The National Recreational Boating Survey

This telephone survey targets all boating households¹ whether they own a recreational vessel or not. It collects data about registered and unregistered recreational vessels, and is to be conducted only in states where mailing lists of registered boat owners are not available for a state wide mail survey.

Hello. My name is _____.

I am calling to invite you to participate in a survey that is being conducted by [contractor name] for the U.S. Coast Guard. The purpose of this survey is to find out about people's recreational boating experiences and to improve the effectiveness of boating safety programs.

Are you a person 16 years of age or older who resides in a U.S. household?

If no, ask: May I please speak with such a person who lives with you?

If no such person is home, say: Thank you for your time. Good-bye. ...and end the call.

If another person comes on the line, begin at the top with, "Hello..."

If yes, ask: Are you willing to give me about 20-25 minutes of your time to participate in this survey? It does not matter if you have never participated in recreational boating or have never owned a recreational watercraft. It is important that non-boaters also participate in this study.

If no, say: Thank you for your time. Good-bye. ...and end the call.

If yes, continue below...

By responding to this survey, you are playing an important role in helping the U.S. Coast Guard improve boating safety and the quality of boating experiences across the country. If you have never participated in recreational boating or have never owned a recreational watercraft, the survey will skip you past the questions that do not apply to you.

Your responses to this survey will be kept completely confidential and will only be reported in combination with the responses of others. Your privacy will be protected to the maximum extent allowable by law, and your name will not be given to the U.S. Coast Guard or any other organizations.

Thank you very much for agreeing to participate in this important study. *Begin the survey...*

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number.

¹ A boating household is a household with at least one member who participated in any recreational boating activity or not during the year 2007.

YOUR PARTICIPATION IN RECREATIONAL BOATING DURING 2007

We would first like to ask about your participation in recreational boating. Recreational boating includes use of any boat owned by you, someone else, or a rented or chartered boat that does not include a captain or crew. Being a passenger on a ferry, tour or cruise ship, or any other commercial boat is not considered to be participation in recreational boating and should not be included in your responses to the following questions.

1. Did you participate in recreational boating during 2007?

Yes

No → (Skip to question 3.)

2. How many days during 2007 did you boat on board all boats that you own, boats owned by others, or boats that you rented?

Number of days: _____

(Skip to question 4.)

3. Have you ever participated in recreational boating as an adult or as a child?

Yes → (Skip to question 12.)

No → (Skip to question 12.)

PARTICIPATION ON VARIOUS TYPES OF BOATS AND IN BOATING ACTIVITIES

4. We are interested in obtaining information about individuals who own recreational boats. Recreational boats include all types of: airboats, auxiliary sailboats, cabin motorboats, canoes, kayaks, houseboats, inflatables, open motorboats, personal watercraft, pontoon boats, rowboats, sail only boats, and others.

On/in which types of recreational boats did you go out on the water during 2007? (Interviewer: Read the options; then prompt for the next two questions as needed.) Which of those boats did you personally operate, paddle, or row? And how many days did you go out on the water on board each of those boats during 2007?

Types of recreational boats	Boated on/in during 2007	Operated, paddled, or rowed during 2007	Number of days on the water during 2007
