net income (item 14)

- impairment losses as defined by FAS 115,
- realized gains and losses on trading or dealing,
- unrealized gains or losses, due to changes in the valuation of financial instruments, that flow through the income statement, and
- goodwill impairment as defined by FAS 142.

EXCLUDE from item 13 and 14, unrealized gains or losses due to changes in the valuation of financial instruments that are taken to other comprehensive income.

Include income from explicit fees and commissions as operating income in item 13.

2. Real estate companies — Include in item 14:

- impairment losses, as defined by FAS 144,
- goodwill impairment as defined by FAS 142, and

Include revenues earned from the sale of real estate you own as operating income in item 13.

B. Special Instructions for insurance companies

1. When there is a difference between the financial and operating data reported to the stockholders and the data reported in the annual statement to an insurance department, prepare the BE-11 on the same basis as the annual report to the stockholders. Valuation should be according to normal commercial accounting procedures, not at rates promulgated by national insurance departments, e.g., include assets not acceptable for inclusion in the annual statement to an insurance department, such as: 1. non-trusted or free account assets and 2. nonadmitted assets, including furniture and equipment, agents' debit balances, and all receivables deemed to be collectible. Include mandatory securities valuation reserves that are appropriations of retained earnings in the owners' equity section of the balance sheet not in the liability section.

2. Do not include assets of the U.S. Reporter held in the country of location of the affiliate that are for the benefit of the U.S. Reporter's policyholders in the data reported for the affiliate.

3. Instructions for reporting specific items

Sales or gross operating revenues, excluding sales taxes (item 13) — Include items such as earned premiums, annuity considerations, gross investment income, and items of a similar nature.
