Pancreas Islet Cell Transplant Program

Part 3: Facilities

This section must be completed when applying for a new program or reactivating an existing program.

1. Does this hospital presently have an OPTN approved pancreas transplant program?
   ___ Yes ___ No. If No, Part 7 of this application will need to be completed.

2. Year Islet Cell Transplant Program to Start (or started):_____

3. Provide the following required documents:

Check list	Required Supporting Documents
	Documentation that verifies that the program has adequate clinical and laboratory facilities for pancreatic islet transplantation as defined by the current regulations provided by the Food and Drug Administration (FDA)
	Copy of the center's IND application form (2 pages) and a copy of the letter from the FDA that verifies receipt of the application
	Copy of written documentation provided by the FDA that confirms the active status of the IND (if received by center at the time of OPTN application submission)
	Letter of agreement or contract with the center's OPO that specifically indicates it will provide the pancreas for islet cell transplantation

4. Islet Isolation – Pancreatic islets must be isolated in a facility with an FDA Investigational New Drug (IND) application in effect, with documented collaboration between the program and such facility. Provide a description of how this criterion is being met.

PART 4: Personnel

PART 4A: Personnel – Transplant Program Director(s)

1. Identify the Transplant Program Surgical and/or Medical Director(s) of the islet cell transplant program (include C.V.). Briefly describe the leadership responsibilities for each.

Check list	Question Reference	Required Supporting Documents
	4A 1	Current C.V.

Name	Date of Appointment	Primary areas of responsibility

PART 4B, Section 1: Personnel – Surgical – Primary Surgeon

1. **Primary Islet Cell Transplant Surgeon.** Refer to the Bylaws for the necessary qualifications and more specific descriptions of the required supporting documents listed below.

Check list	Question Reference	Required Supporting Documents
	4B 1a	Current C.V.
	4B 1c	Letter from the Credentialing Committee of the applicant hospital stating that the surgeon meets all requirements to be in good standing. Please provide an explanation of any status other than active/full
	4B 1d,g,h	Letter from the Surgeon detailing his/her commitment to the program and describing their transplant experience/training.
	4B 1g	Formal Training: A letter from the training director verifying that the fellow has met the requirements
	4B 1g	Formal Training: A log (See Tables 1 & 2) of the transplant and procurement procedures.
	4B 1h	Transplant Experience: A letter from the program director verifying that the individual has met the requirements
	4B 1h	Transplant Experience: A log (See Tables 1 & 2) of the transplant and procurement procedures.
	4B	Other Letters of Recommendation (Reference)
	5a	Letter(s) of recommendation from person(s) named as primary surgeon and program director attesting to the individual's overall qualifications to act as primary surgeon and addressing the individual's personal integrity, honesty, familiarity with and experience in adhering to OPTN requirements and compliance protocols, and other matters as deemed appropriate.

a) Name: _____

b) Is this individual presently designated as the OPTN primary pancreas transplant surgeon for the pancreas transplant program? _____ Yes _____ No.
   - If Yes, supply the first 3 documents and the final document in the checklist above and answer question "i".
   - If no, complete questions "c"-"k".

c) Date of Appointment (MM/DD/YY): Facility: _____ To this position: _____
Does individual have FULL privileges at this hospital?

_____ Yes Provide copy of hospital credentialing letter.

_____ No If the individual does **not** have full privileges, explain why and provide the date the individual will be considered for full privileges. Include an explanation that describes the scope of privileges.

d) Percentage of professional time spent at this facility: _____% = _____ hrs/week

e) List other hospitals, health care facilities, and medical group practices and percentage of professional time spent on site at each:

Facility	**Type**	**Location (City, State)**	**% Professional Time Spent On Site**

f) Board certification type(s) or equivalent. If board certification is pending, indicate the date the exam has been scheduled. If individual has been recertified, **please use that date**.

Certification Type	**Effective Date (MM/DD/YY)**	**Certification Number**

g) Formal Training: List the name of the institution(s) in which pancreas, kidney/pancreas and/or islet cell transplant training (fellowship) was received, including the Program Director(s) names, applicable dates, and the number of transplant and procurement procedures performed. Refer to the Bylaws for the necessary qualifications and descriptions of the required supporting documents listed below unless the individual meets the pathway for post-fellowship experience as described in the requirements:

- A letter from program director verifying that the fellow has met the requirements.
- A log (See Tables 1 & 2) of the transplant and procurement procedures. The log should include a patient identifier/OPTN ID Number, transplant/procurement date and the surgeon's role in the procedure (i.e., primary or 1st assistant). These logs must be signed by the director of the training program.

Date From – To MM/DD/YY	**Institution**	**Program Director**	**# Transplants as Primary**			**# Transplants First Assisted**			**# of Procurements**	
			PA	**KP**	**IS**	**PA**	**KP**	**IS**	**PA**	**KP**
_____ to _____										
_____ to _____										

h) Transplant Experience (Post fellowship):
List the name of the institution(s), applicable dates, and number of pancreas, kidney/pancreas and/or islet cell transplant and procurement procedures performed by the individual at each institution. Refer to the Bylaws for the necessary qualifications and descriptions of the required supporting documents listed below.

- Letter(s) of reference from the program director(s) listed below.
- A log (See Tables 1 & 2) of the transplant and procurement procedures. The log should include a patient identifier/OPTN ID Number, transplant/procurement date and the surgeon's role in the procedure (i.e., primary or 1st assistant).
  The transplant log(s) should be signed by the program director, division chief, or department chair from the program where the experience was gained.

Date From – To MM/DD/YY	**Institution**	**Program Director**	**# Transplants as Primary**			**# Transplants First Assisted**			**# of Procurements**	
			PA	**KP**	**IS**	**PA**	**KP**	**IS**	**PA**	**KP**

i) Summarize how the surgeon's experience fulfills the membership criteria.
(Check all that apply)

Membership Criteria	Yes
1. On site	
2. Certified by the American Board of Surgery, Urology or the equivalent	
3. Two Year Transplant Fellowship	
a. Primary surgeon or 1st assistant on at least 15 pancreas transplants	
b. Primary surgeon or 1st assistant on at least 10 pancreas procurement procedures	
c. Involved in all levels of pre-, peri-, and post-operative patient care within the last 2 years	
d. Training program approved by the Education Committee of the American Society of Transplant Surgeons or UNOS	
4. Experience (Post Fellowship)	
a. Primary surgeon or 1st assistant on 20 or more pancreas transplants over a minimum of 2 years and a maximum of 5 years	
b. Primary surgeon or 1st assistant on 10 or more pancreas procurement procedures	
c. Involved in all levels of pre-, peri-, and post-operative patient care within the last 2 years	
5. Pediatric Pathway	
a. Program serves predominantly Pediatric Patients	
b. Individual has maintained current working knowledge in all aspects of pancreas transplantation and patient care within the last 2 years	
c. Center has petitioned the Membership and Professional Standards Committee for approval under this pathway	
d. A preliminary interview before the Membership and Professional Standards Committee shall be required	

j) Describe in detail the proposed primary surgeon's level of involvement in this transplant program, and if applicable, describe the surgeon's plan for coverage of transplant programs located in multiple transplant centers. (Expand rows below as necessary).

	Describe Level of Involvement
Management of Patients with Diabetes Mellitus	
Recipient Selection	
Donor Selection	
Histocompatibility and Tissue Typing	
Transplant Surgery	
Immediate Post-Operative and Continuing Inpatient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreatic Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreatic Dysfunction	
Long-Term Outpatient Follow-up	

	Describe Level of Involvement
Coverage of Multiple Transplant Centers (if applicable)	
Additional Information:	

k) Describe the proposed primary surgeon's transplant training and experience in the areas listed below. (Expand rows below as necessary).

	Describe Training/Experience
Management of Patients with Diabetes Mellitus	
Recipient Selection	
Donor Selection	
Histocompatibility and Tissue Typing	
Transplant Surgery	
Immediate Post-Operative and Continuing Inpatient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreatic Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreatic Dysfunction	
Long-Term Outpatient Follow-up	
Additional Information:	

Additional Instructions for PART 4B, Section 2: Personnel – Surgical

Complete this section of the application to describe the involvement, training, and experience of any other surgeons participating in the program. **Surgeons must be designated as Additional or Other as described below**.

The Bylaws provide the following definition of Additional Transplant Surgeon:

> *Additional Transplant Surgeons must be credentialed by the institution to provide transplant services and be able to independently manage the care of transplant patients including performing the transplant operation and procurement procedures.*

Surgeons that also support this program but who do not meet the definition of "primary" or additional," should complete this section as well. The type should be indicated as "other."

Duplicate pages as needed.

PART 4B, Section 2: Personnel – Surgical

2. **List Additional/Other Surgeons** (duplicate this section as needed). Provide the attachments listed below:

Check list	Question Reference	Required Supporting Documents
	4B 2a	Current C.V.
	4B 2b	A letter from the Credentialing Committee of the applicant hospital stating that the surgeon meets all requirements to be in good standing. Please provide an explanation of any status other than active/full.
	4B 2c,e,f	A letter from the Surgeon detailing his/her commitment to the program and level of involvement in substantive patient care.

a) Name: _____

For Pancreas Islet Cell transplantation this individual is classified as (Check only one)
___ Additional Surgeon
___ Other Surgeon

b) Date of appointment (MM/DD/YY) at this Facility: _____ To this Program: _____

Does individual have FULL privileges at this hospital?
_____ Yes Provide copy of hospital credentialing letter.
_____ No If the individual does **not** have full privileges, explain why and provide the date the individual will be considered for full privileges. Include an explanation that describes the scope of privileges.

c) Percentage of professional time spent on site: _____% = _____ hrs/week

d) Board certification type(s) or equivalent. If board certification is pending, indicate the date the exam has been scheduled. If individual has been recertified, **please use that date.**

Certification Type	Effective Date (MM/DD/YY)	Certification Number

e) Training (Fellowship): List the name of the institution(s) in which pancreas, kidney/pancreas and/or islet cell transplant training (fellowship) was received including Program Director(s) names, applicable dates, and the number of transplant and procurement procedures the individual performed.

Date From – To MM/DD/YY	Institution	Program Director	# Transplants as Primary			# Transplants First Assisted			# Procurements	
			PA	KP	IS	PA	KP	IS	PA	KP

f) Transplant Experience (Post fellowship): List the name of the institution(s), Program Director(s), applicable dates, and number of pancreas, kidney/pancreas and/or islet cell transplant and procurement procedures performed by the individual at each institution.

Date From – To MM/DD/YY	Institution	Program Director	# Transplants as Primary			# Transplants First Assisted			# Procurements	
			PA	KP	IS	PA	KP	IS	PA	KP

g) Describe the surgeon's level of involvement in this pancreas islet transplant program in the areas listed below. (Expand rows as necessary)

	Describe Level of Involvement
Management of Patients with Diabetes Mellitus	
Recipient Selection	
Donor Selection	
Histocompatibility and Tissue Typing	
Transplant Surgery	
Immediate Post-Operative and Continuing Inpatient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreatic Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreatic Dysfunction	
Long-Term Outpatient Follow-up	
Additional Information:	

h) Describe the surgeon's pancreas islet transplant training and experience in the areas listed below. (Expand rows as necessary)

	Describe Training/Experience
Management of Patients with Diabetes Mellitus	
Recipient Selection	
Donor Selection	
Histocompatibility and Tissue Typing	
Transplant Surgery	
Immediate Post-Operative and Continuing Inpatient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreatic Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreatic Dysfunction	
Long-Term Outpatient Follow-up	
Additional Information:	

PART 4C, Section 1: Personnel – Medical – Primary Physician

1. **Primary Islet Cell Transplant Physician.** Refer to the Bylaws for necessary qualifications. Provide the attachments listed below.

Check list	Question Reference	Required Supporting Documents
	4C 1a	Current C.V.
	4C 1c	Letter from the Credentialing Committee of the applicant hospital stating that the physician meets all requirements to be in good standing. Please provide an explanation of any status other than active/full.
	4C 1d,g,h	Letter from the Physician detailing his/her commitment to the program; level of involvement with substantive patient care; and summarizing their previous transplant experience.
	4C 1g	Formal Training: A letter from training director verifying that the fellow has met the requirements
	4C 1g	Formal Training: A letter from supervising qualified pancreas transplant physician verifying that the fellow has met the requirements
	4C 1g	Formal Training: A log (See Table 3) of the transplant recipients followed.
	4C 1h	Transplant Experience: A letter from qualified transplant physician and/or pancreas transplant surgeon directly involved with the individual verifying that the individual has met the requirements
	4C 1h	Transplant Experience: A log (See Table 3) of the transplant recipients followed.
	4C	Other Letters of Recommendation (Reference)
	5a	Letter(s) of recommendation from person(s) named as primary physician and program director attesting to the individual's overall qualifications to act as primary physician and addressing the individual's personal integrity, honesty, familiarity with and experience in adhering to OPTN requirements and compliance protocols, and other matters as deemed appropriate

a) Name:_____

b) Is this individual presently designated as the OPTN primary pancreas transplant physician for the pancreas transplant program? _____ Yes _____ No.
- If Yes, supply the first 3 documents and the final document requested above and answer question "j".
- If no, complete questions "c" – "l".

c) Date of Appointment (MM/DD/YY): Facility: _____ To this position: _____

Does individual have FULL privileges at this hospital?
_____ Yes Provide copy of hospital credentialing letter.
_____ No If the individual does **not** have full privileges, explain why and provide the date the individual will be considered for full privileges. Include an explanation that describes the scope of privileges.

d) Percentage of professional time on site: _____% = _____ hrs/week

e) List below other hospitals, health care facilities, and medical group practices and percentage of professional time spent on site at each facility:

Facility	Type	Location (City, State)	% Professional Time Spent On Site

f) Board certification type (s) or equivalent. If board certification is pending, indicate the date the exam has been scheduled. If individual has been recertified, **please use that date.**

Certification Type	Effective Date (MM/DD/YY)	Certification Number

g) Training (Fellowship): List the program(s) in which pancreas, kidney/pancreas, and/or islet cell transplant training was received, including name of institution(s), Program Director(s) names, applicable dates, and the number of transplant patients for whom the physician provided substantive patient care (pre-, peri- and post-operatively from the time of transplant).

Refer to the Bylaws for the necessary qualifications and descriptions of the required supporting documents listed below unless the individual meets the pathway for post fellowship experience as described in the requirements.

- Letters from the Director of fellowship training program and the supervising qualified pancreas transplant physician verifying that the fellow has met the requirements.
- A recipient log (See Table 3) that includes the date of transplant, the patient's medical record and/or OPTN ID number. This log must be signed by the director of the training program and/or primary transplant physician at that transplant program.

Date From To mm/dd/yy	Institution	Program Director	# Pancreas Patients Followed			# Kidney/Pancreas Patients Followed			# Islet Patients Followed		
			Pre	Peri	Post	Pre	Peri	Post	Pre	Peri	Post

h) Experience (Post fellowship only): List the name of the institution(s), Program Director(s), applicable dates, and number of pancreas, kidney/pancreas, and/or islet cell transplants performed at the institution for whom the Transplant Physician accepted primary responsibility for substantive patient care (pre-, peri-, and post-operatively from the time of transplant). Refer to the Bylaws for the necessary qualifications and descriptions of the required supporting documents listed below.

- Supporting letter(s) from the qualified transplant physician and/or the pancreas transplant surgeon who has been directly involved with the individual
- A recipient log (See Table 3) that includes the date of transplant, the patient's name and/or OPTN ID number. This log should be signed by the program director, division chief, or department chair from the program where the experience was gained.

Date From To mm/dd/yy	Institution	Program Director	# Pancreas Patients Followed			# Kidney/Pancreas Patients Followed			# Islet Patients Followed		
			Pre	Peri	Post	Pre	Peri	Post	Pre	Peri	Post

i) Training/Experience. Describe how the physician fulfills the requirements for participation as an observer in three organ procurements and three pancreas transplants, as well as observing the evaluation of the donor and donor process, and management of at least 3 multiple organ donors that include the pancreas.

- Provide a log (See Table 4) of these cases that includes the date of procurement, medical record ID number and/or OPTN ID number, and the location of the donor.
- If these requirements have not been met, submit a plan explaining how the individual will fulfill them.

Date From To mm/dd/yy	Institution	# of PA Procurements Observed	# of PA Transplants Observed	# of PA Donors/ Donor Process	# of Multi-Organ Donors Observed Mgmt.

j) Summarize how the Transplant Physician's experience fulfills the membership criteria for membership. (Check all that apply)

Membership Criteria	Yes
1. On site	
2. M.D., D.O. or equivalent degree	
3. Certified by the American Board of Internal Medicine, Pediatrics or the equivalent in:	
a. Nephrology	
b. Endocrinology	
c. Diabetology	
4. Achieved eligibility in:	
a. Nephrology	
b. Endocrinology	
c. Diabetology	
5. Direct involvement in pancreas transplant patient care within the last 2 years	
6. One year of specialized training in pancreas transplantation during fellowship	
a. Involved in primary care of 8 or more pancreas transplant recipients for a minimum of 3 months from the time of their transplant	
b. Observed 3 procurement procedures and 3 pancreas transplants	
c. Observed the evaluation of the donor and donor process, and management of at least 3 multiple organ donors which include the pancreas	
d. Fellowship training program accredited by the RRC-IM	
7. 12-month Transplant Medicine Fellowship	
a. Involved in primary care of 8 or more pancreas transplant recipients for a minimum of 3 months from the time of their transplant	
b. Observed 3 procurement procedures and 3 pancreas transplants	
c. Observed the evaluation of the donor and donor process, and management of at least 3 multiple organ donors which include the pancreas	
d. Didactic curriculum approved by the RRC-IM	
8. Experience in pancreas transplantation	
a. 2-5 years experience on an active pancreas transplant service	
b. Involved in primary care of 15 or more pancreas transplant recipients for a minimum of 3 months from the time of their transplant	
c. Observed 3 procurement procedures and 3 pancreas transplants	
d. Observed the evaluation of the donor and donor process, and management of at least 3 multiple organ donors which include the pancreas	

Membership Criteria	Yes
9. Pediatric Pathway	
a. Program serves predominantly pediatric patients	
b. Individual has maintained current working knowledge in all aspects of pancreas transplantation and patient care within the last 2 years.	
c. Center has petitioned the Membership and Professional Standards Committee for approval under this pathway	
d. A preliminary interview before the Committee shall be required	
10. Conditional Pathway – ***Only available to Existing Programs***	
a. Qualifying by virtue of training	
i. Involved in the primary care of 5 or more pancreas transplant recipients for a minimum of 3 months from the time of their transplant	
b. Qualifying by virtue of acquired clinical experience	
i. Involved in the primary care of eight or more pancreas transplant recipients for a minimum of 3 months from the time of their transplant	
ii. Has acquired experience equal to 12 months on an active pancreas transplant service over a maximum of 2 years	
c. Consulting relationship established with counterparts at another UNOS member transplant center approved for pancreas transplantation (include letter of support)	

k) Describe in detail the proposed primary transplant physician's involvement in the management of patients in this program and, if applicable, their plan for coverage of multiple transplant centers. (Expand rows as necessary).

Areas of Involvement in This Program	Description
Management of Patients with End Stage Pancreas Disease	
Candidate Evaluation Process	
Donor Selection	
Recipient Selection	
Histocompatibility and Tissue Typing	
Immediate Post-Operative Patient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreas Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreas Dysfunction	
Long-term Outpatient Follow-up	
Coverage of Multiple Transplant Centers	
Additional Information	

l) Describe the proposed primary physician's transplant training and experience in the areas listed below. (Expand rows as necessary)

Training and Experience	**Description of Individual's current working knowledge in the these areas**
Management of Patients with End Stage Pancreas Disease	
Candidate Evaluation Process	
Donor Selection	
Recipient Selection	
Histocompatibility and Tissue Typing	
Immediate Post-Operative Patient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreas Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreas Dysfunction	
Long-term Outpatient Follow-up	
Additional Information	

Additional Instructions for PART 4C, Section 2: Personnel – Physicians

Complete this section of the application to describe the involvement, training, and experience of other physicians associated with the program. **Physicians must be designated as Additional or Other as described below**.

The Bylaws provide the following definition of Additional Transplant Physician:

> *Additional Transplant Physicians must be credentialed by the institution to provide transplant services and be able to independently manage the care of transplant patients.*

Physicians that also support this program but who do not meet the definition of "primary" or "additional," should complete this section of the application. The type should be indicated as "other."

Duplicate pages as needed

PART 4C, Section 2: Personnel – Physicians

2. **List Additional/Other Physicians** (Duplicate this section as needed). Refer to the Bylaws for the necessary qualifications and descriptions of the required supporting documents listed below.

Check list	Question Reference	Required Supporting Documents
	4C 2a	Current C.V.
	4C 2b	A letter from the Credentialing Committee of the applicant hospital stating that the physician meets all requirements to be in good standing. Please provide an explanation of any status other than active/full.
	4C 2c,e,f	A letter from the Physician detailing his/her commitment to the program and level of involvement in substantive patient care.

a) Name: _____

For Pancreas Islet Cell transplantation this individual is classified as (Check only one)

___ Additional Surgeon
___ Other Surgeon

b) Date of Appointment (MM/DD/YY): Facility: _____ To this position: _____

Does individual have FULL privileges at this hospital?

_____ Yes Provide copy of hospital credentialing letter.
_____ No If the individual does **not** have full privileges, explain why and provide the date the individual will be considered for full privileges. Include an explanation that describes the scope of privileges.

c) Percentage of professional time spent on site: _____% = _____ hrs/week

d) Board certification type(s) or equivalent. If board certification is pending, indicate the date the exam has been scheduled. If individual has been recertified, **please use that date.**

Certification Type	Effective Date (MM/DD/YY)	Certification Number

e) Training (Fellowship): List the program(s) in which pancreas, kidney/pancreas, and/or islet cell transplant training was received, including name of institution(s), Program Director(s) names, applicable dates, and the number of transplant patients for which the physician provided substantive patient care (pre-, peri- and post-operatively from the time of transplant).

Date From To mm/dd/yy	Institution	Program Director	# Pancreas Patients Followed			# Kidney/Pancreas Patients Followed			# Islet Patients Followed		
			Pre	Peri	Post	Pre	Peri	Post	Pre	Peri	Post

f) Transplant Experience (Post fellowship only): List the name of the institution(s), Program Director(s), applicable dates, and number of pancreas, kidney/pancreas, and/or islet cell transplants performed at the institution for whom the Transplant Physician accepted primary responsibility for substantive patient care (pre-, peri-, and post-operatively from the time of transplant).

Date From To mm/dd/yy	Institution	Program Director	# Pancreas Patients Followed			# Kidney/Pancreas Patients Followed			# Islet Patients Followed		
			Pre	Peri	Post	Pre	Peri	Post	Pre	Peri	Post

g) Describe in detail the transplant physician's involvement in this islet cell transplant program. (Expand rows as necessary)

Areas of Involvement in this program	**Description**
Management of Patients with End Stage Pancreas Disease	
Candidate Evaluation Process	
Donor Selection	
Recipient Selection	
Histocompatibility and Tissue Typing	
Immediate Post-Operative Patient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreas Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreas Dysfunction	
Long-term Outpatient Follow-up	
Additional Information	

h) Describe the physician's transplant training and experience in the role of transplant patient management in the areas listed below. (Expand rows as necessary).

Training and Experience	**Description**
Management of Patients with End Stage Pancreas Disease	
Candidate Evaluation Process	
Donor Selection	
Recipient Selection	
Histocompatibility and Tissue Typing	
Immediate Post-Operative Patient Care	
Post-Operative Immunosuppressive Therapy	
Differential Diagnosis of Pancreas Dysfunction in the Allograft Recipient	
Histologic Interpretation of Allograft Biopsies	
Interpretation of Ancillary Tests for Pancreas Dysfunction	
Long-term Outpatient Follow-up	
Additional Information	

PART 5: Certification of Investigation

The Bylaws state that "***Each primary surgeon or primary physician*** *listed on the application as a part of the plan for* ***who shares coverage responsibility*** *shall submit an assessment, subject to medical peer review confidentiality requirements and which follows guidelines provided in the application and is satisfactory to the MPSC, of* ***all physicians and surgeons*** *participating in the program regarding their involvement in prior transgressions of UNOS requirements and plans* ***to ensure that the improper conduct is not continued."*** *(Emphasis added)*

a) This hospital has conducted its own peer review of all surgeons and physicians listed below to ensure compliance with applicable OPTN/UNOS Bylaws.

Names of Surgeons*

Names of Physicians*

b) If prior transgressions were identified, has the hospital developed a plan to ensure that the improper conduct is not continued? ____ Yes ___ No ___ Not Applicable

c) What steps will be/were taken to correct the prior improper conduct or to ensure the improper conduct is not repeated in this program? Provide a copy of the plan.

I certify that this review was performed for each named surgeon and physician according to the hospital's peer review procedures.

Signature of Primary Surgeon: Date:

Print name:

Signature of Primary Physician: Date:

Print name:

* Expand rows as needed.

Part 6: Supporting Personnel

1. Provide documentation that verifies that the program has a collaborative relationship with a physician qualified to cannulate the portal system under direction of the transplant surgeon.

   Name of designated physician: _____

   Provide the following supporting documentation:

Check list	Required Supporting Documents
	Current C.V.
	A letter from the Credentialing Committee of the applicant hospital that states that the physician is qualified to perform this procedure and has privileges to practice in this hospital. Please provide an explanation of any status other than active/full.
	A letter from the physician detailing his/her level of commitment to the program.

2. Describe the program's access to the personnel listed below. Include the individual's name, and if they are on site or not. (Adequate access is defined by an agreement of affiliation with counterparts at another institution who employ individuals with the expertise described below). Provide a letter of commitment/support from each individual listed.

   a) Board-certified endocrinologist

      Name: _____

      Percentage of time on site: _____

      Provide the following supporting documentation:

Check list	Required Supporting Documents
	Current C.V.
	A letter from the Credentialing Committee of the applicant hospital that indicates if the physician has privileges to practice in this hospital. Please provide an explanation of any status other than active/full.
	A letter from the physician detailing his/her level of commitment to the program and involvement with substantive patient care.

   b) A physician, administrator, or technician with experience in compliance with FDA regulations.

      Name: _____

      Percentage of time on site: _____

      Provide the following supporting documentation:

Check list	Required Supporting Documents
	Current C.V.
	A letter from the physician detailing his/her level of commitment and experience.

c) A laboratory-based researcher with experience in pancreatic islet isolation and transplantation.

Name: _____

Percentage of time on site: _____

Provide the following supporting documentation:

Check list	Required Supporting Documents
	Current C.V.
	A letter from the physician detailing his/her level of commitment and experience.

Part 7: Programs not Located at an Approved Pancreas Transplant Center

A program that meets all requirements for a pancreatic islet transplant program set forth in the Bylaws, including, without limitation, requirements applicable generally for membership and without regard to organ specificity, with the sole exception that the program is not located at a medical center approved under the Bylaws to perform whole pancreas transplantation, may nevertheless qualify as a pancreatic islet transplant program.

A preliminary interview with the Membership and Professional Standards Committee is required for programs seeking approval under this pathway.

Please provide the following additional documentation to demonstrate that this program can qualify for approval under this pathway.

1. Provide documentation of an affiliation relationship with an OPTN approved pancreas transplant program, including on site admitting privileges at this applicant hospital for the primary whole pancreas transplant surgeon and physician.

   a) Name of Affiliated Center: _____

   b) Name of designated surgeon: _____

   Percentage of time on site: _____

   Provide the following supporting documentation for this surgeon:

Check list	Required Supporting Documents
	Current C.V.
	A letter from the Credentialing Committee of the applicant hospital that states that the surgeon has on site admitting privileges. Please provide an explanation of any status other than active/full.
	A letter from the surgeon detailing his/her level of commitment to the program and involvement with substantive patient care.

   c) Name of designated physician: _____

   Percentage of time on site: _____

   Provide the following supporting documentation:

Check list	Required Supporting Documents
	Current C.V.
	A letter from the Credentialing Committee of the applicant hospital that states that the physician has on site admitting privileges. Please provide an explanation of any status other than active/full.
	A letter from the physician detailing his/her level of commitment to the program and involvement with substantive patient care.

2. Provide documentation that demonstrates the availability of qualified personnel to address pre-, peri-, and post-operative care issues regardless of the treatment option ultimately selected.

3. Provide a copy of the written protocols that demonstrate the program's commitment and ability to counsel patients regarding all their options for appropriate medical treatment for diabetes.

Part 8: OPTN Staffing Report

PANCREAS ISLET TRANSPLANT PROGRAM

Member Code:	Name of Hospital:	
Main Program Phone Number	Main Program Fax Number:	Hospital URL: http://www
Toll Free Phone numbers for Patients: Hospital #: Program #:		

Answer the questions below for this transplant program. Since this information will be used to update UNET[sm] and the Membership Directory, make sure to include the best (most accurate) telephone number and address for each person. Use additional pages as necessary.

Identify the **Transplant Program Medical and/or Surgical Director(s)**:

Name	**Address**	**Phone**	**Fax**	**Email**

The **surgeons** who participate in this transplant program are:

Name	**Address**	**Phone**	**Fax**	**Email**

The **physicians** (internists) who participate in this transplant program are:

Name	Address	Phone	Fax	Email

Identify the **Hospital Administrative Director/Manager** who will be involved with this program: **Use an * to indicate** which individual will serve as the primary Transplant Administrator if more than one.

Name	Address	Phone	Fax	Email

Identify the **Financial Counselor(s)** who will be prominently involved with this program:

Name	Address	Phone	Fax	Email

The **clinical transplant coordinators** who participate in this transplant program are:

Name	Address	Phone	Fax	Email

List the **data coordinators** for this transplant program below. **Use an * to indicate** which individual will serve as the primary data coordinator.

Name	Address	Phone	Fax	Email

Identify the **Social Worker(s)** who will be prominently involved with this program:

Name	Address	Phone	Fax	Email

Identify the **Pharmacist (s)** who will be prominently involved with this program:

Name	Address	Phone	Fax	Email

Identify the **Director of Anesthesiology** who will be prominently involved with this program:

Name	Address	Phone	Fax	Email

Identify the **Designated FDA Regulations Expert(s)** who will be prominently involved with this program

Name	Address	Phone	Fax	Email

Identify the **Designated Laboratory based Researcher** who will be prominently involved with this program:

Name	Address	Phone	Fax	Email

PART 9A: Reporting: Islet Cell Transplants Performed by Center **Center Code _____**

Once approved the program must submit data to UNOS through use of standardized forms. Data requirements include submission of information on all deceased and living donors, potential transplant recipients, and actual transplant recipients. Pending development of standardized data forms for pancreatic islet transplantation, the program must provide patient logs to UNOS every six months and on an annual basis, reporting transplants performed, by patient name, social security number, date of birth, and donor identification number, as well as whether patient is alive or dead, and whether the pancreas was allocated for islet or whole organ transplantation. The logs shall be cumulative.

Islet Cell Transplants Performed by Center (to date) – sort by Patient ID, then by transplant date.

#	Date of Transplant	Pt. Name	SSN	Date of Birth	Donor ID Number(s)	Pt. Status Alive/deceased	Pancreas allocated for Islet or whole organ

Part 9B Report – Pancreas Allocation

Center Code: _____

For each donor pancreas allocated to the program for islet transplantation, the program must report to UNOS whether the islets were used for clinical islet transplantation and, if not, why and their ultimate disposition, together with such other information as requested on the Pancreatic Islet Donor Form.

(*List in date order)*

TABLE 4 Primary Physician Log (2) (Sample)
(Header should include the following information. Cases should be listed in date order)

Organ	
Name of Proposed Primary Physician:	
Name of hospital where transplants were performed:	
Date range of surgeon's appointment/training: MM/DD/YY TO MM/DD/YY	

In the tables below document how the physician fulfills the requirements for participation as an observer in organ procurements and transplants, as well as observing the selection and management of at least 3 multiple organ donors that include the organ for which application is being submitted. List cases in date order.

Procurements Observed

#	Date of Procurement	Medical Record/ OPTN ID #	Location of Donor (Hospital)
